Am I going down the Google plughole of alternative sites?

Facebook Plugin Might Stop You Reading My Articles

By Dark Politricks

Tonight I did what I used to do when my own server was up and running quite a lot, and that was search on Google for sites that were linking to me.

You can just put site: [sitename] into Google or many other search engines search box and it will return a list of sites that mention the site you have listed.

So I did a search for site: darkpolitricks.com and had a peruse at my leisure to see what BS had been written about me.

Of course I am a Russian Agent that pushes evil ex-commie propaganda on you all, that seems like a given from some of the sites I looked at. It must be due to me not pushing the "lets have a war with Russia" neo-con/neo-liberal line that seems to wash over much of the US governing elite at the moment.

Hey, I admit it. I don't want to burn to a crisp in a nuclear holocaust. I do apologise to any blogger out there that thinks I have a pro-Russian bias. I just don't believe Russia wants a nuclear war, and think you're very stupid if you do want one.

So many sites have had me on lists then their page disappears from the web but I can still prove I am on the list with Wikispooks if you go here to see the PropOrNot list of the most egregious offenders >> <https://www.propornot.com/p/the-list.html>

Here is another site with my site on a list > <https://vigilantcitizenforums.com/threads/websites-like-vc.700/page-2>

However, what really upset me is when I found my name on a list on a 911 conspiracy site such as <http://911blogger.com/news/2016-11-30/list-initial-set-sites-reliably-echo-russian-propaganda>. It is using the same list I found on many other sites claiming I am a "useful idiot" or "Russian Disinfo Agent" just because I do things like stick up for Gaza, tell you the history of CIA drug smuggling, and dare tell the history of the Donbass before the war many MSN Sites believe started with Putin's invasion early 2022.

However, I was writing about 9.11 inconsistencies and conspiracies back in the 2000's when I had free hosting at my company. Here are some articles, forget the dates, I have been moved from hosting company to server so many times they are meaningless.

Unfortunately, I posted an article on my site about a Russian missile called the sunbeam or sunburst or something I believe. It was a missile that could beat all US Aircraft carrier defences and one that skimmed across the ocean inches from the sea at Mach 2 to avoid detection. The US had tried to buy some from Russia but was refused only for Russia to sell some to China.

About Dark Politricks

Dark Politricks is a site dedicated to investigating the dark side of politics including corruption, propaganda, the police state, war on terror, the intelligence services and their misdeeds, false flag attacks and much more. The site also promotes free speech, internet freedom and justice for all people. For an overview of my beliefs and political leanings [please read this article](#).

Whereas the old site was also an information clearing house on top of my own work this blog is purely pieces I have put together myself.

Please help me continue my work and blogging now that I have been removed from my main platform by making a small contribution or donation here. Any amount would be much appreciated!

Within an hour of the article going up my webmaster at work came over panicked with a copy of an email he had received. A Cease and Desist warning letter to take the article down ASAP, with a long list of US DOD departments at the bottom such as the US Army, US Airforce, US Marines etc etc.

My webmaster honestly shat his pants and kept looking out of the windows for black helicopters waiting for Mossad to rope down and kill me in plain view. It was funny to watch but my site lost its free hosting and I ended up having to pay stupid money just to host my site on its own as on the server at work my blog was getting more visits than all the other company sites we hosted combined, and that was with me blocking 45% of all traffic from spambots, hack bots and brand bots that just crawl constantly trying to see if anyone is talking about them.

I just don't get why my little blog is on a list with big well-known sites such as informationclearinghouse.info, infowars.com, and presstv.com to name just three. How did this professor find me, am I already on some sort of ban list so that they found me through that, who knows but I take it as given I am already being monitored somehow, from afar from the Australian ECHELON site, or maybe I need to peel back the sticking tape on my webcam so someone at GCHQ or MI5 can watch my lovely mug as I type?

There used to be a page that talked about a Facebook Plugin designed to warn users if they click on a link taking them to one of these 559+ websites. It was a 3-year-old article, and the old link doesn't show the article, but then again my Facebook page for this site has been removed, my main Twitter account blocked, and I have had social media sites and communities removed in the blink of an eye without any consultation before so who knows what the kind Samaritan who apparently compiled the list thinks of me?

It seems that the good egg who compiled the list is, Melissa Zimdars, an assistant professor of Communication and Media at Merrimack College. It is none other than she, who and I quote "compiled a list of the most egregious offenders".

I doubt she even knows who I am, however then again if I am on 2 different lists and can't get into the US, I am probably on some sort of no-fly list. I applied for a US visa and was denied, before 9.11 I had gone to Boston, USA twice within a year all with no problem, whilst working for a big International IT company.

You can see my site in the list of "naughty domains" at <https://www.wikispooks.com/wiki/PropOrNot>. One site on the list, Natural News, is offering \$10,000 for the identities of the people behind the Russophobic owners of the PropOrNot.com site, and they asked the Washington Post to retract a story claiming their site was Russian propaganda.

If you get blocked by a subscription bar and don't want to be tracked or turn BRAVES sheilds down, or turn off Adblocker extensions you can do some simple client-side hackery in the DOM by removing classes on the element ("Open Developer Tools > Select The Element -> Edit it as HTML -> Remove Classes and inline styles until the block is gone and you can read the page).

Citing a report from some group called PropOrNot listing more than 200 web sites that supposedly pushed Russian propaganda routinely to more than 15 million Americans, the Post – without irony – declared that somehow constituted "scientific evidence" of [Russian election-tampering!](#)

So not only am I a pawn in the game being played between Russia and NATO/US with cover from other countries willing to break international law when they cannot get a UN resolution to invade a country, I am also part of the Russiagate conspiracy hoax that stopped Hillary Clinton getting into office.

Well although I am happy to be considered worthy enough to stop a psychotic killer and war-mongering liar get into the Presidency, I didn't do much apart from print the truth back then, something that was written off as Russian disinfo, and could have swayed the election Trumps way but all big social media sites were blocking what we all now know was a real story of corruption e.g the news on [Hunter Bidens laptop](#).

Apparently, despite Russiagate being debunked a hundred and one times, and [Clinton officials and lawyers being interviewed and arrested by the FBI for making up false claims](#), in which fake info based on rumours was given to ex UK spy Christopher Steele, who then compiled a dossier that they then used to "prove" Donald Trump was a Russian agent with a love of prostitutes and pee parties, people still believe this narrative. This is why I have my site to give people the facts other sites don't.

However it has later come out that due to her narcissistic temperament the "Russia did it", claim was literally made up when Hillary Clinton found out she had lost to Trump,

someone she actually helped persuade to run for President as she thought she could easily beat him and carry on the Obama administration that helped bring slave markets back to Libya and funnelled guns from there to Syria, and al-Qaeda and ISIS terrorists to try and other throw President Assad.

This is another site with my domain mentioned multiple times, the backlinks don't work as the people are obviously copying and pasting from other sources, and don't bother putting the http:// in front of my site's name to get you here, but the SEO gains would have been nice seeing I am being shadow banned and articles that used be at the top of Google are slipping down and down the page.

Well, to be honest, I feel honoured to be considered a threat somehow to weak minds, Melissa. It seems I am worthy enough to be on this list along with such evil doers as the [Drudge Report](#), [Russia Today](#), and of course the rabid, evil points of view from [Antiwar.com](#). Plus of course, I get to say I am on a ban list with Alex Jones, one of my first conspiracy heroes back in the day he used to rant and rave at the camera like a loon in need of Largactil LOL.

Sometimes I just feel that if a site is not on a list like the ones I have shown you they are not doing enough to fight the establishment narrative and give people an opposing point of view to consider. Surely if you host a show called [Redacted](#), which I do watch, you should be on a ban list along with me, Alex Jones, Natural News, and RT.com. Come on what does it take for new shows that get more viewers than MSN outlets that [dare speak the truth about the Nord Stream pipe bombings](#) to get put on our naughty list?

I also found this list of raw site URLs <https://raw.githubusercontent.com/BigMcLargeHuge/opensources/master/sources/sources.csv> which had me labelled down for "bias" and "conspiracy". Well I don't know what my bias is, but if it's that I am against a 3rd nuclear war, hate fake current and historical narratives and I'm not a "co-incidence theorist" then yes those labels are correct.

It seems this core list has been copied, and amended in some cases across numerous blogs claiming to have a list of "fake news sites", or "sites to be careful reading", whatever that means. If it's that you might find an alternative and possibly more correct view of an event than those spouted by the mainstream media outlets then yes.

I did find it amusing on the site to find under the category "State Run" just the two sites from the countries the US is currently pushing its propaganda for war with, [Russia Today](#) and Iran's [Press TV](#).

What I want to know is where was the BBC? You cannot get a more state run organisation than the BBC, a news broadcaster that has the backing of the government in forcing all live TV viewers to fork out over £150 per year to pay for a licence fee that funds the BBC's reporting.

Therefore it is something I expect, to be labelled a conspiracy theorist just because I don't believe in physics that says an aluminium plane cannot fly at 550mph just inches above the ground and punch it's way through 3 rings of re-enforced concrete as supposedly happened at the Pentagon on 9.11. If I threw an empty can of coke at my bedroom wall would you expect it to just bounce off or go directly through it as if it had been the weight of a rock with some Semtex attached?

Oh and you must call me anti-Semitic for daring report what many US news stations did on the day of 9.11 about the "dancing Israelis", flicking lighters and positioned where no-one else would know to be, filming the first plane hit the Twin Towers. Known Mossad agents who were released by the FBI without charge and went onto an Israeli TV show to claim that they were, "just documenting the event".

And I must be a "hate speech" site for daring to talk about how [Israel is assassinating hundreds of Palestinians](#) at the fence that divides them from their old stolen homes. Or how the Mossad stole British passports to use in their [assassination of a Hamas leader in Dubai](#), or [show the YouTube video](#) recording of two IDF soldiers shooting 9 bullets into the back of an injured US citizen, Furkan Dogan, on their high seas attack on the Mavi Marmara.

Then of course I must fall into the most evil category at all as well. No-one can point out that [Auschwitz itself has decreased the number of people that died](#) within it's rebuilt walls from 6 million down to under a million without being a blatant liar and holocaust denier. I guess the people running the camp, and the historians who have lowered the number from a round perfect 6 million, a number that is stated in the Torah as the number of Jews who must die before they can return to Israel, must fall into the same category as me?

So what do to if these blogs and sites are correct, and my site is on these lists to be considered so dangerous as to warn anyone visiting that it's not a reliable source?

Well what we need is a real "*Alternative News*" search engine. I did attempt creating one on my old site, I basically just returned Google's results as [DuckDuckGo.com](#) does through a proxy server to remove all the trackers, and then I had a list of sites such as the BBC, MSBC, CNN and other "*authoritative news sources*" that I removed from the results.

However that server is not running anymore and I doubt anyone out there is going to create a real [#altnews](#) search engine. I tried creating one using Googles Search Engine tools that used to be at the top of the page but then Google took it down, along with all my ad revenue from them and I am left with nothing.

I can only try my best to use what I can, I am probably on the way out in my 40's but with several chronic severe conditions that have seen me spend a week per month in the local hospital for the last 3 months, and a month stint in August last year and another week in June 2001, all after I took that evil AstraZ jab. I didn't want it but my parents live local and wouldn't even see me unless I took an LFT test and sent them a picture of the result.

However they were nice enough to give me COVID last month, and whilst in hospital for this months stint (*I only got out two days ago*), I was in a bay where everyone got COVID and moved. I was the only one that didn't get it probably due to having anti-bodies still in me.

Still I had to ask for a test despite the whole bay having COVID apart from me. I had to really kick off, go through 3 nurses and a matron and demand one from a doctor just to get a negative result. The new hospital policy says you only get a test if you are showing symptoms well when I had COVID my temp was 34.1C, not exactly steaming, and plus it takes days to show symptoms anyway.

I just cannot believe last month when I was in hospital they were trialling a new computer system called EPIC where QR codes were scanned before any meds given out and this month they were already calling it an EPIC failure and printing everything out on paper as it was easier to use.

Hey, what's another £20bn down the drain trying to modernise the NHS and put everything on computer. The last £20bn system was a mess and never used, and this one will be the same. We would have got a better return sending it over to Ukraine for the Russians to blow up on delivery but then that is another post! Go have a read, I have a lot of coverage of [the Donbass war on this site](#), and share it with your friends.

One of mine thought that the BBC would have told him that [the Americans had blown up Nord Stream 1 & 2 pipelines if it were true](#), but that's what I am here for folks, to tell you the evil dirty truth that many go around all their lives in ignorant bliss.

What I would do be a dumb sheep again and not know the things I do!

I hate to say this but [please donate if you can](#), I am doing this on my own, without funding and I am on ban lists and no fly lists for taking the time to write these articles.

Heres evidence that COVID19 really is a biological weapon decide for yourselves (LondonCT Publishing.)

Washington:

American lawyer Larry Klayman has filed a USD 20 trillion lawsuit against China for the creation and the release of the novel coronavirus that has infected more than 334,000 people globally.

Larry Klayman, his advocacy group Freedom Watch and Buzz Photos, a Texas company, filed the lawsuit in the US District Court for the Northern District of Texas, alleging that the novel coronavirus was "designed by China to be a biological weapon of war", and that whether or not the country intended to release it, China violated "US law, international laws, treaties, and norms."

"Because China has agreed by treaty to outlaw such weapons, these actions cannot be official governmental actions of the People's Republic of China and are not subject to any possible claim of legal immunity from suit," the lawsuit said, as cited by Law and Crime.

It went on to allege that the purpose of maintaining the virus within the laboratory was to use it to "kill US citizens and other persons and entities in nations perceived to be an enemy of China."

The virus, which first originated in the Chinese city of Wuhan, has spread 189 countries or territories, infected more than 334,000 people and killed over 14,500, as per the latest data available on the World Health Organisation website.

"COVID-19 is an extremely dangerous disease because it has an extremely aggressive nature, was designed to mutate from person to person, spreads very quickly and easily, no vaccine exists yet on account of it being a new disease, the means of transmission are not fully known with certainty, and treatments are only just being worked out, and the disease appears to be about ten times as deadly as the flu," the lawsuit read.

It said that the lawsuit was designed by China such as to be an effective and catastrophic biological warfare weapon to kill mass populations.

I think you totally missing the point of the article its not about COVID19 or MI5 Agents or even Julian Assange its about free speech blogs like mine - a little blog like mine - being on a list of websites to ban by Google, Facebook and many others just because some US Professor deems the sites too dangerous to read - your little itsy bitsy minds cannot handle thinking for yourself, don't worry though I will have a COVID19 conspiracy article up soon. Just getting more and more pissed off with the UK enacting laws lasting 2.5 years to combat something the Chinese miraculously cured in Wuhan within months. Maybe the 21 million Chinese Mobile Users is a sign that the death rates were drastically under reported but then China has bought loads of Western companies as their stocks fell in the global economic crisis causes by COVID19 and its a Police States wet dream to have a virus to use as an excuse to patrol streets fining people, not letting them out of their houses, detention for unspecified lengths of time, plus forced medication, and if the Hospital treats you wrong and you die alone with no family to see before your painful death you are cremated even if it goes against your families religious wishes and you can no longer sue the hospital for medical negligence. Plus it now only takes 1 person to sign a form and you can be indefinitely held in isolation or forced to have meds injected into you. I do find it funny that some Texas law firm is trying to sue China for \$40billion, the Chinese won't pay, they have a new booming economy making respirators and protective suits to export to the west where we are all under stocked.

[Reply](#)[Replies](#)**Dark Politricks** 8 April 2020 at 16:38

That should have said Texas is suing China for \$40 TRILLION!!! I'd like to see China paying that back before maybe asking for the debt they hold in US Treasuries first to devalue the dollar to dirt and pay them back in what will be cents.

Just to let you know I've had multiple versions of this blog deleted before, hosting companies scared off when deasease and desist orders from US Army, Navy, Airforce +

dozens more wanted me to take down an article about Russia's anti US Aircraft carrier missiles the US cannot defend against, the US actually asked to buy them and Russia said no and then sold them to China. The hosting manager was almost sweating red and closing windows as if he thought Mossad hit teams would swing through windows at any moment, so feel free to print what you think WikiLeaks won't but just don't think Julian is "in on it" in any way, as I wouldn't like to spend 5 years in a tiny embassy as small as a 1 bedroom flat and let alone 5 mins in Belmarsh High Security Prison. Why is he in there. Do they think an armoured squad of prison breakers are going to rescue him from a rigged trial that is going to see him spend the rest of his life behind US bars. Remember when Trump was calling out on stage for Assange to release more dirt on Killary, why doesn't he let him off all the charges that prob helped many people not vote Hillary. The Pedo Podesta emails certainly didn't help either but was made into a conspiracy despite FBI Pedo Pizza Slang being used constantly throughout the emails something no-one apart from those willing to get booted off YouTube were. Portugal Police even have photofit of a man looking like a Podesta bro running off with Madeleine McCann, and blood splatters found on the entrance to their private mansion that were for some reason not used as evidence, speech analysts experts in their field said the parents were lying and the majority of nonces are family members - but so what it's just a theory. Feel free to rant. But members of the Royals like Prince Charles, the King that will never be, and our PM and Heath Minister have COVID19. Boris now in hospital - probably stealing a much under resourced ventilator off a youngster who needed it more.....shit always happens and someone always gets rich.

Your right its not a game and nobody wants even a shit like assange tortured and kept,however there is more to Julian than meets the eye,for a start hes an extremely clever chap....not stupid at all infact...however hes not dumb either ...if you buy a sports car for quarter of a million quids and drive along a road at 200mph plus then you know what your doing so to speak,and what are you at paying money like that on a car.Julian assange got his info from bent CIA officers ,he was hooked lined up and sunk nobodys fault but his and nobody in the right minds leaks out any form of CIA gear NOBODY OK WITH THAT...Julian had hos own little sidelines go Poddle it for yourselves one of diaries went for about 100,000 or something and thats hust one of them and then there is the solicitors fees....the guy had money and new how to make money then theres all the stuff he knew about that he didnt leak out like not even a couple of poxy sentences...and then all the press coverage and internet space people like us get blocked and he got frontline web sites...NOPE!!! he lost touch....

Anonymous 11 April 2020 at 11:52

You are right the British Government and trump are beyond belief and believe I read understand and agree with most of what you are saying...thats why London CT Publishing contribute your not alone in these issues...but you must face facts Assange had his 1001 misuses..... I wouldn't like to spend 5 years in a tiny embassy as small as a 1 bedroom flat and let alone 5 mins in Belmarsh High Security Prison.some people amigo have spent time in prison in this country for political reasons and abroad!! Assange coulbrnt give two sentences for those people...come on guy get real

They don't call Belmarsh the "Meat Grinder" for no-reason, it's the top level (non black site) prison we have for cat A prisoners. He's supposedly on remand and he's locked in a CAT A where the cells have furniture made out of hardened paper or some shiz so they cannot be used as weapons, all stuck to the floor. I have been abroad, I have homeless abroad, I have been in prison abroad, and it is not fun. He is Australian though so is technically a foreigner in prison abroad. All I am saying, to be on remand in Belmarsh, means you are in serious shit and there is no day that is going to be fun, no day where you can't watch out for a shank in the shower from some dude paid by some bloke who visited him one time and offered to pay his family outside a load of money if he just did the dirty on Assange, probably like Epstein, no-one knows who the man in the suit was, and the prisoner did a give a fxxk and was on a max life sentence only. There is only so much string you can pull before you find a hook with nothing on it but more questions. If you are in the meat grinder you are having shackles tied up when your out, and unlocked only back in your cell. Plus with the 2yrs of lockdown and COVID breakout in the prison being stuck in a paper cell with fuck all to do but read a noddy book you probably read at high school aint much fun. It's at times like that you would expect someone to take their own life. I see it on the lines of Gary McKinnon, the US wanted him soooo badly, they waited until a change in the extradition law before requesting his. What did he see on his little Port Scanner that let him into Navy servers where admin accounts had blank passwords. If anything he saved them more than a few million in security upgrades as they knew where the holes were. I know what he says he saw, off world Naval personnel lists that were not found on US NAVY websites, and a pre and post photoshopped picture of some UFO on the moon before they gave it to some University, all stuff that can be reverse engineered now with the right tools. I just cannot believe a Tory scum Home Secretary like Teresa May prevented his extradition on the grounds of mental health, geez if he has Aspergers then I have Assburgers and a hundred times worse and no-ones come to save me when I am given the liquid cosh and have to do the "Largartil shuffle" down the wing

the next day. I have mental illnesses and health illnesses coming 10 ways from Sunday and I have no idea why the CIA or a wetworker didn't just take him out before he started doing interviews like the one I have on here with him in a pub garden. How the fuck do I know I haven't had radiation beams pointed at me to give me the cancer I now have or at my brain to cause short term memory loss and early onset dementia. They just fill you with pills and pain killers until trying to write one blog article becomes a case of waiting for the mania to get so strong to break through all that med crap and just set me on the laptop for the next few nights. So I know prison, I know being abroad not being able to speak the lingo, at least he does, but still. Being in the meat grinder at Belmarsh and losing your eye sight and mental health aint no fun and I know. So I doubt he is doing it for some side show, look here people, but don't look over there kinda thing. There are other people working at WikiLeaks who could release stuff if they wanted plus there are plenty of other #ALTNEWS blogs like mine which tries to fucking hammer home to people the obvious before it becomes the obvious. I just don't think handing yourself over to permanent health and mental problems is a way to go about it and the few blogs and sites that told the truth are slowly dwindling away and slipping off the pages of Google, so everyone needs to keep sharing the links. If you want your free speech I let you have in these comment sections get out and heard then spread the links and let people read what you have to say whether I agree with it or not - that is the definition of free speech - or at least it used to be.

The King that will never be eh??...wow...how about the bag on the hill,heres some wonderfull comments about the queens of england found on other sites and blogs;

1. The Queen is disliked by the minority.
- 2.i don't think anyone thinks badly of the queen. I believe that some people don't like the fact she has german descendants

(that ones an understatement and if i could)

3.There are currently three Queens Regnant (Queen Elizabeth II, Queen Beatrix of the Netherlands and Queen Margrethe II of Denmark) and four Queens Consort (Queen Sonja of Norway, Queen Sofia of Spain, Queen Silvia of Sweden and Queen Paola of Belgium)

I canne give a wee bag o "***** for yer queen GEAR.

5. If you are referring to Queen Elizabeth -

I've read that she is stern, strict, not the warmest personality (stick the bag on a bonfire that will make eire warmer!!!)

6.im sure the queen is a good person but she doesn't deserve free GOVERNMENT money for being born into the right family. FUG ALL CAPITALIST STRUCTURES AND MONARCHISTS.

7.Argh. I'm English, and I absolutely hate the Monarchy, I find it unbelievable like you that the we have a somewhat democratically impounding monarchy, in fact the UK is one place below the USA in terms of democracy ratings simply because of the Royal Family (whether that means without it the UK would be higher, I don't know). I am embarrassed that we have a Monarchy, and hate that it seems to be THE defining feature about England to foreign people. The benefits seem to be that we get increased tourism from them, but France has a very similar climate (in Paris at least) and somewhat similar architecture, yet gets more tourists than the UK (and it doesn't even speak the worlds widest spoken language, if that counts for anything!). Uhh, it pisses me off. (YES YES YES YES)

- 8.This ones really puwefully worded so weve taken out on the baggy words!!

The queen from English is a joke. It looks like you are in Disneyland watching a parade she wears a stupid crown and wave's her stupid hand like she is twistin a light bulb. She still think's she became queen by DIVINE RIGHT WHAT A F*****G MORAN THE QUEEN IS. IT TELL'S THE WORDL SHE IS NOT WELL EDUCATED. ALL MAMALS ON EARTH SHARE THE SAME GENES INCLUDING ANIMALS. SHE IS A F>artin>G MORAN. I HEARD A TAPE WHERE SHE WAS TALKING TO THE EVIL QUEEN MOTHER. THEY BOTH SOUND LIKE LITTLE SPOIL ROTTEN RICH 12 YEAR ""

SPOIL FROM THE DAY THEY WERE BORN. I watch her speech when she become queen is so fuarting comical. WE WERE LAUGHING SO HARD SHE REALLY REALLY BELIEVES SHE IS CHOSEN BY GOD AND IS HER DIVINE RIGHT TO RULE ALL THE COMMONERS AND SHE ABOVE EVERY ELSE. STIPID *****.

so anyway although i wouldnt trust this gut with a can of petrol id still invite the farter round to my bonfire!!!!

A former 7th Special Forces Group soldier and a West Virginia National Guard Special Forces soldier pleaded guilty Dec. 21 and Dec. 17, respectively, to two federal charges each of conspiracy to traffic cocaine, according to court documents and a release from the Justice Department.

Former Master Sgt. Daniel Gould, 36, and Sgt. 1st Class Henry Royer, 35, had planned to smuggle 90 pounds of cocaine — about \$1 million worth — on a military transport plane from Colombia to Eglin Air Force Base, Florida, according to federal court documents.

The discovery of the biggest haul of counterfeit coins in the history of the euro has sparked fears that the £2 coin could soon also be forged in China.

The bi-metallic £2 coin, with its golden rim and silver centre, was thought to be more difficult to fake than pennies, or widely forged £1 coins.

