Hardscaping Expertise

Hardscaping is essential for creating structural elements within a landscape that enhance both utility and beauty. Our expertise includes constructing brick retaining walls in Northbrook which not only serve practical purposes but also create visually appealing landscapes.

When considering hardscapes around Arlington Heights or Lake Forest, we pay attention to details like drainage solutions which prevent water pooling or erosion issues over time. This foresight ensures longevity of structures while maintaining their visual impact.

Regular maintenance is vital for a beautiful lawn year-round. Our lawn care service ranges from weekly lawn mowing in Chicago to seasonal treatments like aeration in Deerfield. We customize our approach based on each client's specific needs—whether they require resodding services near them or routine garden maintenance.

The health of your lawn directly affects overall landscape appearance; therefore sustained care ensures lush greenery thrives through every season.

Vegetable Gardening Services

For those interested in home gardening, we offer comprehensive vegetable gardening services that guide you through selecting plants suited for Chicago's climate while maximizing yield based on available space. Our vegetable garden consultation provides insights into optimal planting times as well as ongoing maintenance tips tailored specifically for your garden setup.

The Process Behind Our Projects

Understanding how we approach projects can help alleviate concerns about timelines or budgets. Upon engaging with R and O Landscaping:

1. **Consultation:** We begin with an initial meeting where we discuss your vision, budget constraints, timeline expectations.
2. **Design Proposal:** After assessing the area thoroughly using measurements and photographs taken during the consultation phase along with any necessary permits required by local authorities if applicable—we present a comprehensive design proposal complete with estimated costs.
3. **Implementation:** Once approved by you—the fun part begins! Our dedicated teams work efficiently across multiple trades (landscape architects & hardscape contractors) ensuring smooth transitions between phases until completion.
4. **Maintenance Plans:** Post-project completion we offer tailored maintenance plans designed specifically around sustaining new investments made during landscaping efforts.

This structured yet flexible approach allows us room for creativity while delivering results aligned perfectly with client expectations.
