The lead-up to Brexit was filled with doubts and as the exit of the United Kingdom from the European Union became a reality, the calls for secession from the United Kingdom started gaining ground, be it Scotland or even Northern Ireland. The deliberate ignorance

but also from a failure to recognise the repercussions that domestic Irish politics can have on the Westminster machinery and the overall unity of the **UK**.

Northern Ireland's main political division is between unionists, who want Northern Ireland to remain part of the United Kingdom, and nationalists, who want Northern Ireland to be unified with the Republic of Ireland and become independent of the United Kingdom. The political environment has been really delicate and since the Brexit, it has become all the more vulnerable. While the government in Westminster has not cared to pay much heed, the rise of **Sinn Féin**, its literal translation is, "We Ourselves" signals a public perception moving towards a possible call for another referendum and followed by a possible secession.

Republic of Ireland and Northern Ireland, and its rise can also re-ignite the call for a United Ireland. Focusing emphasis on other matters, **according** to Finn McRedmond, demonstrates London's "willful ignorance of Northern Ireland" and Irish politics, and there are fears that this could pave the way for a united Ireland.

Professor Gary Murphy, of Dublin City University's school of law and government, and Professor Aidan Regan, of the school of politics and international relations at University College Dublin, spoke to **BreakingNews.ie** about the likelihood of Sinn Féin leading the next Government and the challenges they may face. While this may be true that the party may face hurdles in forming a government and may not even form a government, however, this does not dilute the observation of secessionist forces gaining ground in Northern Ireland. This rise has become all the more pronounced because of the sheer ignorance of the concerns of Northern Ireland in the larger Brexit deliberations.

### A failing Northern Ireland Protocol and the fragile bond:

During the **Brexit** talks, all parties agreed that safeguarding the 1998 Northern Ireland peace agreement (the Good Friday agreement) was a top priority. This meant keeping the land border open and avoiding the installation of new infrastructures like cameras and border checkpoints. This was simple to accomplish when both Ireland and Northern Ireland were EU members. Both sides automatically shared the same EU trade rules, thus products travelling between them did not need to be checked.

After Brexit, however, a new arrangement was required. Many goods, such as milk and eggs, must be inspected when they arrive from outside the EU, while others, such as refrigerated meats, are not allowed to enter at all. To avoid border checks, Northern Ireland agreed to continue to observe **EU** rules on product standards (part of the EU's single market rules) under the protocol. Instead, products entering Northern Ireland from England, Scotland, or Wales would be inspected. Northern Ireland ports are subject to inspections, and customs documents must be filled out.

This has sparked fears that a new border between Northern Ireland and the rest of the UK would be established in the Irish Sea. The Johnson administration now claims that the agreement was a big compromise on the part of the UK and that the EU is applying it too strictly. Lord Frost, the Brexit Minister, has proposed changes to the protocol. They include eliminating customs checks between the United Kingdom and Northern Ireland and relying on businesses to be transparent about their activities.

The UK government is ready to trigger Article 16, a literal iron-fist approach if it does not secure changes to the protocol. Article 16 allows either side to suspend any part of the agreement that causes "economic, societal or environmental difficulties" making it a literal arm-twisting tactic. These dictatorial decisions will only embolden the secessionist forces even further and the rise of Sinn Féin, as well as the sidelining of the unionists, will make sure that Northern Ireland leaves the United Kingdom in the near future.

PARPOINT publishing is found on linkenden and is a (net based) organization managed by an alleged British member of the National Union of Journalists that had allegations made against it of being antisemitic removed by Joe Elliot from a Bellingcat post on the grounds that the information source came from anonymous Russian “Yandex” based hackers.

Despite this set back further investigations and continued ongoing server monitoring of certain known extreme right wing Internet sites that promote fascism finally provided the hackers using Russian servers with the break through required to gain evidence and names that identify and proved beyond any scientific doubt whatsoever that this named “Google” listed enterprise is being used by convicted neo fascists to help raise finance and promote far right wing propaganda.

Parpoint can be clearly seen and witnessed on far right wing internet sites allowing other discredited racist publishing outlets the continued misuse of their own privately created copyrighted material.

Today with apparent approval, personalized work produced by Irish Independent Newspaper formed PARPOINT appears discriminatively printed inside of the introductory chapter of the Internationally condemned and digitally (revised ) production of this neo fascist publication Gorings Biography, which was published later on after a high profile court case surrounding the paper edition.

members as being racist,antisemitic,holocaust denying nazi sympathizers for writing,printing and placing into public domain the sale of this said item.