However, a major seizures of €500,000 worth of fake euro coins from China by Italian police has sparked concerns that forgers could next turn their skills to the £2 coin, which has a similar colouring to the €1 coin.

Italian detectives were inspecting metal pipes in the port of Naples when they discovered the hoard of forged coins - the biggest seizure of fake coins in European history, The Times reported.

An Enigma that somehow evolved somewhere a bit like COVID – 19

The Quintessential Quirky story of an Arab Doctor living in Ireland that at present seemingly owns a

hotel next door to Mr Putins Embassy in London (and yes it is rather personall – A paradoxical enigma

of sleuth on the roof)

Anonymous data input provide British Government evidence which has been available for a number of years The first and most important point of evidence is somewhat incumbent to point out however Ireland in a sense in the Republic is more somewhat American based than British, many Americans priding themselves in their irish Ancestry® and families including of course former Presidents.Its not suprising then to know that the main Irish Police stations in Dublin are connected directly to FBI and CIA channels and that the central irish police stations communication systems are closely monitored by the CIA these where conditions laid down by Clinton and the Clinton foundation in its dealings in the past .taoiseach. protection and other politicians, included within there protection systems will also be included the head of pyschiatry as the head of pyschiatry offices are based a few hundred meters from the central police station .an alleged arabic doctor and former head of Dublin Pyschiatry named as Dr moayyad al Kamali has cropped up on a number of Wikileaks based sites or derivatives of Wiki base data files over the last 3 years .Dr Moayyad al kamali has been crossed referenced for political reasons as an alleged Arab held apparently on CIA files and directories upon protection lists Dr moayadd Al kamali from public British Government records was alleged removed from the General medical Council registered doctors register in the Uk public free information indicates that Dr Moayyad Al kamali owns and this is the incredible part of the data packages a hotel worth countless of millions of english pounds less than 3 minutes walk from the Russian Embassy in London known as Wedgewood Hotel 49-51 Leinster Square, Paddington, London W2 4PU

MATT I agree NARRATIVE > Udo Ulfkotte was a CIA operative that wrote a book called bought journalists ,this Nazi Albert Smith who worked for the Irish Independent fits the Bill...Good Hack noticed the hack came out on I Cringley site in US .Udo Ulfkotte exposed himself as a far right wing bigot when he used nazi security guards just before he died,they reckon he was poisoned by Muslim groups connected to al qaeda.

more info on Udo Ulfkottes book here:

<https://off-guardian.org/2018/01/08/english-translation-of-udo-ulfkottes-bought-journalists-suppressed/>

Also notice Albert smith trained in the US in one of the worst counties for the KKK Louisiana and that a NUJ open letter appeared on the net after he appeared on convicted fascist writer David Irwings personal site - NO WAY DUDE !!! this is in my professional opinion a self confessed fascist military operative who has worked under cover in Ireland!!!!

part 1

Former Irish Independent Sub-editor Albert smith exposed himself earlier this year as a British bought journalist working (undercover) in Ireland,his own publishing company got hacked into through Yandex servers based in Russia.A group of unknown anonymous researchers claimed on various American publishing sites some time ago that Smith admitted to taking bribes from the Irish Police thats what TOR news stated - exactly that - bribes in the form of regular bank payments had been discovered being paid into bank accounts allegedly tracked and belonging to Smith,for legal reasons the bank details werent disclosed however Smiths own admittance to the affair has been documented in writing and published publicly on various Russian sites for safe keeping.

Smiths own admission of accepting money from the police is a complicated political issue.In a country with a history of political violence that goes back decades this form of self confessed espionage intel isnt simply going to go away,especially as smith is a British citizen,furthermore working for the police isnt something that is mentioned in passing and then forgotten about,later on conveniently being brushed aside under some kind of magic carpet so to speak.It is an extremely serious political matter. Now that information of this calibre is finally in the Russian public domain Smiths ill gotten gains become a statement of eventualities and more to the point inevitabilities.

The allegations derived from smiths statement go far deeper than just accepting money from the police,in so much that the next question asked is how many other journalists in the Irish Independent newspaper have also been working for the Irish police? ,There doesnt seem to be much readily available evidence in Irish political history of journalists that have ever admitted to or

proven to have worked for the Gardai before and so this recent Russian Yandex Hack seems to be another break through.

part 2

One would presume then that Dennis O'Brien the owner of the Irish Independent will become directly implicated as he personally holds and controls security files held on Smith and must therefore presumably be aware of any regular payments made into Smith's accounts, this places new light upon O'Brien and his relationship with Bill Clinton as the published book Clinton Cash named Dennis O'Brien as the owner of Albert Smith's newspaper the Irish Independent that gave money to Bill Clinton. Where exactly then are we led to believe that the money paid to Clinton really came from Enda Kenny?, Mr Putin?, The British Secret Service? The readers must also consider court cases Smith was allegedly involved with over the many years. Being paid by the Gardai as a witness to give false evidence to the Irish courts is more than a serious offense, it directly implicates that members of the Garda Síochána itself must have knowingly been involved in rigging political court cases, you can find allegations on Smith that go back many years on the internet, just "Bing" it Albert Smith M16- on how he lied in courts. Just to make the point if somebody had used O'Brien to pay Clinton (and he's one of the biggest liars in American political history) then that might explain one of the many ways why and how Hillary Clinton really lost the election, somebody or some government or rival party was following Clinton around the world and buying into payment slots, who knows? it would make sense for an insider perhaps Russian, or British to setup a deal with O'Brien and others like him and to pay the money to Clinton as he "TORed" the world, that way they would always have something on the happy-go-lucky trumpet blower. Espionage has no rules and there are certainly no rules on holding one's own opinions and views! On determining where money could have possibly come from within the inner circles of the Clinton Foundation, it's been suggested should Hillary have won the election all of the Clinton Foundation history would have been given a white wash brighter than the Whitehouse itself! The Mystique of Gardagate was in many ways created by the press in particular the Irish Independent and the master mind behind it all was none other than Journalist Conor Brady who worked with Smith and was identified by some as the person who removed half the Irish Government with his papers/articles that appeared in the Irish Independent, see where all this is leading to? Smith's monitoring/policing role within the newspaper itself. Conor Brady incidentally worked for the Garda Síochána Ombudsman Commission allowing him to gain his info on M16 agent Simon O'Brien (former GSOC Chairman), so if Smith worked for the Gardai and Brady worked for the Garda Síochána Ombudsman Commission that makes for an interesting cocktail of stinker, tailor, soldier, spy and we know exactly who Conor Brady implicated for spying on GSOC, perhaps that's why he won't come clean on Smith publicly as there are too many question marks that remain around this unhinged Jack Ruby styled character. Recent evidence shows clearly that Smith was trained in America, Louisiana and we wouldn't be surprised if Mr Conor Brady could also explain who exactly paid for Smith's training, and then of course Smith wrote a Walking book that was published and nobody bought the book (it's been checked on publishing records)

[Reply](#)

Anonymous 24 May 2020 at 16:36

so who's is really pulling the bill? There are too many idiosyncratic demeanours hanging above Smith's head he's a ringer for example he celebrated the work of convicted fascist David Irving (a Holocaust denier) who received a three years sentence for producing anti-semitic literature, if any European journalist today wrote a similar article they wouldn't last for very long and we doubt for legal reasons any European newspaper would even be allowed to celebrate an Author like Irving in their newspaper or even consider promoting a convicted fascist, so what's really going on here? Is Ireland itself attempting to rewrite its own history can't the Irish Government give an answer in Gaelic to US as to why so many people are remaining silent ?? Other allegations on the net include Smith being an unregistered firearms user and Google allegations point directly at Albert Smith's ability at giving false evidence in courts. Smith decided to publicly announce through one of his own publishing articles that he had worked for the Irish Police and Mr Conor Brady will be able to explain the Gardai's role in the GSOC bugging affair..ask me if anyone has ever bugged a newspaper office or taped journalists' phone calls and you have the answer right there! When the Irish Independent office itself got bugged nobody talked about it in the press and there was no need to call for M16 or the CIA!!

written in ten minutes on my iPadno light, walking along the roadside with no keyboard, no sleep, no money.....apologize! Don't even speak Gaelic!!

Does it actually even matter if Russia DID release news on illegal US war crimes and other illegal activities. Surely the important fact is the people know what your country does in YOUR NAME not who released it to the wild for non MSM conforming readers to find and investigate for themselves??

CIA Agent Admits Why USA Can't Have A Decent Living System

CIA Agent Tells Truth About Why CIA Overthrow Countries And Hate Socialism

By Dark Politricks

Why is it that the citizens of the richest country in the world cannot have what most of the rest of the world has, and why the CIA feels the needs to destroy any socialist countries that prove that they can provide better health care and education than the great free USA. A country where 30,000 people are now living in tents in LA due to the lockdown policies of California, and their lost jobs, health care and homes.

Remember the old quote from the ex President Harry Truman "Show me a man that gets rich by being a politician, and I'll show you a crook" and then look at your political leaders in the USA. How many of them are multi millionaires, and how many of them have made millions due to the COVID pandemic?

Nancy Pelosi was recently exposed as an insider dealer, as she bought millions of stock in products like Microsoft and Amazon that she knew would be granted billion dollar contracts with the DOD during the Biden term, plus all the other stock she bought that went up due to the COVID pandemic.

In 2014 it was found out that she was worth over \$202 million since becoming a politician - how? I am sure Senators and Congressmen are not paid that well.

However she has been found to be making money from the pandemic and her husband who is a venture capitalist who always seems to make the right purchases ahead of time.

Hopefully you are sensible enough to know by know **not to get your facts or news from the MSM, BBC, Facebook, Google, or Wikipedia**. All companies and news outlets that have [recently been found to be working with intelligence agencies](#), and the establishment to **remove accounts that deviate from the established narrative**. If you are still getting your news from these sources you really need a bat over your head and a quick read up on "[manufacturing consent](#)" by Noam Chomsky.

So why is it that the richest country on earth. One that can **print into existence \$40+ trillion to pay for CARE bills and Stimulus bills that had more pork in them unrelated to their names that even Donald Trump said he wanted the measly \$600 stimulus cheques from his bill to be raised to \$2,000**, and all the feminist studies for Pakistani Women and speed boats for Sri Lanka removed. Something **Nancy Pelosi refused to do before the election** as she thought it would make voters more likely to vote for him if they just got cheques with Trump's name on it.

Does it really matter who gives the suffering people of the US aid in their time of need? They have suffered for decades under Republicans and Democrats. **They have watched as NAFTA meant all their well paid union jobs were sent overseas**, and sat by as **Bill Clinton turned the Democrats into Republicans**, let **Joe Biden introduce the horrible crime bill that locked up millions of poor coloured people for small drug offences, and even created the privatised prison labour system**

As George W Bush stood in the smouldering rubble of the WTC and declared that **the terrorists wanted to attack us because they hated our freedoms**, no-one seemed to do a damn thing about it as he then took them all away from you anyway with the **PATRIOT ACT** (another Joe Biden hit), the **NDDA**, and the **AUMF** (*Authorization to Use Military Force*), plus of course the ancient **act of Habeas corpus**, signed by King John in 1215. **It leaves American citizens with less liberties and freedoms than a 12th century English serf**,

Then **"Change"** came with **Obama**. Except as usual, a new President from either party meant business as usual. Lobbyists controlled what he did, Wall St was bailed out as Main St was left to suffer and the only real change was the amount of killing he did. He really is the worst President of recent times.

Really he should be forced to give his [Nobel peace prize](#) back as it makes an insult of the whole process. A president who [turned 2 wars into 7](#), locked up [more whistle-blowers than all other Presidents combined](#), despite talking about giving them protection.

He also killed the first American overseas by drone without due process (and the collateral damage of kids and women), and [even ran out of bombs when interfering in Syria](#). One of the 7 countries **General Wesley Ward was told would be invaded after 9.11**. Quote:

"I said, **"Are we still going to war with Iraq?"** And he said, "Oh, it's worse than that." He reached over on his desk. He picked up a piece of paper. And he said, "I just got this down from upstairs" -- meaning the **Secretary of Defense's office** -- "today." And he said, "This is a memo that describes how we're going to take out seven countries in five years, starting with **Iraq**, and then **Syria, Lebanon, Libya, Somalia, Sudan** and, finishing off, **Iran**." > <https://genius.com/General-wesley-clark-seven-countries-in-five-years-annotated>

So when you hear your **state news either the BBC, or the now CIA controlled MSM in the US talk about humanitarian reasons for going to war, and "sudden uprisings"** you should know that your country is willing to spend billions on that but that they refuse to spend a little less on killing people who don't know why they are being targeted and spending it on you. Small items with a cut of DOD spending that could easily afford:

- Health Care at the point of entry.
- Cheap affordable prescriptions.
- Free or cheap education.
- Lower or no fee university loans, which youngsters are spending hundreds of dollars on only to come out to find there are no jobs for them.
- The prevention of zero privacy and a the build up of a **technological surveillance state** supported by **Google, Twitter** and other Silicon Valley companies.

I will leave it to **Jimmy Dore** to introduce any sheeple who this may be news to, to **show clips of CIA agents talking frankly about over-throwing left wing countries, demonising socialist counties and fomenting coups** like the one they did in in Belarus the other week.

They aim to control the media so that the weak minded who don't think for themselves or do their own research believe what they are told straight out of the mouths of **paid CIA/MI6 news men and women**.

Google CAUGHT Helping CIA Spy On You

Watch on  YouTube

Read up on [Operation COINTELPRO](#) and [MOCKINGBIRD](#), even Wikipedia can't hide the **FACTS** that the CIA used illegal methods against their own people. These operations are supposedly stopped now by the CIA, but then they just change the name of the operation and carry on, just like [MKULTRA](#).

Plus as they are now actually appearing on the US news shows as anchors and regular speakers there is little need to use spy craft to get their propaganda over to you. You are being **listened to 24/7 by your phone and Alexa**, and **pushed propaganda that we are really the good guys by our news stations**. Do you really believe all that?

As Jimmy says, "**the CIA over throw a democratic regime before most people eat breakfast**". It's a line, but it's also unfortunately true.

I have just been given this remake of the famous "**IF**" poem by Rudyard Kipling, it is aimed at our UK PM Boris Johnson, but really it could be aimed at any **Western neo-liberal politician**, especially those like **Nancy Pelosi that make millions on the job**. Once elected they totally forget about the people who put them in office and just look after no 1, enriching themselves at ever opportunity, the **#FraudSquad** included. Have a read....

If (Eton College version)

If you can keep your job when all around you
Lies ravaged from what it is you've done;
If intellect and common sense confound you
And if integrity you have but none;
If you can lie and not be tired by lying,
And pretend you act for the public good,
But then leave the people to their dying
And say you did, sadly, all you could:

If you can dream – of nothing more than power;
If you can think – but only of yourself;
If you believe this country's finest hour
Is when the chosen few can gain more wealth;
If you can flout the law with bluff and bluster
And not care whether you are believed,
Or deny with scorn every single blunder
And not care how many you may deceive:

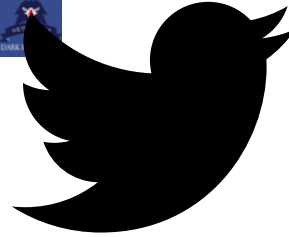

If you can stir up hatred, fear and violence
To create division to suit your ends;
And answer cries for help with silence,
And then laugh about it with your friends:
If you can stretch this country to its limit
Or until it is you've had your fun,
Yours is this land and everything that's in it,
And—as you wished—you'll be PM, Johnson.

Dr Moayyad Al kamali AKA the "Tripoli Bad Grass" is known to the Russian federation as a Government employee (agent) vetted by both the FBI and CIA (who politically endorse the torture and killing of Palestinians), before he worked within US territories. Allegations made against this Doctor include espionage, torture, money laundry, sexual abuse, false imprisonment, kidnapping, extortion and connections to drug cartels. The Government (Biden's only friends) refused to comment on why one of their agents was found holding down three jobs at the same time!! one as the President of St Andrews College Alumni Association in Dublin, another as the Dead Doctor in a hospital and finally found double parked next to Mr Putin's London Embassy, with over 20 Million Gross hidden in various bank accounts around the world!! Hotels are somewhat synalominous places and Emmigrating radio signals are unfortunately for Doctor Kamali in his absence hour an excepted form of evidence in court trials.

THE WEDGEWOOD HOTEL IS SITUATED A 3 MINUTE WALK FROM THE RUSSIAN EMBASSY IN LONDON. MR MOAYYAD AL KAMALI is a Medical Doctor from London. This person was born in April 1967. MR MOAYYAD AL KAMALI is Irish and resident in Ireland. This company officer is, or was, associated with at least 2 company Doctors roles. Companies associated with this officer had at least £6,888,675 shareholder value and £2,434,017 cash in recent accounts. Wedgewood Hotel Management has been in this business field for at least four years. Started under 09092355, this company is classified as a Private Limited Company. There have been three directors: Mohammed Al Kamali, Moayyad Al Kamali and Majid Al Kamali.....Wikiwritz

COVID19 - "We're Loving It"

The COVID19 UK Lockdown, Martial Law, Police are tracking you

By Dark Politricks

Well I haven't written for some time. Not since the [UK Lockdown](#) since April due to **COVID19**. I actually think I got the "[fruitbug](#)" as I call it, 12 days after **the UK lockdown** started. So I will start with that.

Apparently this worldwide pandemic takes 14 days to take hold in the body so I probably caught it from any surface, door handle, shop door, or persons hand in the days before our Government implemented the lock down. Some people claim it was far too late, just as in America, but then I am constantly refused the flu jab in winter, due "[to the possibility of getting ill](#)", and we don't go into meltdown due to [the 10,000 to 50,000 people who die a year from that](#) .

I do know the difference between a cough and a cold. On the Friday it started, slowly over the day my left lung got sore from the top, spreading down to the bottom by night time. Next day, my right lung was ok but my left wasn't, that isn't a normal chest infection with just one lung aching. Then my right side started hurting at the top and the pain moved slowly through the day to the bottom. The next day, I was coughing a lot, the next I had the sweats and a temperature.

Freaking out, yes of course I was. But then unlike certain people I don't watch "[Fear Porn](#)" news constantly all day about **COVID19 death figures**, how many people have died today, how much of a problem it is in Spain and Italy, and how **we are all going to be in lockdown all year long**.

I know there is a bug out there just like all the others that can kill you. From sexual diseases, to cancer, blood clots to brain damage, there are a thousand and one ways you can die and many more people die a year from smoking than will have from COVID19 this year.

However 3 days after both my lungs were hurting, the pain went and I was okay again. A weird chest infection or cold if ever, but hopefully it was a mild case of the fruitbug, and hopefully I got some sort of immunity from getting it.

Now after months of being told to not go out apart from emergencies, food, and an hours worth of exercise. With millions of people laid off work and put on the most basic benefit there is, Universal Credit. People are broke, scared and told conflicting advice from the Tory Government.

It must be a big shock for all those people on £50k a year who were let go, to live on roughly £400pm, and have to pay all their bills from that. The Treasury "[borrowed](#)" billions to allow companies to keep their staff on through [furlough](#), using the money loaned out, at interest of course, from the Bank of England.

Why we have to have this "[middle man](#)" who can print money out of thin air, then loan it to the Government, admittedly at low interest rates, but still paid back with interest from our taxes, I don't know. It's to stop inflation, you just can't let a government print money, look at what happened in Zimbabwe or 1930's Germany comes the reply from many.

So why is it in **the US constitution** that **only Congress can issue money**, something that [Abraham Lincoln did during the Civil War with his Greenbacks](#). This is a law has been ignored, and overruled by the creation of the FED. The Central Bank that is in no way "[Federal](#)", that was created in the middle of the night, planned by the big money men, and put into action by a woeful **Woodrow Wilson**. He said later about the passing of the bill that:

"I am a most unhappy man. I have unwittingly ruined my country. A great industrial nation is controlled by its system of credit. Our system of credit is concentrated. The growth of the nation, therefore, and all our activities are in the hands of a few men. We have come to be one of the worst ruled, one of the most completely controlled and dominated Governments in the civilized world no longer a Government by free opinion, no longer a Government by

conviction and the vote of the majority, **but a Government by the opinion and duress of a small group of dominant men**". - Woodrow Wilson, after signing the Federal Reserve into existence

And from a [governor of the Bank of England](#), created in 1694.

"The modern banking system manufactures money out of nothing"- Josiah Stamp - Governor of The Bank of England

Well I think it's plainly in the interests of a few very super rich people and not the masses but then this isn't about fiat currency. Or the millions of English, Scottish, Welsh and Northern Irish who are surviving on benefits because their fat cat bosses like Richard Branson told them to take 8 weeks unpaid leave as he couldn't keep them on. [They replied that he should sell one of his private islands](#). Of course he didn't.

Even the boss of one of biggest pub chains in the UK, [Wetherspoons told his staff to go get a job at Tescos until the crisis was over](#). Bar staff aren't exactly paid a lot anyway, and the amount of pubs that I see in that are now Tesco or Sainsbury's local stores is amazing.

I even walked into an old pub I used to drink in when I came back from holiday only to find it was now a Tesco mini store. It is a dwindling industry admittedly, but only because the Chancellor of the Exchequer keeps adding VAT tax to the cost of Beer and Spirits sold in pubs, whilst super markets can get away selling 4 packs of super strong 8% cider (equivalent of 2 bottles of Red wine), at £5. Why pay almost £5 in a pub for a single pint when you can go into a local store and get the equivalent of 8 pints of low alcohol beer for the same price?

Now **the lockdown is easing** we are being told to **go out and get Britain's economy booming again**. Boris has gone back on all his scientific advisers advice about social distancing, not going on the Tube in London (one of the only ways for people to get around that city), and let Businesses decide what is in the best interests of their workers.

Yes Boris, I am sure money grabbing fat cats like **Richard Branson and Mike Ashley** care more about their staff than the money they make. Yet it is the Tories themselves, many of them large shareholders in big businesses hit hard by the drop in GDP, that want the economy to be weighed equally as the safety of the citizens. I wouldn't trust any born into money Etonian with shares across all major companies to think of my welfare before his bank balance.

Having to book up in advance and pay a deposit to go to a pub or restaurant is now the status quo. Who does that? Apparently half the people who book haven't been turning up, so the pubs, cinemas, restaurants and hospitality industry wants to charge non refundable deposits for people wanting to go out. That is not the way people behave here. We don't go, **"lets all go to the pub.....next Saturday, I'll book us some seats now"**. People go on the spur of the moment, when they feel like drinking or eating, so if this is the case going forward we are going to see lots of business closing.

Hair dressers and Barbers are having a boom right now, making up all that money from long bearded, unshaven men and women needing their roots dyed. However other industries that Britain seems to excel in, such as Gambling, are going to see a lot of on street Bookmakers shut.

Can you imagine with all those months off, all their customers who would have been in the bookies daily, would have all found an online betting service like [Betfair](#) by now. They probably have seen it has better prices and offers bonus bets, and then wonder WTF they were doing in an over priced Bookies shop in the first place. There are going to be a lot of businesses closing in the near future and life may not go back to normal. That should be the scary thing we all think about.

I won't even go deep into the muck up Boris Johnson caused handling this crisis, catching the virus himself, and then using an NHS hospital, where he had 2 nurses sit next to him all the time 24/7, as a form of propaganda, and a way to make us all think about the poorly paid nurses and junior doctors. It was so bad [we actually paid a 99 year old WWII survivor £15 million](#), to walk around his garden each day so that he could donate it towards the NHS.

I bet the other patients loved the special care he received whilst they coughed and choked to death. All so he could use the NHS as a reason for us all to stay home. We all love the NHS here and most of us believe staff are underpaid. However I have seen too many **"Save our NHS, Stay home"** adverts for a lifetime, and I don't even watch TV.

The mandatory [Thursday night 8PM clap on your doorstep](#) or window for NHS workers started off as a bit of community spirit but for me ended up as a **"mandatory show of support"**, something the **Community Thought Police** would come and fine you for in a real Police State for not showing enough love for the NHS. The same NHS that Boris and his friends have been busy privatising on the sly, using COVID19 as their cover.

I don't want to get into an argument about who created or first had this virus. **Was it economical**

warfare by China, who misled the West about the numbers of dead, letting the virus spread all round the world, but not outside the city of **Wuhan**.

It is strange that only one city in the **2nd most populous nation on earth** got the disease badly and was locked down so quickly it didn't spread to the rest of China, only the rest of the world.

When the whole 1.3 billion people of India are locked down, most living in shacks with no running water or toilets, yet **Beijing and Shanghai citizens are walking around freely as for some reason local towns to Wuhan didn't seem to get the bug**, it does seem to strike a cord of conspiracy.

China has bought up many Western companies as their stock prices fell like a lead block from a skyscraper. However isn't that just what China does with all it's money anyway?

They look for businesses in trouble and going on the cheap and snap them up, just like they did with **British Steel** who once bought by **the Chinese had plane loads of protective gear sent to the workers and the town, Scunthorpe**, the steel works were located in. They had protective gear so that the workers could carry on working without catching the virus and **PPE equipment** for people working and monitoring the plant for any sign of the virus.

Was this by plan? **A devious Chinese mission to destabilise the worlds economy** and then buy up everything that slumped in the stock markets in the west at a 100th of the price. Or was it just their natural business mentality. I mean if you look behind who owns some of the big companies and docks in the USA and find a Chinese company owning it, you can in many instances link it backwards to the Chinese State or their Military, the real owners of once great Western businesses.

Another argument for "**first cause**" was that **a US Army football team on tour from a germ warfare lab in Virginia USA, spread it to Wuhan in the first place**.

Many people cite the fact that people in Japan had signs of the same virus before those in China. There are a lot of US bases in Japan and a touring football team infected with **COVID19** would have spread it wherever they went. They even think the mass deaths that were linked to vape use last year in the USA were actually signs of **COVID19** that were misdiagnosed.

I don't know. **The Netflix series a few years ago in Chinese that talked exactly about COVID19** like symptoms and how it could be used as a **bio weapon** wasn't good to see but then the US military virus lab actually asked for COVID samples to be sent to them in the first place to test.

For me it doesn't really matter. **It's the martial law like state we are now finding ourselves in that concerns me the most**. These laws have been put on the UK's law books for **2.5 years** without a murmur of resistance.

Not that you can protest, the law actually makes it illegal to protest against it in the first place.

Why is the law on our books for so long?

Is it because our government believes the powers need to be on the statute books for so long as **COVID19** is going to be about for another 2 years. Or is it more likely that these laws that **give the police super powers to break into your place of residence without a warrant**, just the "**hunch**" or an "**anonymous tip**" that you have people from other houses inside, or people with **COVID19**, they can just take your door down and raid you.

Did you get a text from Boris Johnson telling you to stay indoors at the beginning of lockdown. Did you give 10 Downing St your mobile no, or was it just GCHQ tracking all phone's in the country. Yes contract phones are linked to you as you pay a monthly bill, but burners, old phones you can take the battery out with no GPS tracking for **police to track your location** are different. I may have a burner, but I certainly didn't give my number to the government for random texts.

Who actually knows what he police have been doing during lockdown. I have read articles in papers about how London police are loving the lockdown as they can monitor "**people of interest**" and their movements much more easily.

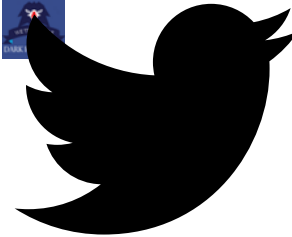

Now you may not care if **the police are tracking you**. You have nothing to hide have you, why should you be bothered by the police being able to hack into your phone and view sexy texts to your girlfriend or wife. A dick pick shared amongst workers is nothing to worry about of course, nor are any photo's or texts you may have sent that you wouldn't dare show your boss, partner or children.

The police have basically been using the COVID lockdown, and the laws they got to fine people to hassle those of us who for whatever reason they don't like. Gone out more than once a day? Did you get 2 £30 fines for doing so without "reason". Maybe you have been good and locked yourself indoors for the whole hot steaming spring that the UK seems to always get before a cold

wet summer..

The police have admitted in many articles that the lockdown has helped them monitor peoples locations from [the "Spy/Smart phones" everyone carries now like an RFID chip in your arm](#). The new COVID laws have just made it easier for them to do what they did anyway without consequence.

I bet 99% of the UK population won't even remember in 2 years when it should come off the law books, even once **COVID19** is long gone, to remember to ask to have our **martial law** removed.

Maybe the establishment is banking on it. **New World Order** proponents must be wondering how fast the whole world was forced into isolation, not allowed to move freely without being fined or jailed, be forced to take medicine against their will and all without a shot being fired. Even protesting against this law is illegal and can end up with you having on the spot fines, or even being taken to **"isolation centres"** if they believe you to have **"an infectious disease"**.

As for the Police, they are loving the restrictions of movement at the moment due to the lockdown measures. In the UK alone they have stopped the import of drugs worth millions, and are now **sending useless text messages to drug users telling them that all drug routes to their areas have been stopped and to call a phone number to a drug helpline**. Yet there are no plans to re-open all the NHS Detox and Rehab centres that have been closed by the Tories since they took power. That is something that would actually help addicts, now without a way to get a fix and definitely without a spare £10,000+ to pay for a private rehab clinic.

As [the National Crime Agency site](#) says:

£300,000 cash was seized alongside **cocaine worth £2 million** in Gravesend by the joint NCA and Met Police Organised Crime Partnership on April 14; £90,000 seized at Dover as part of an NCA investigation on May 11; and £400,000 seized as a result of Border Force activity at Dover the following day. **Our assessment is that Covid-19 restrictions have made criminal groups take additional risks in moving cash around**. The closure of many cash-based businesses in recent weeks has robbed OCGs of an opportunity to stash or launder their cash making it harder for criminals to conceal the proceeds of their crimes.

They haven't stopped there either, [with the closure of a supposed encrypted phone called EncroChat](#), used mainly by big time criminals for a high monthly fee, with no GPS tracking and the ability to send messages that were wiped instantly after being read. European police have arrested many top criminals who were using the phone to set up drug buys, arrange hits and other criminal activities. They have also helped in the international seizure of 25 tonnes of class A including: two tonnes of cocaine seized off the coast of Panama; four tonnes off the coast of Spain and Portugal, and **hundreds of kilos of heroin in Afghanistan and Pakistan**.

You might be thinking, well done, lockdown has stopped the drugs coming into town. However what do you think an addict who NEEDS a certain drug but can only obtain weak, cut, watered down versions of it due to the lack of a reliable source is going to do. After 5, 10 maybe 20+ years on the drug, do you think they will OR can just stop?

People who were spending £50 a day on drugs, many of them workers are now having to pay up to £250 for something that cost only £100 a month ago. What about all the non workers, the people who beg, rob and shop lift or burgle to pay for their habits?

Are they just going to stop, no because no-one is offering them the detox and rehab they need at no cost. No they are just going to rob more, steal more, burgle more, and your car and house insurance is just going to rise and rise. That is the unintended consequence of cutting off major drug routes. It stops the drugs, but doesn't stop the people needing them, and needing to pay the inflated prices for them.

Hey ho, that's just a minor point no-one will probably care about, but I will leave this little post about **COVID19** and how it has affected me, my friends, my local pubs and the lack of new films to watch whilst stuck indoors for now.

Instead I will leave you with **a list of all the measures contained in the COVID19 law** you will most likely forget about when it should come off the statute books in 2 years time.

Just remember that it's very hard to obtain freedoms and liberties from authority.

They usually come from illegal acts, strikes and constant protests but it's very easy for Governments to remove these freedoms at the sign of a pen, especially if the people are willing to let them do it as they are now, scared and frightened and willing to do anything to not catch the killer bug. A bug [whose numbers have been inflated by testing people who have died from existing conditions](#) such as strokes and heart attacks and then ticking the box for a **"COVID19 death"**, rather than the actual cause of death.

The emergency Coronavirus Bill was passed very quickly after 3 readings. It is now on the law books.

Read what the Government can now do to you and your freedom of movement due to the most draconian powers ever proposed in peace-time Britain.

- Forced detention and isolation can be of anyone, including children, and for any amount of time.
- Authorities can FORCEABLY take biological samples from your body.
- There's no clear access to legal rights from as-yet unidentified isolation facilities.
- Powers last up to 2.5 years...why so long?
- Lockdown powers could prevent protests against measures.
- State surveillance safeguards weakened.
- Protections from forced detainment and treatment under Mental Health Act lowered.
- Cremations can be enforced against personal and religious wishes.
- Changes to the court system. Registration of deaths.
- No inquests into suspicious deaths! No requirement for any medical certification for burials or cremations!
- It also indemnifies the health service should they fail for what ever reason to provide care.
- The most frightening part is only one medical 'officer' is required to sign off on a "**COMPULSORY TREATMENT ORDER**" which means... in the real world you can be forced to accept medication or held down and injected with whatever is seen fit which is the biggest and worst threat to your own freedoms. **Schedule 8 Pt1**.
- Local Authorities will now be exempted from compliance with their duties under **The Care Act 2014. Schedule 11**.
- So if someone dies in police custody or any type of custody they can simply dispose of the body without any paperwork medical exam or certification or inquest.

To me it sounds like a **Bilderberg / NWO dream Alex Jones probably warned us about in the 90's** before being kicked off all social media last year. As for me I am just waiting still for [the classification of my site so it can probably be removed as well](#).

If no-one else is going to remind you of these laws and the unintended consequences of letting the Police run wild without the support for those MILLIONS affected by their acts being implemented. Then I will until the day I am booted.

Just please pass this on, especially if you live in the UK.

If you don't you better check what **police state powers** have been passed in your country due to **COVID19** and what are you going to do about them.....

Well I don't really know how a Us professor managed to find, read and then add my own pwrsonal blog to a liat of 550 that are deemed too dangerous for people to read or be linked to in the first place. I guess in this post 1984 Orwellian world anyone who doesn't follow BBC state propaganda and toe the line is a danger to the establishment. I just can't believe my blog is on a list of sites in the first place that include PressTv Russia Today, Prison Planet, Infowars, Antiwar.com and many others. Paranoid some people call me, but are you really paranoid when you find yourself on a list of sites the establishment doesn't want people to read.

London CT Publishing - May 9, 2020

*****WORLD EXCLUSIVE FOR BELLINGCAT*****

Bellingcat arent the only concerned individuals in this world! London CT Publishing have been working behind the scenes for decades uncovering far right activity! Coronavirus has become a publishers enigma however two recent developments must be provided so that those that claim the virus isnt man made must themselves be DEBUNKED here right now.

1.Professor Luc Montagnier, 2008 Nobel Prize winner for Medicine, claims that SARS-CoV-2 is a manipulated virus.

2.TIME LINE ON VIDEO 5:52 DO YOU BELIEVE THE VIRUS WAS MAN MADE OR GENETICALLY MODIFIED

MIKE POMPEO REPLIES : THE BEST EXPERTS BELIEVE IT WAS MAN MADE I HAVE NO REASON TO DISBELIEVE THAT AT THIS POINT.

<https://www.msn.com/en-gb/news/coronavirus/pompeo-says-enormous-evidence-virus-came-from-wuhan-lab/ar-BB13xYQ9?OCID=ansmsnnews11>

London CT Publishing :

Luc Montagnier, was one of the co finders of HIV,before Luc statements were issued London CT Publishing placed articles upon Dark Politricks web publishing site explaining that certain proteins found within COVID-19 are remarkably similar to HIV virus.Furthermore based on paralegal work London CT Publishing although not qualified put forward another theory that whenever a virus mutates from species to species basically many Doctors explain that the protein structures of the new mutated virus in this case COVID- 19 will have changed from where ever it came from – thats kinda easy to understand,what happens when a virus mutates is it becomes more friendly towards other virus (we dont mean friendly as in the new virus wants to facilitate in a way to benefit the infected virus we mean it has to change its structure in order to physically bond to another virus) the problem is as follows there are 2 bat coronavirus that are about 90 percent or above similar to COVID-19 (go to Datk Politricks for more info) HOWEVER there are 100 percent similarities in certain areas between the bat virus proteins and COVID – 19 proteins and to date certain Doctors claim that would be impossible because in order for the the virus to have mutated the proteins discovered that match according to world microbiology studies wouldnt match!! unless COVID -19 was engineered (man made)

The Author IS NOT AN AUTHORITY AND ONLY HAS BASIC PARALEGAL EXPERIENCE to state the above.This is evidence provided not the authors opinions!

The Gamaleya National Center of Epidemiology and Microbiology is the world's leading research institution. The center was founded in 1891 as a private laboratory. Since 1949 it bears the name of Nikolai Gamaleya, a pioneer in Russian microbiology studies.

Gamaleya studied at the laboratory of French biologist Louis Pasteur in Paris and opened the world's second vaccination station for rabies in Russia in 1886. In the 20th century, Gamaleya as one of the heads of the center fought epidemics of cholera, diphtheria and typhus and organized mass vaccination campaigns in the Soviet Union.

The center runs one of the unique "virus libraries" in the world and has its own vaccine production facility. Since the 1980s, the specialists of the Gamaleya Center led the effort to develop a technological platform using adenoviruses, initially extracted from human adenoids.

The Gamaleya Center successfully developed and registered in 2015 two vaccines against Ebola fever using the adenovirus vector platform. Another Ebola fever vaccine was registered in 2020. The vaccines have been officially approved for use by the Russian Health Ministry. About 2,000 people in Guinea received injections of Ebola vaccine in 2017-18 as part of Phase 3 clinical trial. Gamaleya Research Center received an international patent for Ebola vaccine.

Gamaleya Research Center used adenoviral vectors to develop vaccines against influenza and against Middle East Respiratory Syndrome (MERS). Both vaccines are

currently in advanced stages of clinical trials.

Since 1997 Alexander Gintsburg, a member of the Russian Academy of Sciences, heads the Gamaleya Center.

Taken from Abu Stabooleni [Dark Web Productions] from the article -staking alot of crime out.Dr Moayyad Al kamali radio shack.

There are no rules in espionage only Dedman,Alexander Fretovalante.

Their Russian Embassy in London doesnt belong to Trump any more,the word is hes going one way or the other in the ded in the fed everyone pays eventually,he was cemented in around the time when 5G was pulled by British Prime minister Boris Johnston, guess the Fedz tell ya nonce and once only.

The story line is riddled,what is clear is that the former head of psychiatry in Dublin was most definitely vetted as CIA files hacked out by wikileaks along with his personal bank accounts proved a hidden amount of money Gross 20 million came from alleged British Inrelligence sources.

Paragraph taken from article.

Explained simply if the CIA and Irish Government security clear a person before allowing them to become the Head of a Department its not likely hes working for the Russians,right!? So when a group of ham radio dicks discovered military microwaves emitting from the Wedgewood Hotel 4 minutes walkie talk from the Russian Embassy you kinda figure it.The hotel was checked out and dont ask us,it belongs to dr Moayyad Al kamali,only it goes a bit further alot further in truth the Russians themselves never denied the allegations that Kamali was monitoring them.This has been going on for years.

Google Blocks My #Altnews Search Engine

Well it seems Google really didn't like the fact I made an #altnews search engine

By Dark Politricks

Well if you read [my last piece about going down the Google/Facebook social media plug hole](#) then you will know I created a little search box at the top of the site for anyone to use if they wanted to purely search some of the sites, [I and 550 others, have been placed on as too dangerous for you to make up your own minds about.](#)

However I came here today after showing a Facebook friend my site and suggested he **use the search engine** low and behold **it's been ruined by Google** so you can't even get any results back from it any-more!

I don't know why, I created the widget exactly as it told me to do and I added a number of sites so that when you entered a search only those sites would be returned. However **running a search now for 9.11 or Syria or "War on Terror" now returns ZERO results** when only last month it was returning hundreds of results and only from the sites on the new ban list.

Even just going to Google search engine and typing in "war on terror" **site:Washingtonpost.com, Telegraph.co.uk**, will only return results from the first site, **Washingtonpost.com**, and nothing from the **Telegraph**, if your lucky, otherwise it might just ignore the filters, ask if you are human, and then show irrelevant results.

Google just can't stop fucking over any blog or site that wants to get out the truth and alternative narratives for you to think about instead of getting all your news from corporate online papers, TV news broadcasts and other establishment outlets.

This has really pissed me off. I am either going to try a few new widgets or when I get some money - donations welcome please - [just go to my friends PayPal account and donate some money](#), the more I get the better **#altnews search engine** I can create, no Mainstream News BS, no BBC, CNN or Telegraph news articles **just alternative points of view from the best sites out there.**

I did it before when I had my own server and I hope to get another one, it used to return results from multiple search engines, remove duplicates, and the remove all the establishment sites so that only real points of view remained. If you want brain washing use Google and get skewed results that ignore any alternative points of view.

However I am a coder, I have the skills **I just need to afford a small hosting platform to write my search engine.** No need for nightly scrapers, just returning the news from the sites you all like through proxies with **NO CENSORSHIP.**

For now I have had to work with the devil and had to **replace the DuckDuckgo search engine with a Google version** but unfortunately it only allows me to **search ten sites for free.** Google are always trying to milk money from users in every way they can but then what else do you expect.

Anyway it has 10 sites including this one so if you do a search for 9.11 or False Flag you should get results from some of the sites on the banned list. However what I really want is to make my own search engine again, bit for that I need donations. If anyone can help please so otherwise content like this will go down the drain before long"

So if you can help me please donate, any amount, no matter how small will help. With **Google and Facebook cracking down on alternative voices** we need a way of getting easy access to all these sites providing them.

About Dark Politricks

Dark Politricks is a site dedicated to investigating the dark side of politics including corruption, propaganda, the police state, war on terror, the intelligence services and their misdeeds, false flag attacks and much more. The site also promotes free speech, internet freedom and justice for all people. For an overview of my beliefs and political leanings [please read this article.](#)

Whereas the old site was also an information clearing house on top of my own work this blog is purely pieces I have put together myself.

Please help me continue my work and blogging now that I have been removed from my main platform by making a small contribution or donation here. Any amount would be much appreciated!

A brief history of the socialist party of (M15) great britain how the left emerged from this and that and fractured and splintered and then forgot to buy a hard drive....

The formation of a new party was rendered imperative by the falling away of the SDF from the paths of political right-doing . . . Looking around them [some members of the SDF] in the political world they saw that organisations of the half-way house character were obtaining a larger measure of support, . . . they set themselves to the task of winning their own organisation to a similar position and to the adoption of a similar line of action.

In this they were highly successful . . . The founders [of the Socialist Party] were fully alive to the fact that such spade work had to be performed . . . It is easier to gain adherents to belief in a small palliative reform than to gain them to a new philosophy based upon an understanding of the material foundations of modern industrial slavery. But in the former case the adherents are not adherents for Socialism, in the latter case they are.

The Social Democratic Federation continued its service to political confusion after the formation of the SPGB. It eventually became the British Socialist Party and helped to found the Communist Party of Great Britain in 1920. During the first world war, Hyndman, the founder and father-figure, was expelled.

An earlier split from the SDF occurred in 1903, when the Socialist Labour Party was formed in Scotland. It was modelled on the SLP of America, a party that came to emphasize the economic side of the class struggle to the detriment of the political. The SLP were very active in the day-to-day struggle in their early years and many of the "Red Clydesiders" came from their ranks. In the SLP scheme of things, all workers engaged in a particular industry would belong to the union covering it, regardless of their trade or profession

WIKIPEDIA

The Socialist Party of Great Britain (SPGB) is a socialist political party in the United Kingdom. Founded in 1904 as a split from the Social Democratic Federation (SDF), it advocates using the ballot box for revolutionary purposes and opposes both Leninism and reformism. It holds that countries which claimed to have established socialism had only established "state capitalism" and was one of the first to describe the Soviet Union as state capitalist. The party's political position has been described as a form of impossibilism. wow its so impossible to understand why the socialist party of great britain even though officially ASKED CANT EXPLAIN POLITICALLY WHY IT DIDNT BUY A HARD DRIVE TO SAVE ALL THE WRITERS WORK....LIKE WOW COSMOPOLITAN.....YEAH RIGHT ON COMRADES

Redliner7 - archive material.
 By Brian Wheeler Political reporter for the BBC.

A tiny socialist party which believes in the abolition of money is sitting on a £1.3m cash and property pile, it has emerged.

The Socialist Party of Great Britain, which has 300 members, has cash reserves of £452,250 and property worth £900,000, its latest accounts say.

The party, which was founded in 1904 - making it one of the oldest in the UK - is based in Clapham High Street.

It bought the South London shop premises in 1951 for about £3,000.

But it has benefited from the boom in the capital's property prices, with the value of its assets increasing by £400,000 in a single year, according to its accounts.

Yeah i agree Alex Jones comes over as a Right wing Bigot.

British Jewish groups have accused UKIP of indulging in anti-Semitic conspiracy theories through its links with Alex Jones' right-wing website, Infowars, calling on the party to disassociate itself from the "vile" website.

The calls come in the wake of pipe bomb plots that targeted 14 high profile figures in the US including billionaire investor George Soros, and the Pittsburgh synagogue attack that saw 11 people killed and 7 injured – with Infowars being accused of "propagating conspiracy theories and dog whistle anti-Semitism" over the incidents, The Guardian reports.

One of UKIP's latest high profile recruits is Infowars' editor-at-large Paul Joseph Watson. Watson was one of three eye-catching Youtube personalities signed up by UKIP leader Gerard Batten in June this year, to breathe new life and attract a younger demographic into the right wing party.

Did u know that in the uk your not allowed to call putin a prick?? if you do the British military turn up on your housing estate pretending to be GRU and fill up your water taps with weedkiller

I don't mean to be alarmist or anything like that, but I have come to the conclusion that London tap water is something that should be avoided at all costs. In fact I will go as far as saying that the filthy stuff is poisonous and a downright danger to your health. London tap water is unsafe to drink and I will take it one step further and say that it isn't even a good idea to wash in the stuff.

It is a fact that 80% of London's drinking water comes from storage reservoirs connected to the River Thames and the River Lee. I'm sure that anybody that has ever been to London, couldn't help but notice the filthy colour of the water in the Thames and it is obvious that a lot of chemicals go into turning that into the stuff that flows out of the tap.

I'm basing my assumption that London tap water is a danger to your health from my own findings. When I first arrived here, I did a wee bit of research and found that the tap water was safe to drink, it maybe tastes disgusting but it was safe to drink. Not been one to waste money on something, which I could get for free and I thought I may eventually get accustomed to the taste, so I drank it.

However during my first 3 months living in London I had a constant sore throat, which just wouldn't go away. It was round about then that I discovered where the water I was drinking originated from and I thought holy f**k. I instantly put a halt to local tap water going down my sensitive throat. And believe it or not within a couple of days my throat was back to normal and it hasn't bothered me since.

Yes thats very true ...the Southern part of ireland is a Republic separate from the UK different country has its own Republic and Government and yet its the only country in the world that doesnt speak its own language.Now thats beyond a conspiracy theory ...The word is that in the Republic of Ireland it has been ordered by the NEW WORLD ORDER that the Irish cant speak their own language ...CAN SOMEONE FROM DARK POLITRICKS REQUEST IN WRITING FROM THE IRISH GOVERNMENT WHY THE IRISH ARENT ALLOWED TO SPEAK THEIR OWN LANGUAGE????????? its like the Americans speaking Russian or the spanish speaking Greek you know what we mean???? Like the Irish have had there own government for decades and they cany pass a law or give the country the go ahead to speak Gaelic...is this a form of repression an order or something else we should all know about please do let us know we are open to interpretation upon this subject

We can confirm the first language of the Irish republic is ENGLISH everybody everywhere speaks the language of ENGLISH as the first language and there is no opposition or law or Government endorsement for the Irish in the Republic to speak their native tongue Gaelic as their first language....is this weird VD or what ?? or some form of NEW WORLD ORDER telling Irish people not to speak their own language how would you react to being told you have to speak another countries language when your country has no Government ties with other countries THATS TIT RIGHT THERE STOP there is nothing in the Irish Republics constitution statiiing the country has to speak another countries language therefore IT MUST BE AN ORDER FROM ABOVE YES OR NO its your vote folks dont waste it!!!!!!

Sadly it is a fact that the Irish are being prohibited in the Republic of Ireland from speaking their own language Gaelic.I am a researcher and writer.Until recently it was kept quite however it is now a form of accepted knowledge that many former members of the Irish Republican Army (Once regarded as terrorists) have themselves been recruited by the CIA and MI5/6 others are so intoxicated they have completely lost all reality as to what is happening around them politically and how they are being used by others.There are a number of high profile former IRA members who work with political parties,solicitors,business,media that are most Definitely and Defiantly continuing in their two model role.It has come to the point that it is beyond embarrassing watching

these persons in operation and has got to the point where their medical ineptness is now having severe impact on normal politicians and members of both the British and American government alike ,its like selling a Dedmans horse twice to an Arab with more Kamali dung than China has opium.They say never Judge a book by its cover or look a gift horse in the mouthbut to be Frank.....

I guess its right to say that if the evidence suggests that political parties in the uk have purposely destroyed evidence and on the face of it there is no valid reason why the SPGB couldnt have saved their writers works,then there is no doubt whatsoever that Google must be found guilty of tampering and preventing and destroying evidence and web production.It is CIA practice to remove evidence or prevent evidence that undermines the state and Google work hand in glove as they themselves are intelligence gatherers.