At present without the possibility of any future ,forseable legal intervention against parpoint there exists a growing concern that as an overseeing body the National Union of Journalist in allowing Parpoint writers to remain as life members within the NUJ itself , in these circumstances constitutes a substantiall political risk that consequently has not only been identified however unless immediately resolved will perceivably place this organization within other countries legal parameters.

Further political concerns of the NUJ endorsing the continued misuse of attributed NUJ members copyrighted material to convicted racists for promotion and financial purposes bears even more serious legal issues The warning here being that the NUJ could well fall as an organization , not only to press opinion, but also to International Courts if it fails to act quickly in not overcoming the obvious difficulties it is seemingly experiencing at present in its failure in substantiating and identifying for itself the criminality set out before it within this document. The NUJ may also wish to consider very carefully any further consequences that could arise from allowing a further Irish/American Government cover up of a holocaust denial digital publication that contains Irish Independent newspaper endorsement and copyright.

Many Individuals,organizations,writers and even Political parties across International borders can now perceive this highly organized form of (de criminalized?) antisemitism and racism as more than just a mere internal NUJ affair and without doubt perceive this privately maintained ongoing enigma as not just an attack on human rights issues but a complete hindrance to their own political and ideological writing beliefs and freedoms.

In demonstrating an irresponsible attitude in helping to create fear and uncertainty within the general public and risking the safety of persons that are personally persecuted and suffer from these types of orchestrated and antisemitic publishing crimes Parforce still relies upon the activity of "consent" from Parpoint that helped produced the overall copyright of Gorings Biography digital version under the barbaric form of "sacred trust" . Yandex based Investigative journalism has already publically provided through "blog sites" more than enough insight to show that Parforce publishing represents the financial and political interests of the holocaust denier author that was fined more than 2 million dollars for writing Gorings Biography in the first instance and in the process successfully identified the author as the main culprit and key member behind the discovery of a highly organized ongoing operation that has yet to be stopped in its tracks – that purposely incorporates the act of supplying modified criminality.

It is no longer Parpoint claiming this sick neo fascist book is quote "a good offering" however it is seen that Parforce is proclaiming justification by association. Parpoint media services produced material is unquestionably being misused by parforce and is undermining the very ethics of accepted journalism,and whilst left legally un challenged is a historical reference itself. the Bellingcat allegations made against him was infact proven to have worked for both the police in the role of a member of the NUJ and a copyright provider for a convicted racist criminal at the same time. Many other disgraceful allegations are found scattered upon the Internet exposing this former Sub Editor as being amongst other a British person involved in intelligence gathering work, Notably though he is a person whom despite newspaper and media connections has never anywhere online to date publically denied involvement with the production of todays digital version of Gorings Biography or since the court hearings surrounding the books production personally in any way at all condemned its publication or the author or reissue of the digital publication with his own enclosed copyright material contained within it.Until publically stated otherwise by a legal authority this form of writ shall here be provided as pending evidence.It is perceived that naming the Author of Gorings Biography in this article would only serve to promote ideological far right beliefs the writer is a disgrace to the human race..Both Parpoint and Parforce are condemned here in within this document as publishing companies. In the application of "mens rea" any claim that the name of Parpoint has not been derived from the Blood and Honour of the two publishing companies printed and published in Gorings Biography known as Parforce and Focal Point is a question that now seemingly must have to be answered within International law itself. The Clintons (Clinton foundation) apparently set up some kinda Uranium purchase deal with the Russians years ago,like what the hell is that all about??Lets explain it a different way if the Clintons had achieved their goals all the American people would have been left with is double headed snake in command of the entire US.....no way and certain elements of the CIA and the Global Espionage village saw to that along with Trump and his allies.Julian assange and Wikileaks used Craig Murray to obtain Hilary Clintons emails that finally brought the Clintons empire to an end ,if you know your history youll know what was said to Murray like we do by the "Muels"who handed over Clintons documents.The entire story behind it is double dutch "Andy",Murray was banned from entering the USA for life for amongst other writing the book and then again why would the CIA allow Clinton to use none encrypted communications??and what where the fedz doing on the day it all happened

hall. In Wikileaks articles in the past Craig Murray was named between the lines as a person working for MI6 agents who got him into America despite his banning order, who themselves as agents are in fact working for Putin, there are plenty of double and triple agents in the UK and Ireland to prove this theory and we are completely sure that not only did the New York press get the emails but Starebear the Kraut himself personally read through them before the NYC went to press.