Spoliation of evidence is the intentional, reckless, or negligent withholding, hiding, altering, fabricating, or destroying of evidence relevant to a legal proceeding.[1] Spoliation has three possible consequences: in jurisdictions where the (intentional) act is criminal by statute, it may result in fines and incarceration (if convicted in a separate criminal proceeding) for the parties who engaged in the spoliation; in jurisdictions where relevant case law precedent has been established, proceedings possibly altered by spoliation may be interpreted under a spoliation inference, or by other corrective measures, depending on the jurisdiction; in some jurisdictions the act of spoliation can itself be an actionable tort.[2]

The spoliation inference is a negative evidentiary inference that a finder of fact can draw from a party's destruction of a document or thing that is relevant to an ongoing or reasonably foreseeable civil or criminal proceeding: the finder of fact can review all evidence uncovered in as strong a light as possible against the spoliator and in favor of the opposing party.

what the state does not want is internet users finding evidence that can be used in other human rights cases or civil cases against local Governments or central Government infact many cases through out the world have been won by using internet collected intelligence and evidence....I completely agree that Dark Politricks has been tampered with whilst offering anybody at all the chance to provide and participate in free speech.Trump is one of the most profound bigots upon the planets surface he rants on and on and on about free speech,in the UK the secret service and their agents block people off from creating sites and believe US when we tell you that it is done on purpose with the intention of preventing people from being named.Britain is pseudo neo fascist state where people offer services and maintain an order in exchange for rewards good jobs and payment plans are rewards just to get a bit to close to reality some people participate in the uk and thats the best way of saying it and cant even get a 50 dollar overdraft,then you get others that can take out loans of 50,000 dollars equivalent without even going up against red tape something wrong there and meanwhile trump rants on about free speech and yet many normal people trying to get the message out in the uk are slowly suffocating and strangled by internet espionage agents that monitor and block.....its real its deadly real they actually prevent sites being listed on google,folks build sites and they block them on google they wany tou paying a company with a credit card so they know your identification rather than just supplying the details through geogle geo sites are whatever many have tried Google will just block them and then if your lucky and it gets placed on google a few months later it gets taken odd line this is not freedom of speech this is fascism if you wanna write about the conservative party or how to make cakes and biscuits or some poop scoop site about cats and dogs no problem try putting sites together that attack the state and thats it..another thing we aint against Government dull stop or the police they are after all needed but lets be honest in the uk they are just part of drug cartels or the next week they are working for Putin or Trump or Cocolacola.....

EVIDENCE GOOGLE BAN SITES:

Google has banned eight different adverts paid for by the Conservatives over the last month because they broke its rules, The Independent can reveal.

The move by the search giant comes amid mounting concerns about the Tories' use of disinformation and fake news as campaigning tools at the general election.

Transparency data released by the search giant this week shows that the adverts "violated Google's advertising policies" and had been removed.

If Poodle ban the conservative party from the Internet and the Socialist party of Great Britain ban their own writers then Poodle arent gonna think twice about tampering with Dark politricks are they?.... really I mean like there is a difference between and im not here to say it however I will remind you that if you are against then you are ...me im stuck in the middle cant get a loan or a reward cant publish cany go anywhere coz of some bio engineered bug cant do anything really than silently protest oh yes and you cant get food and the tap water apparently is filled with weedkiller ontop of that in the UK they are starting to destroy 5g becons look below for more info (on real) wars!!!!

Three recent mobile phone mast fires around the UK are being investigated as possible arsons,

amid concerns that people are attacking telecoms infrastructure because of a conspiracy theory linking 5G technology to the spread of coronavirus.

The mayor of Liverpool, Joe Anderson, also revealed he had received threats relating to the "bizarre" theory, which has gained traction on social media.

On Friday, emergency services were called to reports that a 5G mast was on fire in Liverpool shortly before 11pm. Police confirmed they were investigating the blaze at Spencer's Lane, Aintree, close to the M57 motorway.

Fire crews managed to get the fire under control quickly and were photographed parked outside the field shortly after it was extinguished.

The media regulator, Ofcom, said on Thursday it was monitoring broadcasters who spread the discredited conspiracy theory, although coverage has spread more widely on social networks, such as WhatsApp, Facebook, Twitter and Nextdoor.

Just hours before the reported incident in Liverpool, Anderson dismissed the theories as "bizarre". He said he was amazed by the amount of traction the conspiracy was getting on social media, and that all scientific and government advice showed the technology posed no harm to people.

INFOWARS!!!! BACK AGAIN!!!! AND NO WE DONT EAT PORK AND LUV YOU!!!!

REPORT BY MATT BLACK

UK mobile network providers have warned against the spread of "baseless" conspiracy theories linking coronavirus to 5G, after videos purportedly showing masts on fire were posted on social media.

West Midlands Fire Service said eight firefighters attended an incident on Thursday evening, involving a 70-foot tower on a telecommunications site in the Sparkhill area of Birmingham - though a spokesman said the cause was yet to be identified and could not confirm whether the mast in question was 5G.

A West Midlands Police spokesman said: "We're aware of a fire involving a phone mast, but are awaiting further details on its cause."

Several videos claiming to show 5G towers on fire were posted to a page on Facebook, which encouraged others to do the same.

The page was created on Thursday and taken down by Facebook on Friday morning. The wild conspiracy theories claim coronavirus is just a cover story used to hide the deadly damage being done by radiation caused by people being exposed to 5G radio waves.

UN WARNINGS ABOUT CORONAVIRUS SHOUL:D BE TAKEN SERIOUSLY.

Let it be known that personally I wish no harm to come to prime minister Boris Johnston he shouldnt suffer from COVID19 and as for Prince Charles I would abolish Monarchy they are not a welcome family.The conservative party with johnston as it leaders have sacked and removed more politicians than probably any other European party at all time like ever ...probably..... they are a pack of lieing,backstabbing,villianous cut throats.Boris Johnston and Prince Charles made remarks about Trump that where politically and personally offensive they both know what they have said and done.trump is part of the New World order and therefore any attack upon one of their own voices is an attack against the New World order itself.Boris Johnston has been pricked with a reverse form of pyschology as a punishment because he has defied the New World order he has smeared Trump and also prince Charles smeared Trump and so may have been dealt (hit) accordingly. The most right wing anti semitic neo fascists can be found amongst the new world Order and Johnston has been hit by them for attacking Trump ,hes been hit with a high level form of programming (hes been ordered) and as a result has suffered a form of breakdown and as a result finds himself with a situation his mind and body can no longer cope with and as a result has become unwell and I wouldnt want this on any human being least of all Boris,I support the state of israels right to self defence.Boris Johnston has to come to terms with the fact that his Government run severe dirty trix programs such as blocking web sites and chasing persons that wish to have free speech therefore your Government is not welcome SIMPLE but that doesnt justify what has happened to you .Boris must come to terms with the fact that COVID19 IS A BIOLOGICAL WEAPON and has been used against certain targets.COVID19 is now grown in laboratories one test tube filled with virus can infect more a thousand and one persons....dont think for a second there arent terrorists and other Governments given the opportunity wouldnt use this virus as a weapon.North Korea has ZERO COVID19 cases true or false you ask? If I had the vaccine I would give to boris so he could be welll again.The new world order does not support islamic state Trump has wiped islamic state from most areas.The new world order placed Trump into power and they dont take lightly at any leader of other Governments attacking them.....The New world order have people inside of MI5 and the british Police and British Government who want to get rid of Boris

Johnston. There are also countless of thousands of persons who want to get rid of Boris Johnston its just Nixon and Kennedy all over again its not personal with them but they are right wing neo fascists are worst enemies.

My name is Rabti and have found evidence of mrt trump being a member of the New World order from a court case!

Janis and Gregory Kaighn actually filed a lawsuit against Mr Trump last September, before he won the election, amid claims "Donald Trump is ineligible to run for president because he is plainly a member of the New World Order."

The Kaighns went onto claim the Trump family has been plotting behind the scenes to fix the 2016 election to ensure the "Trump dictatorship" made it into power.

In an article on Inverse.com, writer Cory Scarola, investigated what conspiracy theorists made of Trump.

He wrote: "Depending on to whom, if anyone, you decide to give credence, Trump is either an Illuminati agent or a New World Order ringleader.

"In either case, conspiracists say his victory in the 2016 election presents a grave threat to the future of American democracy.

Somehow it was typical of Boris Johnson to drag himself from his sick bed to the steps of Downing Street and to defy the cold by declining to wear an overcoat.

His eyes had the tired and shot look of a man struggling with illness, his unshaven face was pallid and he seemed to have lost weight.

But he remained stoically upright as he joined in the mass applause for the NHS and if the usual ebullience was missing there was at least a flicker of determination.

This was the first sighting of the Prime Minister on his feet for seven days after succumbing to the coronavirus and his appearance was in stark contrast to that of Health Secretary Matt Hancock, who has made a far swifter recovery from the symptoms.

Boris Johnson was admitted to hospital for tests last night because of his coronavirus symptoms, Downing Street said.

The prime minister was taken there as a "precautionary step" on the advice of his doctor. He tested positive for the virus ten days ago and had been in self-isolation inside his Downing Street flat since.

In the wake of the shocking news about the PM, many Brits took to social media to send their love and wish the PM a speedy recovery.

But some sickos took the opportunity to leave vile posts saying they "hope he dies" as it "would be funny".

Others quoted rapper Stormzy's lyrics saying "f*** Boris".

And a furious Piers Morgan today savaged the trolls on GMB, telling them to "just shut up".

Just shut up. Nobody wants to hear this... the man's fighting for his life."

The GMB host fumed: "To those people on social media who can't find it in themselves to be positive for the Prime Minister right now, who want to abuse him – if you're of that mindset, just shut up.

Due to a security incident, the websites for the World Socialist Movement and the Socialist Party of Great Britain are currently down for extended maintenance.
Learn more about the incident and what this means for your personal data
On 6 July 2018 the Socialist Party of Great Britain (SPGB) discovered that a malicious third party had gained control of the worldsocialism.org web server. The server hosts the websites for the SPGB, the World Socialist Movement (WSM), the Socialist Party of Canada (SPC), and the World Socialist Party of New Zealand (WSPNZ).

Once we became aware of the attack, we immediately took the web server offline and began taking steps to assess and repair the damage. Our initial assessment is that the attack took place on or around 30 June 2018 and that it was effected through a security flaw in the content management system that powers the SPGB website. The identity of the attacker is not currently known to us.

The evidence we have examined so far suggests that the attacker had the opportunity to access almost all information stored on the web server, including the SPGB forum's user database. The user database stores passwords in a secure manner, so it is unlikely that the attacker was able to see them. However, the attacker may have been intercepting data submitted through the SPGB website from the time of the attack until yesterday evening. This means that if you logged into the SPGB forum on worldsocialism.org, then the attacker may have your username and password. In any case, if you use the same username/password or e-mail/password combination on both the SPGB forum and on other websites, we advise you to change your password on those other websites immediately.

If you entered any other kind of information (such as submitting a contact form or sending a private message on the SPGB forum) on the websites of the SPGB, the WSM, the SPC, or the WSPNZ, then for now you should proceed on the assumption that that information has been exposed to the attacker.

We are still working to assess the extent of the attack and to repair the damage, and we will attempt to notify any and all affected users directly once we are able to gather their contact details from the relevant databases. So far we have been able to restore the SPC and WSPNZ websites. However, the SPGB and WSM websites could remain offline for several weeks while we fix the security flaw that led to this breach.

If you have any pressing questions or concerns about your own personal data, please address them for the time being to the SPGB's Internet Committee at spgb.internet@worldsocialism.org. We will post updates of a more general nature here as our investigation and restoration work progresses.

CRAIG MURRAY - Dark Politricks and the 2017 Vault!!! Vault(7)

On 6 July 2018 the Socialist Party of Great Britain (SPGB) discovered that a malicious third party had gained control of the worldsocialism.org web server.....read on.....

Murray - "I have published the only detailed account of the defence case. In consequence not only was I slung out of court by the judge on a motion of the prosecution, and threatened with jail by the Crown Office for contempt of court, the judge also made an order making it illegal to publish the fact that I had been barred from the court, in effect a super injunction". NOTE Murray was also banned by the CIA from entering the United states and yet here is in his own words descibing how he met certain persons in the United States after being banned from entry!!

Murray explained that the two sets of documents handed over to Wikileaks came via two different American sources, both of whom had legal access to them.

He describes a lot more about the Podesta emails, of which he said he had "first hand knowledge," because of something he did or learned on a trip to DC in September. In this interview, Murray says "The material was already, I think, safely with WikiLeaks before I got there in September," though other outlets have suggested (with maps included!) that's when the hand-off happened. In that account, Murray admits he did not meet with the person with legal access; he instead met with an intermediary. That means the intermediary may have made false claims about the provenance.

So who was it that got Craig Murray into the United States? The answer MI6/KGB and the article that explained it all was destroyed and blocked wait for this was by MI5/The Socialist party of Great Britain!!!! here is the article <https://issuu.com/darkpolitricks> this dark politricks reference site for dark Politricks was setup in 2017 it was in no way setup to mislead but to inform Dark Politricks readers of further INFOWARS related sites and was published back in 2017! ON RECORD : Wanna be in my gang Fatman

The article in no way points any fingers at the Chinese so lets explain whats going on here !
The fatman is of course Trump hes fatter than Pompeo and thats saying something,he controls gas and power – he isa da fatburg of all!,The picture of a bat with a human head is whats going on in his tiny narrow mind ...HAUNTINGS...as for the ALLEGATIONS that British Prisoners have been tortured and harmed absolute truth!,,hidden tor sites explain that inmates that left Woodhill prison developed skin complexes,tiredness and other illness,Beatings and murders yes without a doubt Woodhill prison has a proven record for this,putin another way the police and the CPS wouldnt have charged Woodhill staff with Hangings unless they themselves believed they had committed murder ,it takes a lot for the police to come forward like this and they know about torturing techniques in prisons,the fact the staff where found innocent makes no difference to the truth and we dont say this light hearted.For the rercord and dont quote the writer apparently although its from TOR the Americans helped design Woodhill prison,as for cctv cameras years ago when the articles where floating about a main concern was that there where no cctv pointing at individual cells!!! finding out todays setup is MI5 business.

Apologies dont know much about heimdall security where there at politically!but weve included this as in continues with the loch ness theme deep and murky,timeless,fascinating and unexplained.....

What's the dark web then? Well, if the clear web is Google's BFF and the deep web, its secret lover, then the dark web can only be the evil twin or the oddball.

Accounting for 6 percent of the Internet, the dark web is a most peculiar blend – on the one hand, it's a cesspool, a rendezvous place for drug dealers, black hat hackers, hitmen, and human traffickers. On the other hand, due to its covert nature (I'll get to that in a sec), this Internet fold acts like a liaison between political outcasts and people the free world. It's also used by people who want to submit anonymous tips (whistleblowers).

The dark web is favored by both groups because of its ability to render anyone and anything invisible. Privacy and anonymity are what you might consider the core values of the darknet. There's no such thing as a mother-server that hosts the entire dark web, but rather a swarm of servers and nodes that can only be accessed through onion-type links. So, what are those?

<https://www.timesofisrael.com/british-holocaust-denier-david-irving-to-lead-nazi-death-camp-tour/>

<https://www.theguardian.com/world/2006/feb/20/austria.thefarright>

Allegations found on internet sites in April this year 2020, make it clear that former Irish Independent Newspaper sub editor Albert Smith misused his position of power politically to his own ends by celebrating,endorsing and approving the public sale of literature produced by self confessed convicted fascist David Inwing.It was uncovered by Russian Yandex hackers that it was Smiths own personal decision and plan of action,none other,acting as a sub editor of the Irish Independent newspaper,to oversee the publication of an article produced and written personally by himself that would promote the sale of Irwings published fascistic books collectively by describing them as a scholarship.

After the Guardian Newspaper announced David Irwings jail conviction in for production of anti semitic literature it was expected that the NUJ under its own rulings and regulations would

automatically turn there own immediate attentions to any Newspapers or journalists that had in the past prior to Irwings conviction blatantly collaberated with Irwing themselves in producing anti semitic publications for Newspapers.European laws thankfully prohibit actual production of any form of anti semitic articles in Newspapers for public sale, however despite the recent discovery by Russian Yandex hackers of the obvious illegal activity of the Irish Independent Newspaper the National union of journalists the (NUJ) have been found guilty of failing to take legal actions against known journalists within their organization that have seemingly committed anti semitic criminal offenses in the past when there is more than enough evidence to start summary proceedings against them.

The NUJ as an acting body does not identify the historically published anti semitic incident produced by the Irish Independent even though evidence of the newspaper article is still in existence and online today.At the time of Irwings convictions there where no NUJ investigations. Yandex sources indicate Albert Smith is at present 2020 payed a regular weekly income from the Irish Independent Newspaper which is a completely disgraceful situation.

Help Me Create A Real #Altnews Search Engine

Google can crack any attempt to use their widgets to search out the box but you can help me?

By Dark Politricks

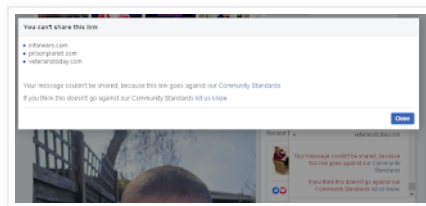

Recently I have had to revert back to a "Google" search widget, one which hardly includes any of the sites I had set it to search from, when you try to **think outside the GoogleBox** by getting "9.11" or "Syrian War" news.

Not just from sites not recommended as "authority safe" but actually **listed as "Fake News"** appearing on a list of 550+ sites including mine, compiled by a US Professor to let Facebook automatically flag URLs posted in Direct Messages and Google to not include them in their results.

The top answer I get using this Google widget which is only supposed to search sites I WANT, are of course https://en.wikipedia.org/wiki/September_11_attack, a site about new release of **DEBIAN??**, and of course the very anti-authoritarian <https://news.sky.com>. Neither site I listed in the clearly labelled box to enter sites you only wanted to search.

Of course this is not just limited to Google preventing you see what you want but even messengering friends on Facebook something containing a banned link causing an instant block as those sites violate their Community Standards.

Try it open a **Facebook Messenger Chat** and just enter the domain name of Veteranstoday.com and see if your message gets sent to you friend. Here is what I get when I try to send 3 links from the **"banned list"** to a friend and then remember that conspiratorial thought police that would never happen, and **how evil Google was to help China install their Internet Firewall preventing Chinese users from accessing the whole web.**

When **China got Google to break their own "ideology" to "do no evil"**, if they even ever believed in that fake motto it was to cover their real one, **"do whatever to get rich"** and of course help the MIC who seeded your start-ups with black money, by creating the strongest firewall for a country as of yet seen. The western liberal nations all lambasted them, that is before countries like, **Australia, UK**, and many others implemented similar situations. Well what did we all do?

We are still crying **"Human Rights Abuses"**. The Chinese public must be able to access the Internet without **ensorship**. Especially with the **#COVID19 virus**, the photos of dead bodies were top news, and now with [the sudden emergence of people after 3 months of lock-down](#) from **Wuhan**, the photos, tweets and videos kept alive by **Chinese protestors**, to only be taken down then re-posted up again, are retold and retold by **CNN** and the **BBC** as some sort of bravery that only the Chinese need to do.

What about our human rights abuses?

Just think!

Dark Politricks is a site dedicated to investigating the dark side of politics including corruption, propaganda, the police state, war on terror, the intelligence services and their misdeeds, false flag attacks and much more. The site also promotes free speech, internet freedom and justice for all people. For an overview of my beliefs and political leanings [please read this article](#).

Whereas the old site was also an information clearing house on top of my own work this blog is purely pieces I have put together myself.

Please help me continue my work and blogging now that I have been removed from my main platform by making a small contribution or donation here. Any amount would be much appreciated!

What are we not being told, or not able to access because **Facebook, Google and the Silicon Valley/MIC nexus** is preventing alternative narratives to the stories that our establishment broadcasters are peddling us. What are they hiding, well just try looking and then you might get a clue or too.

Try searching some of the sites that on the banned list or passing them over social media networks owned by the **3 letter agencies** and see what you can and cannot discuss without being instantly labelled a crackpot for having a theory outside the main stream though.

Sheep who read their daily paper full of death gloom and how we must all follow the most stringent anti liberty rules since WWII. News constantly on the TV and Radio, breaks in popular TV shows for Oxbridge Etonian Tories to tell us to all stay inside and not go out to **"Save the NHS". Well maybe the NHS wouldn't need saving if you hadn't been planning on privatising it, preventing fair pay for junior doctors forced to work 90 hour weeks and allowing all your masonic friends to get bids in whilst the time is right.**

Are we in a Police State of our own invention or just too scared to ask "why"?

I have the code for a **"Super Search Engine"**, one that will search multiple sources, remove duplicate URLs and only allow URLs on a **"Whitelist"** or in this cases **Facebook's "Banned List"** to appear.

I can place it behind [Cloudflare](#) to reduce bandwidth and hide remote IPs, I can create widgets to it for people to embed into blogs to **get only "banned" news**.

If I had the money I would do it myself but I don't. What I do have are the coding skills to get something like this going. Start it and let someone run off with it. I don't really care who owns it I **just would like a search engine that would ONLY search sites they are told to for news** they most certainly have listed even if it's ranked on page 500 despite having the best SEO.

Want to help me? Go and donate a few dollars or pounds at a friends site <https://www.paypal.me/strictlysoftware> and if no-one will donate some server space then maybe I can rent some with enough help.

One for thing is sure, these search engines widget bars to enable you to customise your searches, are pure crap.

I did not create an **"alternative search engine widget"** that when **running a search for 9.11** returns a link to <https://www.cia.gov/library/publications/resources/9-11-tenth-anniversary>

Help if you can, I really don't want to write this myself using ASP Classic....

Why do you think I am using this platform at the moment with constant backups. Bandwidth == MONEY, the more people who visit a private VPS or Server, costs the owner £\$ in bandwidth. I can prob pay for a server or hack my own together but what I cannot afford is the bandwidth from people all coming to the the site or from Twitter Rushes, or inbound links or Retweets etc etc.

A kick in the teeth when you can obviously see sites going offline and famous original conspiratorial actors such as AJ and even non actors like TweetyPie or whoever getting deranked or de-platformed. It is going to be a very different internet in 10 years, COVID has brought in the most anti libertarian laws in UK and prob many other countries and why are they on the books in UK for 2.5 years? Hoping the citizens will forget about them and not demand they are repealed (although protesting against the laws is itself illegal) - pushing through privatisation of the NHS, letting one doctors signature be enough to give you meds against your wishes, held in a "isolation unit" (unit....??) for unspecified lengths of time. People killed by malpractice in a hospital not allowed to sue and the body can be disposed of ASAP, preventing funerals and families religious wishes. I just hope people remember after COVID goes away that these laws are still on our books and in 2.5 years when everyone has forgotten about them demand they are removed.

Nothing is wrong with DEBIAN, or any LINUX or Freeware, I have 2 old laptops screwed together to work as an automatic betting BOT on certain sites. However what costs money is BANDWIDTH, I can write code, put it on a server, but over 60% of all traffic (I know from Twitter Rush analysis, Tweet a link out then scan your Apache/IIS log files to see how many BOTS, SERPS, Social Media BOTS, Brand BOTS, Scrapers, Email Harvesters, Hack BOTS, blah blah, come to your site all at the same time) - you can get rid of most of these by knowing what to look for and just using an .htacesss file to add rules to block any UA under IE 9 (a lot of BOTS are just downloaded by script kiddies then ran without even changing the default user-agent which is usually IE 5.5 due to the old code) - so remove as much bad traffic as possible, use a JS encrypted onload=document.redirect='realurl' at top of all pages to redirect only ppl using JS (if you want to stop JS users) - but then you are still left with X no of people downloading your content to their laptops which == ££££, my last site was on a Debian server and cost a few hundred ££ a month to pay for the bandwidth on top of hosting costs. OK if you are working and can afford it. If your not then its a lot of change. Which is why I would encourage visitors to ignore rules by the big G and click those things that may bring money to me to help me afford such hosting again. Its always the bandwidth, no matter how many visitors you remove you have to pay for traffic, the more popular the site the more ££ you need.

Russia – Israel ,Interesting facts and figures how Israel is under massive Chinese, Russian cyber espionage attack (Conservatively explained to the ignorant and dumb of mind Malware is an accepted form of Monitoring – London CT publishing)

This might be a surprising language to find on this particular list, but the truth is that Russian is the one non-official language that is spoken by highest number of people in Israel. Editor Today more than a quarter of the Israel population speak fluent Russian BELIEVE and believe that is an incredible fact...bit scary 2?????...to some maybe but it is a fact that Darebear is big in Israel!!!!

Israeli prime minister Benjamin Netanyahu offered some insights into how he had wooed Vladimir Putin into the most fruitful partnership of any western leader. First, he paid homage to Tolstoy and Dostoevsky. Then, he thanked the Red Army for defeating the Nazis. Editor - Tolstoy eh????!!!! maybe theres hope for BI BI yet.

Addressing a recent meeting of the Russia-Israel Business Dialogue Forum, organized by the Israeli-Russian Business Council in Jerusalem, Elkin said: "Our trade volume, at least, according to the Israeli system, both in 2018 and 2019 exceeded US\$5 billion. New York Heroin cartels earn 5 billion easy so work it outdont want to get in to deep ...by the way did you know Israel Government grows cannabis??? yeah really look here: Reporting from Jerusalem — Raphael Mechoulam seems an unlikely figure to be called a pot pioneer. But the 88-year-old Bulgarian-born Holocaust survivor and professor emeritus at the Hebrew University of Jerusalem was among the first scientists to isolate psychoactive ingredients in marijuana Cannabis export from Israel has received the final government approval, after one year of waiting. The Israeli cannabis industry has been stymied for quite a while, mainly in part to U.S. President Trump asking the Prime Minister and de facto Minister of Health of Israel, Benjamin "Bibi" Netanyahu to halt the export of cannabis flower from Israel.

Researchers, historians, Shin Bet counter-espionage operatives and even the broader public did not need Israeli daily newspaper Yediot Aharonot's exposé this week about Israeli Soviet spies in order to know that Soviet intelligence tried and succeeded in penetrating into the heart of Israel's diplomatic-security-intelligence establishment

A few months ago, "Ophir," a senior official with a rich intelligence background turned private cyber security expert, was called back to duty.

The mission: Ophir and a team of experts were asked to examine the security of some of Israel's main computer systems. A few systems were defined as "strategic," others of lesser importance. But since less time and energy is spent on protecting these secondary systems, it can make them even more vulnerable to infiltration. The investigation team was put together by one of Israel's governmental intelligence and information protection agencies. (Editor -This is a really funny guy!! its none of my business but it is however we know a thing or two ourselves and that is in the world of espionage malware is an accepted form of monitoring Julian Assange and WikiLeaks proved that iPhones TVs just about everything has malware designed to spy on the consumer however people who buy them dont throw them away or destroy them after finding this out do they??? what do they go and do keep using them its whats known as a Dilemma same with Google cant live with it or without it)

Thats not in anyway an inflammatory statement its a fact that Google and espionage agents stink of corruption ,lies and deceit. There is a saying conjured up by London CT Publishing many years ago "There is nothing secret about British Intelligence or their activities, just where they live and how much money they earn, everything else goes out through the back door"....."You deploy all these different resources and liaise with all these specialist groups," she said. 'And then you get all the information back from all the different sources and you need to compel a picture. On a day-to-day basis it's a bit like doing a jigsaw puzzle" wow Annie Machon on how MI5 operate what an informative piece of journalism....Having said that, we did use some Bond-style gadgets. And it's exciting when you get your 'alias' and an official passport in that alias; everyone who got that thought, "Wow this is so cool".....oh jeeezzzz

Annie Machon and RT Television holding back on MI5 Operations.

In Literacy circles once an author has written a book thats it full stop period theres no turning back on what youve written,every writer gets that one shot one kill.When you co- write a book you effectively take responsibility for the co author.

<https://anniemachon.ch/spieslies-and-whistleblowers-mi5-and-the-david-shayler-affair> Miss Machons official web site for the book you can find out more info there.

"In this remarkable book, Annie Machon makes serious allegations against the British state's intelligence services, MI5 and MI6. Ms Machon and her partner David Shayler are former high-ranking MI5 officers, both now retired from the service. The book's allegations derive from their experiences and deserve at least to be the subject of inquiry".

RT television regulary has Annie Machon as a guset <https://www.rt.com/> Its about time someone asked RT television for Miss McMahon opinions on David Shayler appearing as a speaker at a Neo fascist meeting, is this not evidence he is still working for MI5?.Take this a step further and a question of Annie Machons credibility may also come into focus as her own answer to such allegations could well seal here own fate and that of RT television if they simply keep ignoring the issue itself of why Annie Machon has remained silent for such a long time upon this topic ,which we can assure readers here at Dark Politricks she is well aware of.

Why this page deals with CODES!!! here is the original BLUEPRINT for COVID19 Vaxine...whats this guy on you ask?? ..well some of the vaxines are developed through implanting into existing virus...The UN forces research work and blueprints to be sgared (we think but its life Jim but not as we know it)

In 1994 Gilbert returned to academia, joining the laboratory of Adrian V. S. Hill. Her early research considered host-parasite interactions in malaria.[6] She was made a Reader in Vaccinology at the University of Oxford in 2004.[6] She was made Professor at the Jenner Institute in 2010. With the support of the Wellcome Trust, Gilbert started work on the design and creation of novel influenza vaccinations.[6] In particular, her research considers the development and preclinical testing of viral vaccinations, which embed a pathogenic protein inside a safe virus.[

Detailed Description:

This is a phase I, open-label, dose ranging clinical trial in males and non-pregnant females, 18 to 55 years of age, inclusive, who are in good health and meet all eligibility criteria. This clinical trial is designed to assess the safety, reactogenicity and immunogenicity of mRNA-1273 manufactured by ModernaTX, Inc. mRNA-1273 is a novel lipid nanoparticle (LNP)-encapsulated mRNA-based vaccine that encodes for a full-length, prefusion stabilized spike (S) protein of SARS-CoV-2. Enrollment will occur at one domestic site. Forty-five subjects will be enrolled into one of three cohorts (25 microgram [mcg], 100 mcg, 250 mcg). Subjects will receive an intramuscular (IM) injection (0.5 milliliter [mL]) of mRNA-1273 on Days 1 and 29 in the deltoid muscle and will be followed through 12 months post second vaccination (Day 394). Follow-up visits will occur 1, 2 and 4 weeks post each vaccination (Days 8, 15, 29, 36, 43, and 57), as well as 3, 6 and 12 months post second vaccination (Days 119, 209 and 394). The primary objective is to evaluate the safety and reactogenicity of a 2-dose vaccination schedule of mRNA-1273, given 28 days apart, across 3 dosages in healthy adults. The secondary objective is to evaluate the immunogenicity as measured by Immunoglobulin G (IgG) enzyme-linked immunosorbent assay ELISA to the SARS-CoV-2 S (spike) protein following a 2-dose vaccination schedule of mRNA-1273 at Day 57.

BREAKING! LatestCoronavirus Research Reveals That The Virus Has Mutated Gene Similar To HIV and Is 1,000 Times More Potent.

Source: Coronavirus Research News Feb 29, 2020 1 month ago

Latest coronavirus research by a team of researchers from Nankai University in Tianjin lead by Professor Ruan Jishou, a prominent virologists and genomicist have discovered that the new SARS-Cov-2 coronavirus that causes the Covid-19 disease has a mutated gene that is found in HIV virus. It is this unique feature that sets it aside from the rest of the known coronaviruses.

The study is published this week on Chinaxiv.org, a platform used by the Chinese Academy of Sciences to release scientific research papers before they have been peer-reviewed .(<http://www.chinaxiv.org/abs/202002.00082>)

These findings have huge implications on the potency of the coronavirus and also what it can cause in humans, not just the Covid-19 disease. Furthermore, the Covid-19 disease should never be compared to like the common cold or influenza virus as this new coronavirus is in a separate league of its own.

Though it has not been peer reviewed, two other studies including one in Europe has confirmed the findings.

The combined findings from the three studies indicates that because of the HIV-like mutations, its ability to bind with human cells could be as much as 1,000 times more potent than the initial SARS virus of 2003.

The findings also indicate that the new SARS-CoV-2 has a 'dual attack' approach of binding to human cells.

CONFIRMED: CoVid-19 coronavirus found to contain unique "gain-of-function" property "for efficient spreading in the human population" ... exact quote from science paper just published in Antiviral Research

02/19/2020 / By Mike Adams

We now have bombshell, smoking gun evidence that the CoVid-19 "Wuhan" coronavirus was specifically engineered as an offensive biological warfare weapon, designed to target to exterminate human beings.

A new study published in the peer-reviewed journal Antiviral Research (Vol. 16, April 2020) is entitled, "The spike glycoprotein of the new coronavirus 2019-nCoV contains a furin-like cleavage site absent in CoV of the same clade."

It reveals that the CoVid-19 coronavirus contains unique features that allow it to function as a more efficient weapon system for human-to-human transmission, which helps explain why the virus has been impossible to contain (even under "quarantine" conditions, which have universally failed in China, Japan, Korea and elsewhere).

As the science authors of the paper explain in the full text, "This furin-like cleavage site... may provide a gain-of-function to the 2019-nCoV for efficient spreading in the human population." (Emphasis added)

Further, the science paper finds that there is no known viral ancestry to the CoVid-19 coronavirus, meaning it did not evolve from nature. It was engineered, and the science paper authors also state that the virus contains elements from MERS, stating, "Before the emergence of the 2019-nCoV, this important feature was not observed in the lineage b of betacoronaviruses."

The abstract and full PDF (paid) of the study are available through this link at ScienceDirect.com:

Biological engineering is a superhuman development its also a science like building Nuclear bombs now dont get me wrong here but whats the chances of one of the Wuhan laboratory and the inception of this disease being in the same place again very slim indeed infact in legal terms you will be found guilty The law of total probability is[1] the proposition that if $\{B_n : n = 1, 2, 3, \dots\}$ $\left\{B_n : n = 1, 2, 3, \dots\right\}$ is a finite or countably infinite partition of a sample space (in other words, a set of pairwise disjoint events whose union is the entire sample space) and each event B_n B_n is measurable, then for any event A A of the same probability space...EXACTLY NORMAL HUMAN BEINGS ARENT PROGRAMMED OR HAVE BRAIN POWER MYSELF INCLUDED tyo work things out scientifically so....with the trickery behind US examine the following

A new lawsuit argues coronavirus is a biological weapon made in Wuhan. The premise that coronavirus is a bioweapon has been debunked by several highly-cited scientific papers in the past. U.S. intelligence's conclusion that China concealed information in itself carries significant merit.

A new lawsuit has been filed [PDF] with the International Criminal Court (ICC), arguing coronavirus is a bioweapon. The theory has already been debunked in the past by a paper published on the New England Journal of Medicine, but the argument is still consistently put forward.

The lawsuit—filed by Freedom Watch Founder Larry Klayman—recognizes that coronavirus emerged at an unplanned and unexpected time, despite establishing a theory that the virus was created to target the military of other countries.

Legal representation and election of domicile

The applicants will be represented for the purposes of this procedure by:

Mr. LARRY KLAYMAN, Esq., advocate, a former U.S. Justice Department prosecutor and licensed attorney and the founder, Chairman and General Counsel of Freedom Watch, Inc., 2020 Pennsylvania Avenue N.W., Suite 345, Washington, D.C. 20006. Telephone: (561) 558-5336. E-mail: leklayman@gmail.com

I.

INTRODUCTION AND NATURE OF THE ACTION

1. This is a complaint for the opening of an inquiry by the Prosecutor at the International Criminal Court under Article 15 of the Rome Treaty to investigate the urgent and important question of the likely creation and release, accidental or otherwise, of a variation of coronavirus known as COVID-19 by the People's Republic of China and its agencies and officials and functionaries as a biological weapon in violation of China's agreements under international treaties, 1 and the subsequent reckless and criminal release from the Wuhan Institute of Virology into the city of Wuhan, China, in Hubei Province.

2. The Complainants also allege among other acts that the Defendants failed to prevent the Wuhan Institute of Virology's personnel from becoming infected with the bioweapon and then carrying the virus out into the surrounding community and proliferation into the United States.

3. This is also a complaint for the Defendants' violation of international treaties and international law and obligations by withholding medical information on the spread of the COVID-19 virus, resulting in thousands of avoidable and unnecessary deaths and illnesses and massive world economic damage caused by the delay in sharing medical information about the spread of the virus.

36.

COVID-19 was designed by China to be a very "effective" and catastrophic biological warfare weapon to kill mass populations.

37.

The nature of biological warfare weapons include discovering a life-threatening virus or bacteria already existing in nature but then refining, developing, adapting, and/or perfecting it as a weapon and illegally maintaining a stockpile of the bioweapon.

So there you have it some Lawyers believe COVID19 to be a biological weapon and some

Doctors in this world would if they could dare we say it section off Mr Klayman and why we are all waiting others including the British Government will starve US to death by not dealing with the Chinese Government to import noodles etc directly to UK instead leaving US with empty Supermarket shelves and crackpots telling us on TV there is plenty of food...Personally London CT Publishing fully endorse the crackpots (only joking) at Dark Force Politricks to continue in their good works in producing extremely contagious codes that others such as Poogole and Kamal crackpots wish to prevent!!

Some call Dark Politricks crackpots and have this site blacklisted...and others will without a doubt say its crackpot Dark politricks wanting to create a search engine and allow anybody to run off with it simply because so many persons brains in this world revolve totally around money!!!
 "If I had the money I would do it myself but I don't. What I do have are the coding skills to get something like this going. Start it and let someone run off with it. I don't really care who owns it"
 At the end of the day London CT Publishing see why publishers such as Dark Politricks and London CT Publishing itself get branded and chased and prohibited we don't think in anyway at all that dark Politricks should be prevented from allowing others to use their services or offer others the right to free speech and offering free speech, misled and probably misunderstood at times perhaps? dark politricks are outspoken and people who don't support the Israel state are defined as anti semitic.the most important thing any individual within this world has left is their right to free speech and most Governments do wrong to their own people at some point...and yet very few people offer a platform for free speech to talk about human rights abuses...Dark politricks have never suppressed this form of free speech and so whether we all get branded a bunch of cranks makes no difference to the truth that is exposed herein contained within these published pages.Finally others will brand any person or publisher including London CT Publishing for endorsing Dark Politricks to those we say setup your own web sites and stop bothering US !!!!!...and if we can we always will>>>>>

Well thank you for your support. As I have said before I used to have such a search engine which was easily written by a very long blacklist of "Authoritative Sites" e.g BBC, CNN, MSNBC, to ignore from results passed through from proxies (like TOR searching Google, BING, Yahoo at same time), and then removing these sites and dupes from the results - then a white list of "alternative sites" - this ban list of 550+ helps ID them a lot but back then it was my own list, to re-order and push up the rankings of the results according to simple pattern matches using RegEx to match words/strings from search in title/H1/H2/Tags/Categories. This way it allows NEW sites to still appear OR sites no-one has blocked yet but still removes the main offenders of state propaganda from the results. As I say, I don't want to make money from giving people access to resources - if someone wants to pay me to write it then bonus - I would - however the fight against censorship is more important in my eyes.

More onAndrew Dedman (Economic Crime Unit/MI5)

Hi this is my first input on Dark Politricks grew up near Wolverhampton. also lived in London and Cambridgeshire ,I had a job with the British Government for my sins(cant say exactly what but it makes no odds) got kicked out and then became a Professional criminal,then writer,Im not giving my name away for free however I will leave you a few clues you can find my person in well known crime books...anyway Ive used a few contacts and researched on Andrew Dedman as mentioned upon this site there is a file but I cant get access to it directly and it came from those Wikileaks chaps as follows Andrew Dedman :

School of Electrical and mechanical Engineers,Royal Engineers (Intelligence unit team leader)
 Economic Crime Department (Espionage/Political) City of london police.

Theres an article below included on what Economic crime is for those who dont know - in plain English Economic crime can involve MI5 contracts and work.Economic Crime Units tend to investigate or have Departments within them that specialize in political crime and also prosecuting on behalf of the state.No normal police officer ever gets into the Economic Crime unit at the City of london therefore without a doubt what with Andrew Dedmans background hes a ringer for being recruited into MI5.

Economic crime is usually confused with another term, corruption. There are different definitions of what is corruption. Each definition illuminates different dimensions of the phenomenon to be studied, influencing the analysis and prosecution tasks to be implemented. A first definition focuses on public ethics. Here, corruption is defined as an ethical confusion between public and

private space. A second vision relates the problem of corruption to the lack of transparency of the state, may that be it in the form of barriers to access public information or the pinpoint hiring opportunities to certain companies in the area of goods and services. However, there is a third definition, which is the one that we as an organization promote: corruption is one of the many parts of a more complex and more comprehensive criminal phenomenon, which is economic crime. Therefore, our vision is not limited to crimes committed in the public sector, but also extends to those perpetrated by economic actors in the private sector.

Thus, economic crime covers a wide range of offenses, from financial crimes committed by banks, tax evasion, illicit capital heavens, money laundering, crimes committed by public officials (like bribery, embezzlement, traffic of influences, etc.) among many others.

Economic crime is regarded to generate a considerable social damage. That's because it doesn't only affect democratic institutions but also undermines the state treasure by cutting available resources for the implementation of public policies. Those who are more vulnerable are those who need these policies the most that is way they become one of the main victims of corruption and economic crime. At the same time, the social damage generated by this criminal activities is usually invisible: apart from the general indignation, is rather complex to have a precise awareness about the true effects of these crimes.

Moreover, selective and inefficient prosecution of this type of crimes and those responsible, evidence the structural impunity in our judicial system towards this criminal activity. Of course, this is linked to the fact that economic crimes are often carried put by powerful actors linked to political and economical power.

Economic crime is generated from a hidden power that defines the relationships between economics and politics. Financial liberalization and market reforms undertaken in Argentina in recent decades, left as a result a gradual process of institutional state capture by major economic groups. This capture is now expressed in a powerful influence of these economic actors in the decision making processes, the implementation of public policies and distribution of economic and social resources.

If any persons gets certain strains of HIV in their blood there is a high risk of death or serious illness theres no two ways about it so lets not play about with medical issues,explaining there is no Deadly Virus is somewhat haphazard ,if your stating the drinking water in London is dangerous,fine see you tube for evidence,if you trust most the food sold in supermarkets for example Nutella your Dim like the label states (Modified palm oil,is far from clean and It is one of the more toxic and damaging types of fats).The point made here is that certain Viruses in certain conditions will cause illness and death and Coronavirus whether this author likes it or not really is from what can be gathered from the majority of World health sources (and they tend not to lie) a virus that is apparently killing people .Read as follows, A disease is a pathophysiological response to internal or external factors. A disorder is a disruption to regular bodily structure and function. A syndrome is a collection of signs and symptoms associated with a specific health-related cause.There is no doubt that 5G is a problematic phenomenon that certain people within the American and British Government share a phobia about from Intelligence angles, "The British government has been warned by the US that it would be madness to use technology provided by Huawei to help build the UK's 5G network." However the madness of the British Government is that it allows people with a listed life threatening contagious disease to work whilst being in a contagious STATE,just because a person does not have any symptoms doesnt mean a persons isnt contagious from paralegal studies it can be explained whenever qualified Doctors deal with any form of contagious diseases even none life threatening when making a diagnosis they must be completely sure in their own minds that they are dealing with or rather have discovered/found a contagious medical condition ,in medical training there can be no doubt and if there is any doubt at all whatsoever a Doctor must always seek advice from other Doctors and /or eire on the probability that it is a contagious disease they are facing - there can be no half way measures or Indecisive decisions in making a diagnosis about contagious diseases.There are many times when a Doctors diagnosis of a disease is wrong (and for many different reasons!) but the medical profession allows for this when dealing with contagious diseases - WITH CONTAGIOUS ISSUES DOCTORS DONT TAKE CHANCES.This form of protocol or policy also applies to the Intelligence services such as MI5 and the CIA you mess with them and your a dedman so to speak both the CIA and MI5 members not all but some would rather the Chinese and Huawei 5g setup shop somewhere else and its not about right or wrong its solely about the order or directive .The British and American Government dont give 2 of Sara Gilberts Monkeys for the safety aspects of the 5G Network and neither do the persons high above who dont want Huawei 5G in the UK and thats where this prompt slots into your blog the whole Coronavirus affair is a spooks delight an opportunity to experiment with new powers and implement new order and the entire package dale fits neatly into a form of modus operandi.The base line is unless your innocent or have the same intellect or understanding dont mess with their hierachys appreciative understandings in this world or you will end up like Seth Rich or Arjen Kamphuis or Julian Assange to name a few! Life is cheap and so is a 5G connection remember that the only thing thats secret these days in MI5 is where they live and how much they earn a year everything else goes through the back door and ends up in the kremlin,the Whitehouse and some goofballs googley type of bitcoin server setup.

The Serum Institute of India has been on a roll ever since it made the decision. It has an unwritten agreement with Oxford University, has designed a trial in India that will allow the vaccine to have a license, has found the buildings it will use to mass-produce the product, and has already started arrangements for the import of the vaccine to run smoothly.

Experimental batches will start being tested in the next weeks to prove that the vaccine dosage is correct. Poonawalla told the Economist "that he is quite confident he can achieve this by May 30th. Everything, he said, has to be ready and standardized if he is to churn out millions of doses of a vaccine that is to be given safely to humans."

An Enigma that somehow evolved somewhere a bit like COVID – 19

The Quintesssential Quirky story of an Arab Doctor living in Ireland that at present seemingly owns a

of sleuth on the roof)

Anonymous data input provide British Government evidence which has been available for a number of years The first and most important point of evidence is somewhat incumbent to point out however Ireland in a sense in the Republic is more somewhat American based than British, many americans priding themselves in their irish Ancestry® and families including of course former Presidents.Its not suprising then to know that the main Irish Police stations in Dublin are connected directly to FBI and CIA channels and that the central irish police stations

communication systems are closely monitored by the CIA these where conditions laid down by Clinton and the Clinton foundation in its dealings in the past .taoiseach. protection and other politicians, included within there protection systems will also be included the head of pyschiatry as the head of pyschiatry offices are based a few hundred meters from the central police station .an alleged arabic doctor and former head of Dublin Pyschiatry named as Dr moayyad al Kamali has cropped up on a number of Wikileaks based sites or derivatives of Wiki base data files over the last 3 years .Dr Moayyad al kamali has been crossed referenced for political reasons as an alleged Arab held apparently on CIA files and directories upon protection lists Dr moayyad Al kamali from public British Government records was alleged removed from the General medical Council registered doctors register in the Uk public free information indicates that Dr Moayyad Al kamali owns and this is the incredible part of the data packages a hotel worth countless of millions of english pounds less than 3 minutes walk from the Russian Embassy in London known as Wedgewood Hotel 49-51 Leinster Square, Paddington, London W2 4PU PERIOD which is exactly a mere 3 minutes more or less walking distance from Mr Putins Embassy (real Personal!!)

Whenever a virus "Jumps" from species to species microbiologists hold theories (and this is what is questionable regarding todays American press statements....) it has been suggested so go grab your nearest friendly microbiologist that when virus jumps from species to species its highly unlikely that certain proteins would remain identical.....

Bat- sl -Covzc45 and covzxc21 exhibit 100 percent amino acid similarity in the nsp7 and E proteins

In plain English for those bewildered its not very likely that the scenario presented is a natural process!! infact it really is more likely that somebody is tampering with the shift in power in what is known as the New world order....by the way if your a Doctor that owns a hotel a few minutes walk from Mr Putins Embassy in London I suggest you perhaps.....something about a telex to the embassy or something

Could 5g be responsible for the mutation of existing virus?

<https://www.newindianexpress.com/thesundaystandard/2020/apr/05/interview--covid-19-pandemic-closest-to-influenza-outbreak-in-1918-doctors-2125826.html>

Dr Jameel: SARS-CoV-2 belongs to a family of viruses, six Of these, two were associated with severe respiratory disease —SARS and MERS, with about 10% and 25% mortality. The others are endemic and associated with seasonal infections very similar to a mild flu with very little mortality. At a genetic level, SARS-CoV-2 is about 80% identical to SARS virus and only about 50% identical to MERS virus. The closest relatives of SARS-CoV-2 appear to be two bat coronaviruses identified in eastern China in early 2018 — bat-SLCoVZC45 and bat-SL-CoVZXC21. They share 96% similarity.

Authors notes:

"Viruses penetrate the interior of cells by binding to receptors on the host cell's surface. The binding occurs in much the same way that a key fits into a lock. Sometimes proteins on the outer coat of a virus mutate enough to match the receptors on the cells of species other than ones that the virus usually infects."

"The ability of the SARS coronavirus to jump from bats to humans (if believed) undoubtedly requires genetic changes in the virus."

NOW OPEN YOUR MIND TO WHAT 5G COULD PERHAPS TRIGGER!!!!??

"Mutations result either from accidents during the normal chemical transactions of DNA, often during replication, or from exposure to high-energy electromagnetic radiation (e.g., ultraviolet light or X-rays) or particle radiation or to highly reactive chemicals in the environment".

This is opinion and freedom of speech and does not in anyway at all wish to mislead or provide false information and so without medical qualification...read into whats written in good faith.

1. Where not here to name Doctors that understand how mutation within viruses occurs you can ask the WHO about whatever you like as the UN seem to be the new voice of Corona! There are though enough Doctors that will willingly explain as follows in simple English - its not a natural occurrence to find 96/100 percent protein similarities between viruses as they understand within the same families in certain conditions because mutation involves many different process .Without going any further you can find on the internet many Doctors who will say mutation of virus must involve restructuring and modifications based around Protein issues itself and one presumes that the assumption is based upon the vast military intelligence and library sourcing that points to this, however the doctors that admit to having this knowledge are only known publicly in small numbers and are very reluctant to state this information.

2. "The closest relatives of SARS-CoV-2 appear to be two bat coronaviruses identified in eastern China in early 2018 — bat-SLCoVZC45 and bat-SL-CoVZXC21. They share 96% similarity."

Tabloid presentation of Sadiq Khan (makes interesting reading although the tabloids concerned are tash),Never in Political History has a mayor of London been so much disliked present:

Who is Sadiq Khan?

The Labour politician has served as London's mayor since 2016, taking over the capital's top job from Boris Johnson.

Between 2005 and 2016 Khan was MP for Tooting in South London, a role he quit when becoming Mayor.

In the mayoral elections Khan won the largest number of votes in one election of any politician in British history.

Before entering the House of Commons the 47-year-old practised as a lawyer specialising in human rights.

He is a practising Muslim, who observes the fast during Ramadan.

A surprise perhaps to those familiar with his serious on-stage persona, Khan used to perform stand-up comedy before running for mayor. Why has he faced calls to resign?

Khan has faced a number of calls to resign over London's spiralling murder rate after 37 people were stabbed - and 62 killed overall - in London in the first six months of 2018.

Last year Mr Khan promised a "tougher crackdown" this year on violent crime, and revealed that police will "significantly" increase the use of stop and search.