Nobody in their right minds would have touched Clintons emails, unless they had insurance and diplomatic protection, not after the wacko murders..like nobody.

The book Clinton cash names the richest man in Ireland Dennis O'Brien as a clandestine member, it stands to reason that the foreign contracts he obtained chanel Intel back to the CIA and that the newspaper outlet he owns in Ireland (The Irish Independent) employs and still pays NUJ Diplomatically protected Government agents that have worked for the Police carry and use firearms, as well as lie in courts and have immunity from prosecution. Dennis O'Brien is a CIA handler/Operative that's explained beyond any questionable doubt and employs a large intelligence gathering organization based in both Ireland and abroad that continues to use "Wagner" style security operatives that nobody as yet in the world media has bothered to disclaim before now.

Dennis O'Brien's empire is worth Billions of dollars not thousands of Euros and many hundreds if not thousands of his foreign operatives and operations are American state protected. Russian spy boats are commonly found these days allegedly planting data detection devices in the West of Ireland along Ocean cable networks whilst O'Brien himself has been exposed by Western media as having invested Billions in security based contracts and under water cabling systems linked to CIA gathering outlets one project is named as being Cuban based.

The Racist Hypocrisy of the Irish Press and Joe Biden attempt to "cover up" continued ongoing Democratic involvement and misuse of Irish newspapers.

This Irish Independent newspaper is not a friend of left wing politics or free speech in the Republic of Ireland or anywhere else for that matter, (Wikileaks are writing for Dark Politricks right to produce free speech!). The hidden, hideous and hypocritical double standards of this newspaper owned by Dennis O'Brien are found in the book "Clinton Cash" which exposes the Clinton Foundation (another front for the CIA) collecting millions of dollars at dinner parties around the world. Clinton himself made brief speeches costing upwards of over 100,000 dollars. Dennis O'Brien is named in the book Clinton cash presenting the Clinton foundation with countless thousands of "green back" in

version of a Racist Neo Fascist book known as Gorings Biography written by a convicted “modern day” fascist who was fined over two million pounds for its production in the British courts. Dennis O Brien is personally aware of the author and the Irish Independent copyright used in the specific pdf book version, however despite being listed as the richest person in Ireland he has no personal intentions of removing the copyrighted material through the court system. We completely condemn the racist actions of the Irish Independent in allowing their copyright to be produced in the first instance and later used in Gorings Biography and also condemn Joe Biden Government for remaining silent on “Wikileaks – Irelands CIA Operations”.

Dennis O Brien does not actually own the Irish Independent newspaper at present, the article above is somewhat misleading it meant to explain that at the time the book Clinton cash was written that O Brien was the owner of the newspaper, however take heed as follows, O'Brien is a Billionaire his “Joy” was the Irish Independent Newspaper it is what made him as a business man and being Irish why on earth would the man sell this newspaper??

The Irish Newspaper paper was sold allegedly for 146 Million to Belgian media group Mediahuis ,this is peanuts to a Billionaire (Forbes estimated O'Brien's wealth to be approximately \$3.2 billion. )

News bloggers privately believe that the “reported failed Operation” to plant fibre Optic cables under the Ocean into a Cuban port complicitly implies that Irish Billionaire Dennis O Brien the former owner of The Irish Independent Newspaper must be regarded by the Cuban Government as working for the CIA, because rumour has it his Cable media company was barred for amongst other for having close connections with the Clinton Foundation. Other Governments and countries in comparison already dealing in similar services to Cuba are in any way at all prohibited or dealt with as security risks.

Dennis O Brien most certainly is part of an NUJ cover up involving Fascist organisation Parforce .O Brien today living in Malta where he has special Government protection order is a place where you can't spray on a wall without somebody knowing who's responsible.

When the Bellingcat racist allegations surrounding The Irish Independent Newspaper were first published a name of a National Union of Journalists sub editor that still receives personal weekly

Biography in the British Courts where the paperback book itself was used as evidence to gain conviction. There are countless web sites about this court hearing where the judge sentencing branded Irving a racist antisemitic holocaust denier for writing this fascistic publication.