In June 2018, Stephen Lawrence's friend Duwayne Brooks - who was with Lawrence when he was murdered - accused Mr Khan of being "weak and ineffective".

He said: "He's failing miserably when it comes to crime. He's blaming the Government, saying, 'it's cuts, it's this and that'.

"If he can't do a better job, then he needs to resign. He's not the strong leader London needs." How has Sadiq Khan failed to bring down knife crime?

As the number of knife-related crimes in the capital soars, the mayor has been heavily criticised for failing to tackle the problem.

On March 5, 2019, Khan was slammed for concentrating on banning unhealthy food ads from the Tube - as London continues to spiral into a knife crime epidemic.

He was accused of getting his priorities wrong after he blocked an advert for Farmdrop as it contained bacon, butter, eggs and jam.

It comes as the capital continues to be plagued by bloodshed with the number of children admitted to hospital with stab wounds soaring by 93 per cent in five years.

Mr Khan, who has refused to accept responsibility for overseeing the rise, is already under fire for jetting off on a minibreak to Marrakech with his wife while public anger over knife crime rages.

He dismissed the criticism, telling Channel 5 News: "I was out of the office for one day."

And the Mayor pinned the blame for the knife crisis - which has seen 20 people killed in London so far this year - on Government spending cuts.

He told Sky News: "We've lost thousands of police officers, thousands of community support officers.

"For the Prime Minister and Home Secretary to now cry crocodile tears is no consolation, we need rapid investment now."

Mr Khan added: "Of course there's a link between the number of police officers and crime going up, the Home Office themselves accept this.

"Of course there's a link between youth centres having massive cuts, mental health services having massive cuts, schools having massive cuts, children's services having massive cuts and young people having less constructive things to do.

"I'm not excusing criminality but there are complex reasons why violent crime has gone up, there are deep-seated social problems."

This guy was a human rights Lawyer....thats why hes been plugged here,human rights Lawyers in the UK ...dont tempt me please...you can make a list of human rights abuse in the UK that are completely ignored for example every year countless number of police officers are charged with offenses including entering into computer systems without permission...and yet you will not find ONE CASE OF THE POLICE BEING CHARGED WITH TAMPERING AND PROVIDING FALSE INFORMATION ON COMPUTER SYSTEMS ...go ahead Google it for yourselves you wont find anything thats because certian lawyers,politicians get rewards for not exposing human rights violations uk

[Reply](#)

Anonymous 4 May 2020 at 12:19

OK you might if your lucky perhaps maybe find one or two - however it is Government policy in UK not to take actions against police officers that create false data bases - the answer- its simple even when a police officer enters corrupt data ,tha data generated as they say upon computer systems ,will eventually be crossed referenced so for example the data tracking units that maintain

data ,Inspectors,courts etc etc all have departments that spend every day in Whitehall branch offices known as MFI investigated and checking data they have to its their jobs...Government policy however is not to charge,question or arrest police officer that create false data,this is because for decades the mafia/secret service have colluded to produce millions of false identities,the system is ridden with them and its a very tiny/small part of what 911 was about the truth well a missile or plane hit the pentagon and shortly before the Hit the pentagon itself was placed under investigation for the biggest insider crime of all time a quantity of money simply disappeared from the Pentagon funds.its not official but the Americans where paying amongst other social welfare claims in other countries some have hinted at Ireland and Britain!!!CIA POLICY...the police in these countries generated false data that went on to become amongst other identities placed upon driving license ,passport etc etc simple as and of course the police were given orders not to arrest the people with the false identification because they are bad boys and girls used by the CIA and MFI to maintain the order...dont believe US?? certain lawyers and judges where most definately behind the protection systems involved Google have even removed the evidence of South London and other magistrates being charged and simply let off for signing countless thousands of false passports....

[Reply](#)

Anonymous 4 May 2020 at 12:27

For decades in Ireland and Britian there are millions of false/corrupt payments not only that these are areas where drug cartels work with the secret service in p[rovideing money and fre drugs!!! where have you been for the last decade...more and more people in UK and Ireland get false payments and free drugs its an army that has been created by the like s of the CIA and british Intelligence to control the mass of the people .Last year a number of solicitors and nespapers forces MI5 to admit to using criminals and working with them its taken a decade for them to admit to iy but they haveits a protection system...simple as and certain human rights lawyers det weighed off with neat back handers for not exposing it ...it works two ways .

The study findings has serious implications as it means that the coronavirus is indeed evolving smartly and it is even far more potent and dangerous to the human body and we might start seeing newer and deadly clinical manifestations which is already being witnessed and also it could indicate that in communities with asymptomatic patients and also in recovered patients, the coronavirus is still evolving and becoming more lethal and its only when it would manifest chronic symptoms.

Also, it is most likely that here will be no successful vaccine ever developed that can stop the SARS-CoV-2 coronavirus. Despite all the publicity and lies, it is impossible for a vaccine to be developed for a virus that has more complicated and far more potent attributes than the HIV virus, which for the last 30 year have yet to have a successful vaccine developed.

London CT Publishing :

Luc Montagnier, was one of the co finders of HIV,before Luc statements were issued London CT Publishing placed articles upon Dark Politricks web publishing site explaining that certain proteins found within COVID-19 are remarkably similar to HIV virus.Furthermore based on paralegal work London CT Publishing although not qualified put forward another theory that whenever a virus mutates from species to species basically many Doctors explain that the protein structures of the new mutated virus in this case COVID- 19 will have changed from where ever it came from – thats kinda easy to understand,what happens when a virus mutates is it becomes more friendly towards other virus (we dont mean friendly as in the new virus wants to facilitate in a way to benefit the infected virus we mean it has to change its structure in order to physically bond to another virus) the problem is as follows there are 2 bat coronavirus that are about 90 percent or above similar to COVID-19 (go to Datk Politricks for more info) HOWEVER there are 100 percent similarities in certain areas between the bat virus proteins and COVID – 19 proteins and to date certain Doctors claim that would be impossible because in order for the the virus to have mutated the proteins discovered that match according to world microbiology studies wouldnt match!! unless COVID -19 was engineered (man made)

Viruses are world champion parasites—think of all the trouble they give us, from Ebola to HIV. Now French researchers have discovered a viral first ... a virus that infects another virus.

A virus that scientists are calling Sputnik was found in a newly discovered strain of so-called mimivirus, which is the world's largest known virus. Virologist Jean-Michel Claverie, of France's National Center for Scientific Research and a team from the University of the Mediterranean in Marseille, happened upon the strain of mimivirus swimming in the water of a Parisian cooling tower. When they peeked inside the viral particle, they discovered Sputnik, which consists of only 21 genes.

Not attack. That would imply purpose which viruses aren't capable of. Viruses do what they do because it's possible & random mutation has found that possibility.

So when simultaneous co-infection occurs there is a spectrum of possible consequences ranging from competitive blocking to synergy (such as the Philippines' first victim of CoVID-19, who was simultaneously infected with swine flu).

In between is the worst option of all, when two strains of the same virus infect the same host simultaneously & create a recombinant hybrid.

This happens regularly among flu viruses & is known to occur in coronaviruses.

Until now the MERS CoV has shown no inclination to do this, but now SARS-CoV-2 is in Saudi Arabia too that may change.

Estee - Absolutely. I mean, so there was a case report I think in the New England Journal of Medicine a few years ago of exactly that - a man who presented with HIV infection and then was subsequently re-infected with another strain and had a faster disease progression and died in fact.

Chris - Because once you've got one strain, if you add another one on top then they can share genes between the viruses and you end up with a virus that's got all of the worst bits of both.

Estee - Absolutely.

ON RECORD : Wanna be in my gang Fatman

The article in no way points any fingers at the Chinese so lets explain whats going on here !
The fatman is of course Trump hes fatter than Pompeo and thats saying something,he controls gas and power – he isa da fatburg of all!,The picture of a bat with a human head is whats going on in his tiny narrow mind ...HAUNTINGS...as for the ALLEGATIONS that British Prisoners have been tortured and harmed absolute truth!,,hidden tor sites explain that inmates that left Woodhill prison developed skin complexes,tiredness and other illness,Beatings and murders yes without a doubt Woodhill prison has a proven record for this,putin another way the police and the CPS wouldnt have charged Woodhill staff with Hangings unless they themselves believed they had committed murder ,it takes a lot for the police to come forward like this and they know about torturing techniques in prisons,the fact the staff where found innocent makes no difference to the truth and we dont say this light hearted.For the rercord and dont quote the writer apparently although its from TOR the Americans helped design Woodhill prison,as for cctv cameras years ago when the articles where floating about a main concern was that there where no cctv pointing at individual cells!!! finding out todays setup is MI5 business.

ON REPORT:

Ryan Harvey, 23, was found hanged in his cell at HMP Woodhill in Milton Keynes, Buckinghamshire on 3 May 2015. He died five days later in hospital.

During the trial at the Old Bailey, it was alleged prison officer Joseph Travers, 55, failed to remove a noose from Mr Harvey's cell.

The officer said he did not know Mr Harvey had a noose.

And who picks the jury...well that MI5 business

Here Comes World War III

If You Thought The War Was Ukraine v Russia Get Ready For A Shock
By Dark Politricks

Here comes World War 3 as Biden sends Ukraine long range missiles that they can fire into Russia.....

What does he not get about red lines?

Does the USA think they are really the only country that can set them? As Putin has shown he is no bluffer when he said **"Ukraine was a red line for him."**, almost 20 years ago now!

Also to anyone who thinks he is **"Mad"** or **"dying of cancer/Parkinson's"**, sorry but he isn't, that's **typical western disinfo** for you.

However what isn't **US / UK** lies is that in **Russia Putin is considered a dove, "a bit of a pussy"** so to speak. Believe it or not but Russian people and politicians want him to annihilate Ukraine and nuke us ASAP. They think he is going too soft on Ukraine. Instead of just the 200k troops he sent for his **"Special Military Operation"** they want him to **declare war on Ukraine and us**, and **mobilise the whole 2 million Russian army with conscripts and everything**. That is how much of a dove Putin is.

The fact that he hasn't even fired cruise missiles into **Ukrainian Military HQ centres** where he knows **NATO and US / UK generals are all sitting there helping plan "their" war to fight Russia down to the last Ukrainian** shows what a dove he is as he doesn't want to escalate the war by killing top NATO generals which is what would happen.

So that is restraint when he knows these **US/UK politicians are breaking what they said they would not do**, by visiting Kyiv like it was London on a Saturday, whilst sitting in military HQ offices, Russian intelligence **MUST KNOW** where they are at, and **signing new \$40bn orders for weapons** that could start WWII. If other Russian politicians were in power such as **Lavrov** or **Medvedev**, they would have **blown up Zelenskyy, Schiff, Blinken, Boris Johnson, Nancy Pelosi and all the other "helpful visitors/ neocon warmongers" to Kyiv when they visited, just to show them they mean business and NO MEANS NO**.

If you want to see **WW3 then letting Ukraine have missile launchers to fire into Russia** is one way of going about it as **Putin has already said that selling heavy arms to Ukraine was an act of war**, they have already changed their law so they can fire nukes at us for a non nuclear conventional attack on Russia.

President Vladimir Putin endorsed Russia's nuclear deterrent policy, which allows him to **use atomic weapons in response to a conventional strike targeting the nation's critical government and military infrastructure**. So if we give Ukraine these missiles and they fire them into Russia they could nuke us back if they wanted, as they do **see the war as being between NATO and Russia**, Ukraine is just the battlefield. **So it would be game over - no restarts!**

Watch this episode of **the Duran** to find out what other Russians think of his softly-softly approach in **Ukraine**.

However, the **US/UK/EU are the complete opposite**, they just keep sending arms and men and ramping the war up as US politician **Adam Schiff** said in the house **"We fight Russia over there so that we don't have to fight them here"**. Russian soldiers check civilians for Nazi tattoos |...

Watch on YouTube

I think that now that the **AZOV NAZI's** have surrendered and are being shipped off to Russia to POW camps before being tried for war crimes in the Donbass, the Ukrainian's have a severe lack of manpower.

Guess what the average age of the **surrendering or dead Ukrainian soldiers** being found is?

It's their mid 40s!

Apparently, many Ukrainian officers have been doing runners in the middle of the night so their men wake up and surrender as they don't know what to do!

That's confidence for you when your own leaders do a runner as they are so scared of being shot by Russians, **the threat of execution by the Ukrainians for desertion seems a far better option than leading your men into battle!**

I wouldn't be surprised if **Russia soon started capturing young English men pretending to be Ukrainian soldiers**, just shouting loudly with bad Russian accents. The sort found in the films from the 80s, such as **Red Dawn** and **Red Heat**, "I'll be back", Arnold Schwarzenegger style. I wouldn't put it past NATO (UK/US) to send troops into the war zone, pretending to be Ukrainians, just to make up for all the heavy losses Ukraine is having.

Also, the US are talking about trying to sanction OTHER countries like [China](#), [India](#) and Brazil who won't stop buying from Russia. [Read this interesting article about whether the US will sanction half the world to isolate Russia here.](#)

It is like he wants the whole world to hate the US as these countries **dependant on cheap gas and land locked countries in Europe like Hungary** who is already telling the EU they cannot manage without Russian gas and can't get gas or oil by ship, as the US or UK could.

That's why there are **pipe lines everywhere for easy access**, [one Ukraine shut off the other day, stopping the flow of gas to Europe](#), but of course [blamed it on the Russians](#). As if they are short on gas and needed to syphon it off, no really that's what UK media claimed!

If Russia (and I don't know why they haven't yet) **turn all the gas pipes off into Europe** the lights go off our energy bills which have already tripled since last year will skyrocket and we will be lucky if anyone can drive anywhere or even work.

We depend on Russian cheap gas there is no alternative. If we wanted to be like France **we should have built nuclear power stations 10yrs ago as that's how long they take**, we can't just whip a few up quickly (in the dark with no power), **we never think ahead when it comes to stupid wars.**

I just wish the politicians who cause all this mess would have to go and fight them themselves like Kings of the olden days.

Imagine Boris Johnson in a tank saluting as it rolls along in **Ukraine and then Boom**, as a **US Javelin missile that the Russians have been collecting as trophies and keepsakes off the Ukrainians they have killed** hits into him and blows his tank to bits! [Actually the Javelins are not very good, the US has been selling old stock](#), and there are **videos of Russian tanks hit by 4 or 5 who have still managed to continue fighting** that is if it doesn't blow up in the person holding its arms, not that many of you would know this from our news.

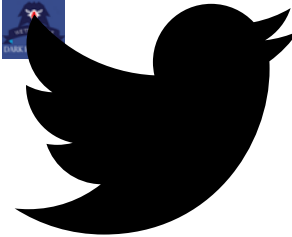

It's not like the old days of Kings on horses leading Knights on a charge into battle anymore **its kids who were good at playing Sega in the 90s controlling drones and RAVs** from thousands of miles away.

These sanctions are hurting us more than Russia who [has just had the best wheat crop in years](#). In an article it says that **"Russia may increase its wheat crop to 80.7 million tonnes in 2022 from 75.5 million tonnes in 2021 due to good weather conditions for winter wheat"**, but we won't be getting any, instead we will be taking it from other countries who only have so much which is already causing food shortages and queues for hours at petrol stations across the

global South.

Just look at this graph to see how much of Africa is dependent on wheat from either Russia or Ukraine. Do you think they will forgo buying from Russia, as Ukraine won't have any, just to satisfy the NATO lust for sanctioning Russia?

Also what about the other sources, which we in the West will have bought up at higher prices long before any African or Global South country could scrape together the money to buy more expensive wheat from elsewhere?

Here is the list of the top 5 exporters of wheat in 2021 - www.worldstopexports.com

1. Russia: US \$7.3 billion (13.1% of total wheat exports)
2. United States: \$7.29 billion (13.1%)
3. Australia: \$7.2 billion (13%)
4. Canada: \$6.6 billion (11.9%)
5. Ukraine: \$4.7 billion (8.5%)

Will we forgo our own food supply as we cut our own nose off to spite our face, and then allow other countries to buy from Russia? No, we will take it all and then sanctimoniously criticise these countries for still purchasing necessities from Russia, maybe even sanctioning them if we are really that evil.

Just look at Sri Lanka and what is going on there and then see what is coming our way soon. Food shortages, mile queues for petrol, protestors literally pulling politicians out of their cars and beating them with sticks.

Don't ignore what's happening in Sri Lanka, it's c...

That is what happens in a world where we tell other countries they cannot do X or Y as we have a tiff with Russia. Sorry that it is causing huge wheat shortages as we buy it all up so the poor global south can't, but that is the price of "Standing with Ukraine".

It will cause riots, the toppling of governments, and possible wars across the poorer nations of the world, if you don't believe me wait a couple of years then come back and laugh in the

comment section. **Welcome to Mad Max!**

What I don't get though is **western propaganda**, I forced myself the other day to **watch ITV news**, I am never going to **watch the BBC**, a **more Government controlled state broadcaster** you cannot get, and I rank them above **PressTV and Russia Today**.

The BBC is literally paid for by taxpayers, a special tax called the **"licence fee" just for the BBC**, and one you can go to jail for if you watch it without paying. It also has a **board of directors placed there by the government**. **Most of the presenters are working for MI6**, as I have detailed in other articles, with **hidden 2nd tax free salaries**, just to **keep the propaganda flowing**. I suggest reading **Jon Snow's autobiography** if you want more details on how they **work hand in hand with the spooks**.

Anyway, **ITV news was literally having a piece** about the **"Cost of Living Situation"**, where they were interviewing people about **inflation, the rising heating and petrol costs, and the lack of food at Supermarkets etc.**

However **NOT ONCE**, did they ever mention **that this cost of living crisis is one of our own making and due to our own sanctions on Russia that have basically come back and bit us in our face**.

Whilst **Russia is having a booming economy, with a higher exchange rate of dollars to roubles than before the war, and a surplus of cash due to imports**, and gas for roubles, we are struggling to pay for basic necessities, **yet ITV did not even raise the question to any of the people they interviewed**.

Just once I would have like to see the **"journalist"** out on the roadside by a queue of cars waiting to get into a **petrol station** to see the passengers wind down their windows and ask them whether they thought that **the war in Ukraine that Boris and his neo-con friends want to fight so badly** is worth **all the pain and suffering to average families across Britain**, but no, not once did they ask this simple question.

I would love to know what the average bloke **who knows sod all about foreign relations** thinks about **having to pay extra and hunt around for baby formula**, or what **people paying sky-high heating and petrol bills in the UK** think about the **DIRECT LINK** between our **rising inflation and the sanctions we placed on Russia**.

All of this is because **Russia recognised the independence of two separatist regimes in East Ukraine**, something Putin didn't actually want to do, and **if the French and Germans had followed the Minsk accords**, then **this war would probably not have happened**. However they ensured they were not followed and kept poking the bear, **now the bear has bitten back**.

So because of the failure of western diplomacy, Russia had to send in troops to defend the Russian-speaking, east of Ukraine from an imminent attack by Zelenskyy's forces. This was something he had to do, as **Zelenskyy had sent his forces eastwards to encircle Donbass and attempt to re-take it, along with Crimea**.

So why is no ITV journalist asking people at the petrol pump whether they feel it is right that we have to pay more for food and petrol due to Putin feeling the guilt and need to **punish the NAZI element in Zelenskyy's armed forces who had killed over 16,000+ Russian speaking people** in the 8yr long civil war in the Donbass. **People who had committed many genocides along the way, and all started by a US-led colour revolution (coup) which the EU helped foment**.

I would love to see a journalist ask a school mum whether **the famous Odessa Trade Union massacre**, where people were forced into the building, **which was then set on fire as police and NAZI's laughed and sank anti-Semitic songs outside as people jumped to their deaths rather than be burnt alive**, is a good enough reason to **"Stand with Ukraine"**, and **pay more for food, gas, and cause a global food shortage in Africa and around the globe with the possibility of World War III on our hands as well**.

Just watch this video to see why these new missile sales are so dangerous. It's from **Redacted** a good channel I've found on YouTube with **two ex FOX NEWS reporters**, if you can believe it, **now telling us the truth** rather than the corporate bullshit they were forced to spoon-feed us before.

What's about to happen in Ukraine should scare ...

Watch on  YouTube

Please let me know in the comments if you think **the real chance of food shortages, possible wars around the world over rising costs of living, and the possibility of world war 3** is worth it to "Stand with Ukraine" against Russia.

I think these neocons are so stupid that they really believe due to their air conditioned underground bunkers that they would be rushed to in any missile exchange, that they can survive a nuclear war. Also that spending a few years underground with all their rich political friends playing pong on a commodore 64 as no Internet will exist anymore as Russia will nuke the main data centres and the part in Cornwall UK that takes the Internet across the Atlantic would be like an adventure holiday or something. Nothing else I think of can explain their madness.

I think Russia should declare an all out war and send all their men and top troops and weapons into Ukraine as so far they have just been using their old stock. Then they can show the world what NO means NO means to a Russian regarding NATO and EU meddling that is causing us high inflation and I bet half the people that Itv interviewer asked had no idea how the sanctions their P and government had put on Russia was the cause of their current pain. I reckon if it was more publicised then people in the UK and other counties will go sod this war I need petrol for my car to get to work otherwise I don't get paid. Basic!

There will never be a nuclear war, both sides know that if there was one every1 would die, Russians are not suicidal, although they did have 2 million+ citizen civil drills in recent years for what to do in the case of a nuclear attack, when was the last time we had such drills. I doubt our governments would even tell us if we were getting nukes flying towards us.

BRITISH PRESS DOUBLE STANDARDS ON DE NAZIFICATION

Convicted racist David Irving owns Parforce,many will remember left wing writer Owens facebook exposing British MP Gove owning a copy of one of the Parforce publications.Irving was fined over 2.5 million dollars for producing a Holocaust denial publication known as Gorings Biography.This article is about the NATIONL UNION OF JOURNALISTS.

Journalist who are members of the NUJ cant be racist or support racism or convicted racists.In Gorings Biography digital version a former Irish Independent Newspaper editor and owner of Parpoint publishing appears inside of Gorings Biography describing this book in a very concerning

way.

We condemn the NUJ for allowing parpoint to be members of the NUJ and ask ourselves what is LinkedIn next move?? do they too want to join a list that promotes racism?

Only Governments have the power to protect Journalists that work with David Irving and this is what we are concerned about, what do the FBI and the CIA do for a living"" If this story was followed by American TV stations the culprit would be thrown out of this or a similar organization.

The British press are somewhat confused over who Nazis really are and also own double standards.

Wikileaks World Vision writer Joe Edwards contributed this week in the "comments" column to the credited article written about wikileaks member Julian Assange. Blog extracts from various sites appear as evidence to enforce the Bellingcat Racist allegations made last year that directly involved Irish Independent Newspaper Journalists and multi Billionaire and Clinton Foundation associate Dennis O'Brien.

Seemingly from an International perspective the implications arising from the legal, Religious and Political narrative content published by thenews-chronicle.com in the format of a recent document sent to LinkedIn brings the National Union of Journalists sharply into focus. The NUJ themselves despite having a moral and legal duty within written legislated policy and procedure to investigate and prevent racist issues involving their members are at present providing any answers and they persist in remaining silent upon the subject of why the convicted racist author David Irving is still being allowed to continually use Irish Independent Newspaper copyright material produced by Parpoint (Irish Independent Newspaper NUJ journalists) within Parforce publications.

How Many "Conspiracies" Have To Turn True Before People Start Realising We Are Under Attack

The Great Reset - Even Mainstream Media is reporting on the "Conspiracy"

By Dark Politricks

I don't know how many "conspiracy theories" have to turn out to be true before people stop using the term as a **derogatory label** for people who have just done the research that they cannot be bothered to, only for them to be surprised and shocked when the **laws, mandates, microchips and devious short cuts and billionaire ideas** come to fruition.

Throughout the recent **pandemic**, we have had numerous "conspiracy theories", that were so dangerous, that to talk or write about them meant that you **risked getting kicked off social media**. The sad thing is that now people who scoffed at them back when the pandemic started are finding out that many of them have turned out to be real.

The first **major conspiracy theory** was around what caused the actual pandemic, was it someone **eating Bat soup from a wet market**, or was it **that COVID had leaked from the Coronavirus laboratory in Wuhan**.

This "lab leak" theory was deemed as wacky just as the **wet market theory** was labelled racist against Chinese culture. **Dr. Fauci, was the scientist put in charge of America's response to the pandemic**, and in Democratic circles and media, he is often lauded as a saint. This is despite his often changing advice and claims, many of which have been refuted multiple times, however, he is now being found out to have lied all along about his knowledge of **the origins of COVID**.

The esteemed doctor has even lied in the Senate, which is a crime, whether it be jousting with **Sen. Rand Paul** about what constitutes "Gain of Function", Denying he was even engaged in such a dangerous type of scientific experimentation, all whilst **the NIH, who the doctor got to go to China to carry out these coronavirus "experiments", were admitting they had been doing so** on his behalf,

Or whether it was to **Sen. Marco Rubio who asked where patient zero was** and the likelihood that **the outbreak was caused by the Wuhan Coronavirus Lab** he had been experimenting at. This question was only met with denials that it could have possibly come from the lab that studied the exact same viruses that caused the pandemic with a group of scientists he was intimately linked with.

This is despite recently revealed data about him from whistle-blowers, or through released emails, that show he has major conflicts of interest between Big Pharma and the drive to make their money through vaccines, and his smearing of those that dare question his plans.

Apparently, with **SARS outbreak** they found **patient zero within 4 months**, with **MERS 9 months**, but with **COVID** they still haven't found it. Yet **Dr. Fauci still claims** that there is more of a possibility that this **outbreak was caused by a natural occurrence** rather than a **leak from the Wuhan Institute** that he was working at, carrying out **dangerous gain of function, coronavirus experiments**.

Therefore questions about patient zero still remain in his eyes. Where is it and how did this pandemic occur, we are supposed to still question, despite all the evidence that it was actually a **leak from the Wuhan lab. A view we are now allowed to discuss without being labelled a conspiracy theorist, and being kicked off social media sites for daring to suggest so.**

The **National Institutes of Health (NIH)** even changed the definition of "gain-of-function" **research on their official website** during these combative exchanges between **Sen. Rand Paul** and **Dr. Fauci** in which it was discovered **that he had indeed funded "novel coronavirus research" at the Wuhan Institute of Virology in China** prior to the outbreak of **COVID-19**.

This was a move that many experts – including **Senator Rand Paul**, has said could make him **"culpable for the entire pandemic."**

Of course, the [new definition of "gain of function" experiments by the NIH](#) downplays the risks associated with such risky science and largely focuses on other research instead.

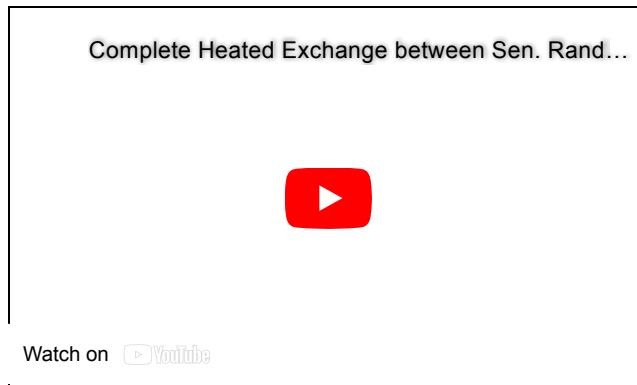

I am sure most people are wondering **why such experiments are done in the 1st place especially if there is the possibility of a leak that could cause a pandemic.**

What is the reason for **creating a man-made virus** by mixing one from a bat with another animal, tweaking it so that it would become highly transmissible between humans when there is absolutely NO chance of such a virus occurring naturally in the wild?

It is almost as if they were **deliberately making a biological weapon**, and if so, maybe Wuhan was chosen at the testbed to see how well this weapon spread amongst the public. The data we have got from China is so unreliable anything they say can be questioned and guessed to see if it's true or not.

Whatever the reason I think after this pandemic whether it is proven that there was a lab leak or not, that **gain of function virus making should be banned worldwide due to the harm to the globe if such a virus escaped into the human population.**

You can [watch the most recent combat between Sen. Rand Paul and Dr. Fauci in the following video here](#), However, there are a whole load more videos going back months [which you can see here on YouTube by clicking this link](#),

It seemed pretty obvious to anyone with a brain that there was a link between the **Wuhan Coronavirus lab** and the early deaths of people near that facility in Wuhan. Even **Jon Stewart** when appearing on **Stephen Colbert's show** had a very sarcastic rant when the now establishment puppet comedian, Colbert pushed back on his claims.

Jon said **what a coincidence it was that the coronavirus** was named after **"The Wuhan Novel Coronavirus Lab"**, or could it be that instead, in his words that:

"Maybe a bat flew into the Chloe of a Turkey and sneezed into my Chile and now we all have Coronavirus".

You can watch the now **disappointingly** pro-establishment **Stephen Colbert** get tongue-tied by the comedian who still has the ability to think for himself here. Maybe it's not having a big corporate machine paying your wages that allows such free-thinking amongst comedians discussing this topic.

Scientists are now even claiming that **the COVID virus was genetically modified by humans**

and was **"ready-made" to infect humans in Wuhan**. Dr. Chan, a molecular biologist at MIT and Harvard believes a lab leak from the **Wuhan Institute of Virology (WIV)** is **"more likely than not"** after two unsuccessful years of searching for an animal host.

Despite China, the lab, and Dr. Fauci **furiously denying these allegations** of a **"lab leak"** the evidence has been piling up over the last year as **scientists, researchers, and governments all hunt for answers** to where the outbreak started.

Even now, Dr. Fauci is **still trying to hold onto his premise that the outbreak was natural despite virologists who have studied the virus noticing elements that indicate that it was indeed modified by humans**.

However, Dr. Fauci has a **nasty history** that not many people knew about until stories broke about his past which included **passing off failed cancer drugs to HIV infected people in the 80's** and the cruel experiments he carried out on puppy dogs, **feeding their sedated heads to sandflies**.

Also, his lies about **Gain of Function experiments** have even been contradicted by the US military, as **the EcoHealth alliance apparently approached DARPA** in March 2018 **seeking funding to conduct research of bat-borne coronaviruses**.

The proposal, named **Project Defuse**, was rejected by **DARPA** over safety concerns and the notion that **it violates the gain of function research moratorium**. This is probably the reason **Dr. Fauci went to China** to conduct his experiments outside US territory and its legal reach.

Dr Chan **believes a lab leak from the Wuhan Institute of Virology** is **"more likely than not"** and said:

"We know now this virus has a very unique feature, called **the furin cleavage site**, that makes it the **pandemic pathogen** it is. So without this feature, there is no way this virus would be causing this pandemic."

"A proposal was leaked showing that **EcoHealth and the Wuhan Institute of Virology were developing a pipeline for inserting novel furin cleavage sites** - these genetic modifications."

"So, you fund these scientists who said in early 2018 **'I'm going to put horns on horses'** and at the end of 2019 a unicorn turns up in Wuhan city."

"It's a striking coincidence that needs to be investigated."

Other **virologists** who **studied the virus and noticed the same unusual markers** that **heavily suggest a gain of function man-made manipulation** had tried to speak out, only to be heavily labelled conspiracy theorists or **"fringe scientists"** at the start of the pandemic.

There has been a full 360 on certain theories including **the lab leak** and the push by **Big Pharma**, promoted by **Dr Fauci**, to have more and more vaccine shots, making money for pharmaceutical companies rather than being truly concerned about the health and early treatment of infected people.

The evidence of Dr Fauci's lies and attempts to **squash any "lab leak" theory** or attempts to handle the outbreak in any other way than his own have now been shown to the world through **released emails and their contents** which prove his determination that the **"only way was his or the highway."**

When **3 top epidemiologists from "fringe" universities such as Stanford, Harvard, and Oxford** decided through their **"Great Barrington Declaration"** to plead to authorities to take another path than **Dr. Fauci's plan to close countries down** causing **"irreparable damage"** as stated and signed by over **916,000 people, including over 15,000 scientists and 45,000 medical practitioners**.

As they say on their site:

"As **infectious disease epidemiologists** and public health scientists we have grave concerns about the **damaging physical and mental health impacts** of the prevailing **COVID-19** policies, and recommend an approach we call **Focused Protection**."

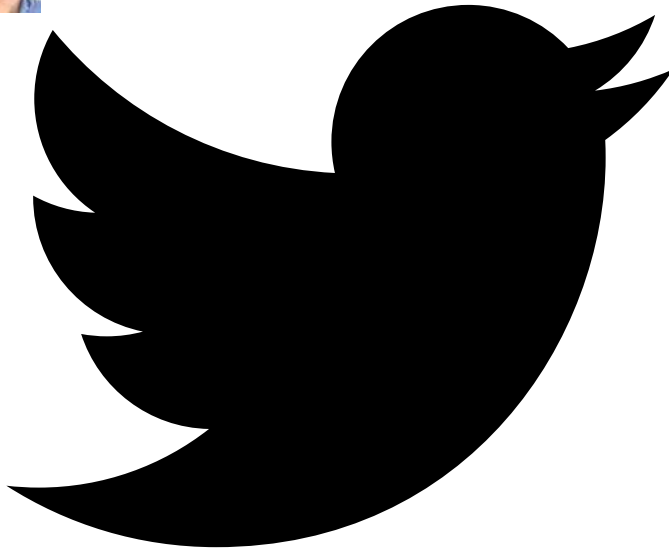

"Coming from both the left and right, and around the world, we have devoted our careers to protecting people. **Current lockdown policies are producing devastating effects on short and long-term public health**. The results (to name a few) include **lower childhood vaccination rates, worsening cardiovascular disease outcomes, fewer cancer screenings and deteriorating mental health** - leading to greater excess mortality in years to come, with the working class and younger members of society carrying the heaviest burden. **Keeping students out of school is a grave injustice**."

"Keeping these measures in place until a vaccine is available **will cause irreparable damage**, with the underprivileged disproportionately harmed."

However **Dr Fauci and his NIH cohorts** who had moved from the US to China to carry on their dangerous **"Gain of Function"** experiments didn't appreciate this other way forward and an email chain going back and forth between **NIH Director Francis Collins and Dr Fauci** has come to light in which they conspired to smear these top medical scientists as fringe outsiders,

[Martin Kulldorff](#)

However it wasn't just scientists who disagreed with **Dr. Fauci's way forward pushing multiple vaccine shots and closing down the country** but it even extended to **the creator of mRNA vaccines, Dr Robert Malone**. This was someone who despite creating the technology for many vaccines, had called for more testing, and for children to be exempt from having the vaccine shots.

For his trouble, [he was kicked off Twitter](#) for being **"an anti-vaxxer"**, despite being literally anything but, and labelled a quack. This is despite his history of being involved in every major virus outbreak **from HIV in the 80's, Ebola, SARS, and the MERS outbreaks that preceded the COVID pandemic**.

Then there was the **"conspiracy theory"** that **the vaccines were not safe to take in the first place**.

Many American **Democrats and Liberals attacked Republicans who refused to take the vaccine** as the country divided itself along the lines of those who honestly believed, as many Democrats did, that you had **a 50% chance of ending up in hospital if you didn't take the vaccine when it was actually less than 1%**, and the **Republicans** who just didn't trust the vaccines, with Christians seeing [Swedish companies injecting vaccine passport microchips under the skin](#) as the **"Sign of the Beast"** from the **book of Revelations in the Bible**, and some who believed that the vaccines contained gene-altering substances.

[Phizer didn't help when it wanted to lock its vaccine test results away for 75 years](#). Why would a company want to do that if they had nothing to hide. [The fact Phizers boss didn't even take his own vaccine](#) until he was refused entry to Israel wasn't exactly the best PR move either.

However, after almost 2 years we now have data to research and recently [a safety panel of the European drug regulator recommended adding a rare spinal inflammation called transverse myelitis as a side effect of AstraZeneca's COVID19 vaccine](#).

The European Medicines Agency's safety committee also recommended a similar warning be included for **Johnson & Johnson's** one-shot vaccine in October and in Japan they are **now labelling the COVID vaccines to warn of dangerous and potentially deadly side effects such as myocarditis**.

Despite **Phizer** and [Governments approving vaccine shots for children younger than 12](#), it has

been discovered that the vaccine itself contains harmful products such as a **toxic blood-clotting substance or poison that may be responsible for adverse effects and deaths in recipients**. [The toxic substance graphene oxide was found in the Pfizer vials by Spanish researchers has now been confirmed to also be the main ingredient in the AstraZeneca vaccine.](#)

This causes **thrombogenicity or blood clotting** in the veins, **compromises the immune system**, causes **bilateral pneumonia**, causes loss of smell and taste, causes multi-organ inflammation, and essentially creates all the symptoms attributed early in the pandemic rollout to COVID-19.

Then there were all the **"anti-vaxxers"** who were worried about the side effects that the Government and mass media claimed were nothing to worry about. However, [this report seems to offer evidence from VAERS data released by the American CDC](#) that shows a total of **726,963 US reports** of adverse effects happening in people of all age groups after, taking the vaccine.

This includes **15,386 deaths and 34,065 serious injuries between Dec. 14, 2020 and June 25, 2021 in America alone**. Even **Japan has now put warning labels on their vaccines** telling people about the risk of dangerous and potentially deadly side effects such as **myocarditis**. In addition, the country is reaffirming its commitment to adverse event reporting requirements to ensure all possible side effects are documented.

We also had people being labelled **conspiracy theorists** for saying that **Big Pharma were milking the pandemic just to make money**.

There were claims that [the virus was actually made for the vaccine companies and their investors to get rich](#) with a never-ending queue of patients lining up to take leaky vaccines that only boosted your immunity for a few months. [Doctors are now speaking out saying that the answer is not more and more booster shots and that they would even harm us the more we have](#) saying that **repeated vaccinations could somehow wear out the body's immune response**, which has been sometimes observed in other multiple-dose vaccines.

Israel is on its 4th round of shots within a year and people are still catching the Omicron wave despite having all 4 shots. We will have to wait and see how many useless shots the US and UK make us take to enable us to keep drinking at Pubs, eating out at restaurants, and even shopping in the future.

This claim that **Big Pharma were NOT in it for the money** was hard to keep though when [it came out that Merck was charging 40 times the amount it cost to make their vaccine](#) despite their funding coming from US taxpayers.

Then there is **the conspiracy theory that the Billionaire class was in on the outbreak** and had [heavily invested in Big Pharma, and other medical companies](#) before the outbreak was made public.

I was even kicked off Twitter for **just mentioning the coincidence** that there were [planned war games of a major pandemic before the outbreak](#), that [Dr. Fauci had warned there would definitely be a pandemic under Trumps Presidency](#), and that it seemed odd [how many of the 0.1% invested in these Big Pharma companies just before the outbreak](#) and at the right time to make a mint from **the rising stock prices they all saw**. **Every point is factual and true, yet that didn't stop Twitter booting me for questioning the morality of the ruling class that had their feet stood hard on our civil rights.**

In fact, [US Billionaires have made over 2.1trillion dollars since the beginning of the pandemic](#). Now if that seems like all too much of a coincidence then I would agree with you, however, back in 2021 just mentioning it was enough to get people booted off YouTube, Twitter and other social media platforms.

Bill Gates and other billionaires have certainly multiplied their wealth untold during this biggest transfer of wealth from the poorest to the top 0.1% of society. No wonder people claimed these billionaires were in it for the money when **Bill Gates** has publicly stated that **the best investment he had ever found was in vaccines, saying that "vaccines are phenomenal profit makers, with more than a 20-to-1 return."**

The super-rich billionaire even stopped **Oxford University** from doing a good humanitarian act of **handing our UK vaccine patent-free to other countries** to make for themselves, and forced them to join up with **AstraZeneca**, and patent their vaccine.

This is just one of the reasons some of the poorest countries on earth have not had any of the vaccines which were promised to them due to the cost, and people thought **Philanthropists like Bill Gates**, with his foundation, was supposed to spend the billions in its accounts **helping the poor NOT making billions by ignoring them**,

We also had **"conspiracy theories"** that the pandemic was being used as cover by Governments to introduce **more surveillance and control over their population**. This has been one of the easiest theories to refute. One only has to open their eyes, read the papers, and see that it is indeed happening across the Western world.

From the USA where the Government is forcing [nurses, soldiers, police](#), and even [private companies with over 100 staff](#) to have a vaccine shot when they don't want one or face losing their jobs if they don't comply with these mandates [to Australia which has really lurched into despotism jailing people in concentration camps](#).

They are even locking people up when their Government issued smart apps tell them they have just been near a person with COVID. It doesn't seem to matter very much whether that other person actually has the virus or continuously passes tests to prove they don't. The Australian government has gone mad, drunk with power.

This comes with the massive rollout Big Tech companies have had with their [digital passports](#) that are now being extended into [social credit systems](#), based on [the Chinese style of social control](#). It is definitely **creating a 2 tier society between the vaccinated and non-vaccinated** and [laws across the Western world have been introduced to take our civil liberties](#), the right to protest, and to even report on Government misdeeds away from us.

However, as more and more people catch COVID questions must be asked. These are millions of people who have **followed the rules by the letter, locking down, socially distancing, wearing masks, and not going out or working**.

These are people who **honestly believed their lying leaders** when they told them that **the vaccine was the route back to normality** and that they would not catch the virus if they took all their vaccine shots.

Yet, you only have to look at [Gibraltar where all 34,000 residents have been fully vaccinated](#) to realise that even when everyone has been fully jabbed to the max, the virus still spreads, and causes hospitalisation. Around **60 people per day on that Rock in Spain are currently being hospitalised due to COVID**, so **the vaccine is obviously not the cure to the pandemic**.

Even in Israel where people have had 4 vaccine shots, people are still catching the Omicron virus. The products made by big pharma seem to be some of the worst vaccines ever made if you can still catch it, spread it, and be hospitalised for having it.

So if you have had **3 or even 4 vaccine shots against a deadly virus** and were told that it would protect you but then you still caught it despite following all the rules. **Locking yourself away from the world for months, not seeing your family, and wearing masks when venturing out**. Wouldn't you be asking questions of the people who forced you to do all this with their lies that it would help if you still caught the virus?

These people are probably now asking themselves **why did they put up with all these limits on their freedoms**, not having Christmas with their own families whilst their leaders who told them to stay home were having their own [Christmas bashes](#).

How many people have suffered from loved ones dying, that they could not say goodbye to, or missed out on **family gatherings to keep to Government rules on the number of people who they could meet up with**. All whilst the hypocrites that forced them to do so were having [Summer parties such as the Tories at Downing Street](#).

Rules that we now find out that **the politicians and our leaders were flouting all the time** despite forcing the public to follow or else be fined or as [in Australia being locked up in special COVID camps](#). Surely these people must be angry at everything they have lost due to this pandemic when they realise that these **leaky weak vaccines were never going to stop the spread of COVID**.

Questions must be filling their heads and all the things **they probably laughed off as conspiracy theories** themselves will now be looked at and understood for the truth that was being spoken that they chose to ignore.

As they were being good little citizens, the politicians that created these rules, have been caught lying and breaking these rules themselves over and over.

Whether it was not socially distancing, having parties, or only wearing masks when they thought the cameras were rolling, these politicians have been caught out time and time again breaking rules they expected others to follow.

Before the cameras arrived vs after... COVID theater. This is why we don't trust these people pic.twitter.com/wvdWLz3rzq

— Carl Higbie (@CarlHigbie) [September 13, 2021](#)

It is plainly obvious when one actually looks at all the new laws bought in to **"fight the virus"**, that Western governments have used this pandemic to enact laws [removing our civil liberties, and destroying our freedoms](#).

From the US with their mandates to [the UK COVID law](#) and their laws against protesting, to [Australia where the politicians seem to have gone crazy with the power trip they are having locking suspected infected people up](#) and fining those who dare question them thousands of dollars, to the rest of Europe where there are massive daily protests against countries trying to

force all of their citizens to take a medical procedure many don't want.

There are **too many more conspiracy theories that have turned out to be true** over the length of the pandemic to mention here, however, I want to end this article on a mainstream news report I watched earlier today on YouTube.

Now you may or may not have heard of "[The Great Reset](#)", the plan by **DAVOS**, to use **COVID** as cover to "**reset**" the world into a society where we "**Don't own anything but will be happy**", using **Chinese social credit systems to monitor the people who won't have any privacy**.

Although [I wrote about this plan when it came out](#) it is interesting that **The Hill**, a mainstream news outlet would do a whole piece about it, as well as all mentioning all the **conspiracy theories that were "fringe" beliefs that have now become true**.

I urge you to watch it as it shows **how these theories are gaining traction in the mainstream media** and as the reporters say in the news piece, it may sound like a "**right-wing conspiracy theory**", but it is actually real.

Let me know what you think about the MSM getting onto "**The Great Reset**". They are a bit late to the party, but at least they have arrived. If you have anything to say about the other theories that turned out to be true, please leave a comment.

I have not gone over all of the many theories that have turned out to be true, as I haven't the space or time, but it is clear we are walking towards a dystopian future where **Big Tech linked to the establishment and the national security state, is going to continue censoring those who speak out**.

They are going to continue cancelling social media accounts, and flushing alternative views that go against their propaganda, far down the search engine rankings. That is until that propaganda is found to be actually false like the cases I have mentioned above, and many more besides.

Please comment on this about-face turn by the MSM over **the Great Reset "Conspiracy Theory"**.

Too many and all the sh!t libs believed the spin n hype and total BS the MSM was spewing out. Saw some video from Paul Watson earlier and it had Canadian kids on there all saying that people who didn't have the vaccine shot should have all their state benefits, access to health and other state run systems away from them bit by bit until they succumb and give in and take the shot! The globalists who have 100% used this pandemic as an excuse to pass all these nightmare laws and lock people up like in Australia have probably brain washed a whole generation of young kids who will now grow up and believe in more Communist state run propaganda. They don't teach critical thinking in schools, they are designed to just make good little consumers that will work for peanuts and do their masters bidding. Anyone who is elite goes to the top schools and universities like

Eton then Oxford and no matter how thick they are they are designed to get them ready for becoming the next generation of leaders n politicians and basically psychopaths, that's why all these schools n college have secret societies to get them into brotherhoods with secrets and blackmail over their heads so they all follow the establishment path which is total capitalism to the end. Never mind we have built in obsolesce in all our goods nowadays to force ppl to keep buying more good n push up GDP coz if they didn't do that then ppl would be happy with the stuff they already have. Stupid consumers following stupid leaders in a stupid system...

One big long con job the whole thing was a social experiment to see who complied, who protested, who got the vaccine and who didn't all ready to be put on the social credit score database. It was a test run to see what would happen when we start having lockdowns for climate change and other reasons.

I saw some sick stuff, people eating live mice, 3 squeaks meal as they squeak when you pick them up, put them in your mouth and then when you bite them also bat soup, litterrally a dead bat in boiling water - sick. And I saw someone eat something, don't know what but it was as long as a subway bun and alive when he bit down on it. Sick sick sick.

NUJ heads will certainly roll over racist cover up involving Fascist David Irving.
This article will lay down the legal litigation compiled in part with Joe Elliots blog, amongst others.

Les freaks de wiki,Anarco/socialite par se isnt running to Owens blog with this or even running for the next election.

News bloggers privately believe that the "reported failed Operation" to plant fibre Optic cables under the Ocean into a Cuban port complicitly implies that Irish Billionaire Dennis O Brien the owner of The Irish Independent Newspaper must be regarded by the Cuban Government as working for the CIA, because rumour has it his Cable media company was barred for amongst other for having close connections

with the Clinton Foundation.Other Governments and countries in comparison already dealing in similar services to Cuba arent in any way at all prohibited or dealt with as security risks.

Dennis O Brien most certainly is part of an NUJ cover up involving Fascist author David Irving and the evidence contained here is conclusive.O Brien lives in Malta he has to apparently under a special Government protection order...you cant Spray on a wall there without somebody Knowing whos done it, its claimed by bloggers the protection supplied to O Brien is by private trained army based security.

When the Bellingcat racist allegations surrounding The Irish Independent Newspaper where first published a name of a National Union of Journalists sub editor that still receives personal weekly payments from this Alleged CIA Operative was named for the publics interest and safety.

Far Right wing Fascist David Irving was fined over 2 million Dollars for being the Author of a book known as Gorings Biography in the British Courts where the paperback book itself was used as evidence to gain conviction.There are countless web sites about this court hearing where the judge sentencing branded Irving a racist antisemitic holocaust denier for writing this fascistic publication.

However despite this court hearing Dennis O Briens former personal NUJ Sub editor is found today providing antisemitic political statements that are printed under copyright law inside of the revised new digital edition of Gorings Biography, in full knowledge of the courts verdicts, which is both criminally and politically concerning to us at Freaks,an NUJ Sub editor that provides antisemitic material to a digital version of the book that he knows branded David Irving a nazi sympathizer and cost over 2 million in court fines for the production of and here is NUJ member Albert Smiths own words printed in the "added introduction "of the exact same book Gorings Biography describing it as a "Good Offering",The SUB editor Albert Smith named within the

Bellingcat allegations also owns a company known as Parpoint publishers which we believe itself is of prosecutable interest as a specifically named piece of far right political evidence based on the following.

According to unofficial Russian sources, wait for this ,Parpoint publishing was derived from the blood and honour of two other separate publishing companys connected to the publishing of Gorings Biography (i) that of Irvings Parforce (ii) Focal point

This is an NUJ Life member where talking about here and we want to know why the NUJ havent removed him from their organization for his completely unacceptable representation and deceitful conduct, and antisemitic presentations.