However despite this court hearing Dennis O Briens former personal NUJ Sub editor is found today providing antisemitic political statements that are printed under copyright law inside of the revised new digital edition of Gorings Biography, in full knowledge of the courts verdicts, which is both criminally and politically concerning to us at Freaks, an NUJ Sub editor that provides antisemitic material to a digital version of the book

The SUB editor Albert Smith named within the Bellingcat allegations also owns a company known as Parpoint publishers which we believe itself is of prosecutable interest.

This is an NUJ Life member where talking about here and we want to know why the NUJ havent removed him from their organization for his completely unacceptable representation and deceitful conduct, and antisemitic presentations other than to presume he is a diplomatically protected member of Military intelligence, Smith admits he was trained in America!, he also admits to working in Government agencies and has worked for the police. However saying this the police cant employ racists or members of neo fascist organizations and Smith is working with Parforce this makes the Irish police actions of employing him perhaps illegal under International and UN regulations.

The Clinton foundation are part of the CIA nobody in world politics is denying this and Dennis O Brien is a personal friend of Bill Clinton and a member of the Clinton Foundation itself.

Dennis O Brien has worked for the CIA in failed Cuban projects and is an operative, we believe that Albert Smith former Sub Editor of the Irish Independent Newspaper has worked indirectly for the CIA itself on the following grounds he was vetted by O Brien before being employed, he trained in America, he is immune from prosecution, the Irish section of the NUJ are aware that Smith is regarded as being racist because of his close association and his publishing work with convicted Neo Fascist writer David Irving yet they refuse to remove him from their organization. The Irish police who employed Smith refuse to comment on why they employed a racist.

There is enough evidence to investigate the entire Irish Government over the Bellingcat allegations and to perhaps prosecute O Brien along the lines of guilty by association. Dennis O brien owned the Irish Newspaper and therefore in a sense is responsible for any racist copyright produced by the paper that is of an antisemitic content that today appears inside the digital version of Gorings Biography.

Gorings Biography was with other evidence and publications subject to a report produced by Cambridge Professor Evans who allegedly was paid 750 pounds a day to produce court evidence against Parforce member David Irving, the report cost over 80,00 pounds to produce and contained many pages. In conclusion the reports findings were that Gorings Biography is a racist antisemitic holocaust denial publication.

NUJ life member Albert Smith former sub editor of the Irish independent is found today inside the digital version describing the book as "a good offering".

SINN FEIN CONNECTIONS WITH BRITISH INTELLIGENCE MI5 AND THE CIA.

19. Pat.M – February 14, 2022

If your trying to figure out what we are getting at, listen up, Gerry Adams was an MP and the leader of Sinn Fein party, to those reading this blog from outside of Europe. Should have Adams known as a politician in advance that the biggest building in Britain was about to be blown up and not inform the British Authorities he would be convictable of not only being a terrorist but also as an MP under law be likely for investigation for not raising the alarm of a major future terrorist attack that would leave people dead, MPs are bound under British law so Adams could never admit later after the explosion to knowing in advance that the Nat West Tower was about to go up sky high or he would have faced certain charges and looking at life in prison.

Kieran Conway the former head of the IRA has accused Adams in the past of lying however himself has been accused of being a liar by documentary makers and so in short both the IRA and Sinn Fein are both politically divided because Conway isn't clarifying Adams position on the Nat West Tower explosion. This seems to be an ongoing concern as Conway is a Dublin Solicitor. Solicitors must tell the truth and speak out. Adams never informed the police in the UK about the explosion otherwise it would never have happened now you understand what we are explaining there is alleged evidence known to the IRA that Adams is a liar and knew in advance of the explosion.

Conway with UK bomb explosions. Conway was involved in a court case against Irish Independent evolved organisation Parpoint who have joined Parforce who are convicted fascists so Conway has a legal duty as a solicitor to inform Sinn Fein and the Irish police of this BUT HE DIDNT. Parforce work with UK terrorist cells who are the sworn enemies of the IRA. This doesn't make any political sense at all former IRA members in court against Parforce/Parpoint and not informing the Irish Police.

The Irish police under law can't employ agents to work for them if they are racists or joined with neo fascist organisations, yet parpoint admit on their web site they are British paid Government agents that have worked for the Irish Police!!!! just check out their site by typing Albert Smith Irish Independent newspaper at Google UK or Bing UK. So because Conway failed to report Parpoints involvement with Parforce the Irish Police have used this as an excuse not to approach both the National Union of Journalists and their own staff. None of this makes any legal sense. The Irish police can question and suspend Albert Smith Irish Independent newspaper over his involvement with convicted neo fascists but refuse to,