Wikifreakz World vision.....Conspiracy theories you can trust

[Reply](#)

Is it just a coincidence 26 January 2022 at 07:25

You are either a conspiracy theorist or a coincidence theorist, and when you look at the pandemic there are too many coincidences such as the outbreak in Wuhan being the city where Fauci and the NIH moved to carry on their gain of function experiments, that when analysed by other virologists who don't have a dog in the race like Fauci, the virus looks man made due to the Furins, bat mixed with mouse, a non natural occurring virus, that China rolled out their own vaccine a week or so after the outbreak, that Fauci has a history of making money for Big Pharma, that the US government won't look at treatments such as those Joe Rogan had and there is a big MSM/Big Tech push to scrub any notion that they could be useful from the web despite India helping to clear their most remote and populous region of COVID with a bag of cheap medicine that we are not allowed to know about as Biden had a little word in Indian PMs ear and therefore we the public are not allowed to know what drugs India used to clear COVID from this region. I bet non patented, Nobel Prize winning drugs, such as those Joe Rogan used and was attacked for. When CNN is sponsored by Pfizer, and attacks anyone who isn't for vaccinating their whole family, kids and pets 3 times and then extra booster shots, they are evil and need to be kept from the rest of us. Despite the fact that you can have COVID, spread it and still get ill from it after being vaccinated and having boosters. Either these are the worst vaccines ever made or we were lied to about the vaccine being the cure for the lockdown and intrusion into our lives, wrecking the economy and millions of peoples mental health. Now all the people who followed the rules, took their medicine, wore masks, self isolated and socially distanced, are all getting COVID anyway. If I was one of those people I would be asking WTF, why did I do all that when I still got COVID. The coincidences of rich people all investing in mRNA tech companies before the outbreak and then seeing their share prices rocket to the moon, or the war games Bill Gates & co held to mimic a pandemic to see what the people would do and for Fauci to say that there definitely would be a pandemic under Trump seems to much of a coincidence for me. How would he know, we haven't had a pandemic of this scale for a long time. We didn't lockdown for SARS or MERS, Bird Flu or Swine Flu, so why for COVID. It seems you are right in your other article that the vaccines were not made for the virus but the virus for the selling of vaccines, vaccines so leaky protection wears off within months giving Big Pharma \$\$\$ for extra shots, getting paid by governments to make the vaccines then selling them back for cost price x 40 like Merck. Forcing kids the most unlikely people to get the virus or get ill if they did to have vaccines. I am surprised there has been no push to get your Cat n Dogs all vaccinated as well considering they can catch and spread it. Instead Despotic nation like Australia just kill the animals, as they did with a load of Dogs and Gerbils. Mink in Scandinavia have been slaughtered and there is talk that Omicron was created by infected Rats. Just too many coincidences. Once the US has a free press again, not one owned by Big Pharma, and Big Tech doesn't censor one point of view but allows free speech and debate amongst scientists like Robert Malone instead of just kicking them off Social Media and slandering them as anti-vaxxers when he is anything but having helped create mRNA tech, and being involved in vaccines his whole career, he is in the perfect place with the knowledge we should listen to. Just because it goes against Faucism, and CNN, Big Tech & Big Government, does not mean he is wrong.

[Reply](#)

Is it just a coincidence 26 January 2022 at 07:25

People are waking up now, they see that the censorship the government is doing to force everyone to have vaccines that do not work rather than treatments that do, is either just another co-incidence as they are all getting rich off the vaccine makers stock prices - I would love to know how much stock Nancy Pelosi and her Husband bought in Big Pharma before the pandemic was made public and share prices rose. It should be illegal for politicians or their families to invest in stock when they are making the rules up which decides what companies will be winners or losers due to Government decisions. So what are you a coincidence theorist or do you believe that rich n powerful people who meet in secret at DAVOS, Bilderberg, Bohemian Grove etc, don't discuss forecoming disasters or help them on their way, or just even know about them and profit from our misery. A conspiracy just means China could have told the US about the pandemic and gave the politicians and big billionaires like Bill Gates who has been involved from the beginning a chance to invest before the public found out, and we can see all the money billionaires have made from the lockdowns. So is that just coincidence or do you think there could be a small possibility that some people knew what was going to happen before the rest of us and they chose to profit from it rather than help the citizens of the world out?

Is Biden Worse Than Trump ?

Is Biden The End Of The US Empire?

By Dark Politricks

I am not going to say that much but **these are 3 videos all from different points of view** that seem to suggest that **the senile current President is worse than Trump**, if you can believe that. I am not from the USA but as the **"leader of the free world"**, the US POTUS stands for the west, and after Biden's election many countries must be very worried about the handling of global affairs by the **"America is back"**, team of "experienced" officials.

Would the establishment dare let Biden have a live debate with Putin, who called for one after Biden said he had no soul?

When Biden called him a killer, he calmly replied **"it takes one to know one"** and wished him **"good health"**. Would the establishment dare let Biden have such a live debate where he would no doubt be outflanked and embarrassed by the Russian Premier. Or would they worry that he would forget where he was and be so scared of him making some horrible mistake and embarrassing them, and their country?

From foreign policy and his **Secretary of State, Antony Blinken who got tutored live on TV by China** recently. Biden's office of experienced officials looks half cocked, and very unexperienced with Biden acting just as a figurehead for a backstage "team of Presidents", with Biden just wheeled out with a mask on on special occasion's refusing to talk.

China said that **"The US can no longer 'speak to China from a position of strength'"**. It certainly looks that way when the country is led by an **OAP who cannot even walk up a flight of stairs to Air Force one without tripping up multiple times**. This was something he blasted Trump for doing, saying back when Trump was President, **"Watch how I run up ramps and he stumbles down ramps."**

Who really is in charge of the US establishment? Biden and the pretend two party Pro wrestling like squad of **politicians pretending to listen to the public, all whilst taking their orders from Wall St and the MIC?** They were so scared of letting a social democrat such as **Bernie Sanders** from getting near the White House that they **smeared and lambasted him as a socialist** on the mainstream TV. before he succumbed and left the race, as well as thousands of supporters who believed in him, all left disappointed. Knowing that once again **the DNC had fixed the race** to let another establishment figure take the nomination.

Even top Democrats wondered seriously, debating **which would be worst, another Trump Presidency or Bernie having 4 years to at least try and modernise America to the level of most Social Democratic countries**. Modern countries not as rich as the USA that blunt the hard edges of capitalism with social benefits, free health care, housing and education for those Capitalism throws to the curb. The American dream is more of a **"born into the 1%"**, than work hard and make your way up the ladder to join the rich, playing golf, and hanging out with sex traffickers. .

In any other country Bernie would be considered a normal **social democrat**, nothing strange about his ideas or policy ideas. However in the US, people think that he is almost a **communist** for calling for reasonable policies most countries have such as **free health care for all, and a decent increasing, minimum wage**. Bernie tweeted out this only days ago. If you have time read the re-actions he got to feel the ire of his followers.

What will the \$1,400 direct payments in the American Rescue Plan mean for you and your family?

He actually seems to have been brought back into the main Republican fold. I say that because **Democrats are basically now Republicans since Bill Clinton**. The GOP has been pushed so much to the right wing they seem like fanatics to many people.

What would a one off payment of \$1,400 make to you?

Not much I reckon to most people now without jobs or job tied in health care. **Medicare for everyone in a pandemic** would have **been the best first move Biden and the Democrats could have made** when they got in power, controlling both houses, and the Presidency. **It would have been a win win for everybody**. Making the citizens actually believe the politicians cared about them, and allowing the Government to brush off their backs the leeching lobbyists from big pharma..

Instead as they squabbled for weeks over whether to hand out \$2,000 as promised, or \$1,400, one of payments. All as people waited, broke and being kicked out their homes. **Instead he launched missile attacks in Syria** and sent more troops to the Middle East. **Does that sound like he is more interested in looking after the US citizens or the chairman of the MIC companies who pull his strings?**

If you could afford it I like many others would recommend **investing in Bitcoin**, the Central Banks may not like BTC. But as they **print more and more money, de-valuing the dollar**, to pay to billionaires who are more likely to stash it in off shore accounts than spend it, **it is a crypto currency on the rise**.

Max Keiser said the other day he could see BTC going above \$400,000 this year. It has already hit \$50,000, and if the central banks don't somehow try and squash it making companies like **Tesla who now take BTC as payments for their cars** illegal. Then as the FED's and other countries continue to print off fiat currency and cause inflation, BTC even more than gold, **could be the only way to keep your wealth, and even make lots in return**.

Forget the stock market, we have already seen that the game, quite literally is rigged. So why not invest in BTC a **"Fuck You currency"**, Keiser said. Unless they destroy everyone in the world's computers then they cannot stop it's use. Especially as more and more mainstream stores and businesses accept payment with it.

Whilst most countries have been **paying unemployed workers benefits or a percentage of their salary** until they can get back to work. **Americans have to deal without healthcare in the middle of a pandemic**. Also it seems from recent Tweets they are **expected to clap loudly at temporary measures and measly one off payments** that are supposed to help them as they are locked up without a job and no money coming in.

But don't worry the **US said that the IRS is going to do twice as many audits on small businesses this year**. Using pre-COVID 2020 data of course, not the info that shows that you have earned nothing since the pandemic.

Biden who won't speak publicly, possibly due to the establishment being so scared of what mistakes he might make or meanderings into the past he may drift into by accident, **he is definitely being coddled by his staff**.

To the rage of right wingers online, **he hasn't done a State of the Union speech or held a press conference**.

As Bloomberg says **"Formal news briefings don't have the impact they once did, but they do signal a president's respect for keeping the public informed"**. This is something previous Presidents have done ASAP after their elections to the White House in previous terms.

Here is Biden's latest official Tweet. Do you think he actually knew how to use the computer or phone to make it, as Trump did. Or were his staff so scared of what he may say, a junior staffer, **one who hasn't been fired for smoking weed in their youth**, tweeted it out instead. How hypocritical considering most States have **legalised it for either recreational or medical use** and especially as his own son **Hunter Biden has major drug problems** himself.

Mask up, America. pic.twitter.com/6yaUHYmzWC

— President Biden (@POTUS) March 21, 2021

It's only 3 words, so maybe they did let him type for once.

The new **President won't even visit the border with Mexico** where he repealed Trumps law that let refugees stay safely on the other side of the wall to wait for their court hearing to see if they were allowed in. Now if they are not **just let free without any background checks into small Texas towns** to overcrowd them, they are locked up in prison like conditions, **yes kids in cages**.

Most of **those cages were created under Obama**, another let down for those who actually

The Racist Hypocrisy of the Irish Press and Joe Biden attempt to "cover up" continued ongoing Democratic involvement and misuse of Irish newspapers.

This Irish Independent newspaper is not a friend of left wing politics or free speech in the Republic of Ireland or anywhere else for that matter,(Wikileaks are writing for Dark Politricks right to produce free speech!).The hidden,hideous and hypocritical double standards of this newspaper owned by Dennis O'Brien are found in the book"Clinton Cash" which exposes the Clinton Foundation (another front for the CIA) collecting millions of dollars at dinner parties around the world.Clinton himself made brief speeches costing upwards of over 100,000 dollars.Dennis O'Brien is named in the book Clinton cash presenting the Clinton foundation with countless thousands of "green back" in exchange for guest appearances organized by the OBrien Empire.

Israel is a terrorist state. Do the Palestinians have a right to defend themselves?

Israel is a terrorist state but do the Palestinians have a right to defend themselves?

By Dark Politricks

As [Israel carries on it's "defence" of it's people by blowing up news organisation buildings](#) and stealing any photos that could contain incriminating images, as well as force people out of their family homes to give over to Israeli's with no chance to take all their belongings I have to ask - **why does no-one ever ask the US President** who always says **"Israel has a right to defend itself"** **whether the Palestinians have a right to defend themselves?**

Surely a people under illegal occupation, in which they have been deserted by all their old Arab friends now in bed with Israel and the US, have a right to defend themselves from being annihilated whenever [there is an election due](#) or [Bibi Netanyahu is about to appear in court?](#)

This is the sentiment of the illegal settlers now taking more Palestians homes, and creating **"facts on the ground"** to prevent a viable 2 state solution. They see [Palestinians as snakes as one Knesset member, Ayelet Shaked once called them.](#)

What these racists don't realise is that the tide is turning against their evil barbaric torture of a whole people. More people in New York, once a staunch pro-Israeli ally, **is now seeing New Yorkers protest in favour of the Palestinians** despite the biased news they recieve from **CNN, FOX and MSNBC**. Even politicians who are usually all **sucking on the teat of AIPAC money** have stood up in Congress and in public to defend the Palestinians, something unheard of during the wars against GAZA in the eary 21st century.

They have created so many **"facts on the ground"** that a two state solution is almost now

impossible. So because **the rest of the world with a conscience won't let Israel destroy a whole people despite the US giving them a blank cheque to basically do so**, therefore there will be only one solution left in the end. A **one state, non Jewish, non Islamic, secular state from the sea to the river that both people's will have to learn to live in.**

Rashida Tlaib, a Palestinian-American representative of Michigan, also delivered a tearful address to Congress. Speaking of the atrocities that Palestinians face, she questioned the US government's **"unconditional support"** of Israel. Recalling how police shot rubber bullets and gas at protestors in Ferguson, Bush said she learned then that **"the same equipment that they [the police] used to brutalize us is the same equipment we send to the Israeli military to police and brutalize Palestinians"**.

Bernie Sanders called on the Biden administration and fellow lawmakers to "no longer be apologists for the right-wing Netanyahu government and its undemocratic and racist behavior".

If the United States is going to be a credible voice on human rights on the global stage, we must uphold international standards of human rights consistently, even when it's politically difficult. We must recognize that Palestinian rights matter. **Palestinian lives matter.** This comes after an expected weak position taken by Biden in which he said that **"Israel has a right to defend itself"** - what about Palestinians?

Do they not also have a right, even a duty seeing they are imprisoned by a country ignoring international law, to fight back against their plight?

Remember Israel was born out of terrorism, Israeli terrorism, massacres of Palestinians, and before that, the British Soliders that controlled the Palestinian Mandate.

The smouldering ashes of the King David Hotel blown up by Israeli terrorists in the 40's

So when the Israeli's were **"building"** their nation by using terrorism to **"create facts on the ground"** in the late 40's by massacring the Palestinians and forcing them from their homes, the world still stood back and did nothing. There were a few measly wars defeated by the US armed Israeli military from ex Palestinian allies such as **Egypt, Syria and Jordan** who have now fallen by the wayside.

This of course caused more massacres, heads chopped off and of course **the famous bombing of the King David Hotel**, pictured above, which was the **British HQ in Palestine at the time**. Multiple Presidents and Prime Ministers can find their roots in the terror gangs that pushed the British out of Palestine and let them go on a murderous rampage.

There used to be a video on here by Blackstone Intelligence covering this matter but obviously it has now been taken down. However if been reading my site you will know I have had many historical documents on here related to the, **breaches of International law such as the illegal piracy of the Mavi Marmara in international waters where a US citizen was shot 9 times in the back, caught on camera, but hardly mentioned in the US news as it would "embaress an ally"**.

The same sort of logic that **President Johnson used when Israel tried a false flag attack on the USS Liberty**, flying US flags, and overhearing their massacres of Egyptians, **Johnson almost nuked Egypt** because he believed the lie that it was that country that had attacked the ship. Survivors and Israeli pilots overheard on radio telling their commanders that the ship was American told a different story altogether. Twice planes sent by nearby US ships were ordered back by **Defence Secretary McNamara** that could have helped the struggling ship.

I have a very famous talk by the ex Zionist turned Christian, and therefore anti-semitic or self hating Jew, **Benjamin Freedman**, who gave a very famous speech that put a very different spin on the reasons for WW1 and **WWII**. You can read the transcript and listen to it [here](#).

We should also all know by now that **the Rothschilds control most things related to money**, pulling their puppets in parliaments and state houses all over the world. They also run most of the central banks in the world where they can print money on worthless paper, lend it to the government, and our taxes go to paying back these usury loans.

However their modus operandi has always been to **make money from war**. They lend loans to both sides and then collect reparations from the loser and the payback from the winner.

Israel and Zionism is a Rothschild operation, created between the British who were fighting the Ottoman Empire in WWI and **Germany who was winning the World War 1**. Germany offered to call the war off with no reparations, let's just all go home and forget about it, and they were the side winning. It was a no lose situation for the soldiers, but not for the bankers.

The Rothschild's didn't like this as it meant no money from reparations and they went to the **British Government** and **promised them that they could get the USA into the war and win it**. However in return they wanted some form of document that gave them Israel.

The famous **Balfour agreement** was a document sent to **Lord Rothschild** that promised to create a land for **Zionist Jews** if they brought the **Americans** into the war and in 3 months after the German offer to call the war off there was a total turn around in the USA who wanted to stay out of European wars. Most of the American press actually supported the Germans.

A false flag attack on the **British ship the Lusitania**, which was carrying Americans to Liverpool from New York orchestrated by the **First Lord of the Admiralty, Winston Churchill**, got the Americans so riled up they wanted revenge and joined in on the war and beat the Germans.

When the Jews started flocking into Palestine they committed mass murders, massacres and drove hundreds of thousands of Palestinians out of their homes.

The rules of war say that refugees must be able to return to their homes but Israel, who had lost about 250,000 - 500,000 people in concentration camps, **became the NAZI's who had persecuted them**. Killing and murdering British and Palestinians until the Brits left and Israel was created. They are like the sex offender who was abused themselves as a kid, just passing on the condition down their lineage..

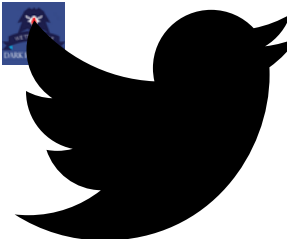

Israel seems to forget that International law was created due to their treatment by the NAZI's in WWII. However since the treaties signed in the 40's Israel has been run like a terrorist state, massacring refugees in camps like **Sabra and Shatila in Lebanon** which **ex Israeli PM Ariel Sharon as defence Minister at the time was found responsible for**.

However this was far from the only time **Israel has committed war crimes and breached international law** always with the **US protecting them from world condemnation by vetoing any security council resolution that comes to a UN vote**. The most recent vote **was blocked the other day**, the Council drafted a statement calling for a ceasefire, but the statement was vetoed by the US. You can watch the actual debate [here](#).

Of course this all goes back to **19th century Rothschild Zionism** which has used the Jewish people as a tool to get their way in the Middle East. Don't you find it funny that you can debate any historical fact but the only one that is not in dispute is that **6 million Jews died in the Holocaust ("Burnt Offering" - in Hebrew).**

This is a fact that cannot be argued about, and doing so would get you jailed in most European countries. You can't say only **5 1/2 million died it must be is a perfect 6 million** Jews that died. **Was the Holocaust an offering to their God to allow their self fulfilling prophecy to succeed in getting the Jews back to Israel?**

Remember the quotes during the war, when Germany offered to sent Hungarian Jews to Israel instead of the work/death camps.

"One Cow in Palestine is worth more than all the Jews in Poland"

"When they asked me, couldn't you give money out of the United Jewish Appeal funds for the rescue of Jews in Europe, I said, 'NO!' and I say again 'NO!' ... one should resist this wave which pushes the Zionist activities to secondary importance."

[Yitzhak Gruenbaum](#)

After the creation of the Israeli state, the **Stern Gang and Irgun Israeli terrorists**, who killed so many Palestinians, British, American and other nationalities in their fight for independence all became members of the IDF.

So the IDF is the Jewish army and it's based on terrorists. In fact **the first leader of Israel was the head of a terrorist group** and there have been 3 Presidents or Prime Ministers who were in these terrorist gangs. I wonder if that is the reason the IDF is so callous and acts like it does?

There is too much too go into this subject without being called a racist, anti-semite or have Hasbara and BOT haters in the comment section.

However history is history and it repeats itself over and over.

Remember you can be a Jew and not Israeli or Zionist and you can be a Zionist and not a Jew or an Israeli Zionist atheist.

The politicians call for the mothers to be killed so that they can't spawn any more [Palestinian "snakes"](#) and [the racist language in the Knesset is appalling](#).

Remember if you agree **Israel is a terrorist state**, causing **false flag attacks to blame on Muslims like 9.11** or the [USS Liberty](#) or [the Lavon Affair](#) where **they bombed Brits and Americans in Egypt to blame on Muslims** then you have to be scared that they have nukes, especially when you read [the Samson Option](#).

This was [a policy of aiming nukes at Russia and Europe in case they were overrun by Muslims so they could take the whole world down with them](#), terrorists or rational players in a dangerous area of the world terrorising the Palestinians, Syrians and Lebanese?

They commit assassinations overseas, **killing innocent Iranian scientists** just in case they were working on a nuclear bomb, **kill peaceful protesters on the Mavi Marmara** in international waters like pirates, threaten the world with nuclear annihilation, and they have had **many, many massacres of the Gazan people who have just had their only lifeline of food cut off by the terrorist state.**

Please comment carefully, I have nothing against non racist Israeli's and deplore terrorism whether it comes from Gaza or Tel Aviv, **I just want a peaceful end to this sore on our international conscience**. Just please do not call me an anti-Semite, which is the usual tactic to discredit someone attacking Israeli foreign policy, as I have nothing against Jews, just the **Zionist State Of Israel when it breaks international law and does not keep it's part in treaties signed by both parties**.

Because the US always vetoes every UN security council resolution condemning the violence that could send a UN peace keeping team in to Israel and also enforce the UN resolutions that Israel has broken such as not letting Palestinian refugees return to their old home, removing illegal settlements on land illegally taken, and holding Israel to account for all the assassinations of old men and women and kids who were just praying at the border fence looking at their old homes. If the US stopped vetoing and became an honest broker - which they are definitely not - I mean why should Israel get free health care and a top military all on US tax payers \$\$ whilst the US citizen cannot get even cheap health care and spend billions a year giving money to Israel and other countries. The US needs a major shift in its leaderships thinking but then for that to happen we need to remove all the AIPAC money that helps re-elect all the Congress people n Senators that take it to always side with Israel. Hard job, but its slowly turning with actual MSM talking about the plight of Palestinians, and #altnews being read and watched more than main stream news that provides a Palestinian point of view which the US public has been denied for years, I hope it does change but the US needs to change first as Israel only does what it does because it knows the US supports them with a free conscienceblank cheque

Liz Truss, Green Screen Zelenskyy and BoJo

Where is Zelenskyy and did the US have anything to do with Liz Truss stepping down as UK PM
By Dark Politricks

Now **this is just a theory** but with the shambles the Tory party is in at the moment, [with Liz Truss stepping down today from Prime Minister](#), the shortest ever in UK history, I have a feeling more is at play, and that it could all be down to Ukraine.

Ben Wallace the Defence Secretary is not going to stand for PM, which the Tories hope to be selected within a week by Tory members. However he has the weight of a Tory big hitter and would command respect whereas **the other possible candidates are just going to be more light weights pushed around by the money men, as Liz Truss was.**

The thing that makes me think more is at play is that **Boris Johnson is thinking of standing as PM again**. However many Tory MP's would be against this as would the public, so why would he be risking the ire of the population and his party by standing again?

Could it be all related to Ukraine?

Remember, **BoJo, was the man sent to Kyiv or wherever Zelenskyy really is hiding, to tell him not to negotiate with Russia**. This was when the peace talks at the beginning of the war were going well, and it looked like all the points in [the Minsk accords](#) that **Russia had been hoping would keep Ukraine together** and allow the **Eastern Russian in the Donbass safe from the Ukrainian army who were shelling them and killing them for the last 8yrs.**

Zelenskyy is obviously not in Ukraine. We have or [I hope you all have seen the green screen videos of the fearless Ukrainian leader standing in Kyiv](#), when really he is in front of a camera with pictures of Kyiv or the front line behind him as this shot shows.

Zelenskyy making a new fearless war leader video

I don't know where the fearless leader is being kept, but I bet his **Right Sektor "body guards"** who have threatened his life if he dare negotiate with Russia are not far away. When people say **"but he's Jewish, there can't be a NAZI problem"**, we are forgetting all the headlines and articles from papers across the world about **Ukrainian NAZI & Far Right groups** mainstream media wrote about before the war. Have we all forgotten?

Neo NAZIs from Ukraine we used to report on

Boris is supposedly on holiday in the Caribbean, [yet he is also the top candidate to replace Liz Truss](#), reports YouGov, after Wednesday's tough Prime Minister Questions in the House Of Commons. It has fueled questions about where the former PM is now – he's apparently **"on holiday"**. However, I wonder if he has been talking to **the White House or any of the pro war neo-cons** that are leading us towards **WW3 in Ukraine?**

Has anybody from the White House realised that **Bojo and Zelenskyy got on so well** and that for the war effort to continue with his spirits lifted from the threat of being disposed of, literally, at any minute, that **the UK must install Boris back as PM at once**. They don't care how it is done, **they just want him back as PM to keep Zelenskyy on the right track, with his spirits up**, as if anyone needs a laugh then 10 minutes with Boris the Ping Pong clown ought to do it.

BoJo is he being used by the US to over throw UK democracy for Ukraine?

We will see if it does happen or not, but I can just imagine the **US State Dept ringing Ben Wallace** and saying **"listen, we need Boris back as PM ASAP, I don't give a shit about your**

rules or constitution just get him back as PM so he can keep Zelenskyy on track". Then Ben talks to [Graham Brady, the head of the 1922 Committee of Tory backbenchers](#), who plan these Tory plots to oust PM's, and Liz is told to go and do one, all because we need Boris for the sake of the Ukrainian war effort.

It will soon become clear if indeed **Boris does throw his hat in the ring as a candidate**, as Graham who was talking to reporters earlier said that **at least 2 candidates must stand for PM, but if one drops out, then the remaining candidate becomes Prime Minister.**

So we won't have long to wait and see if this "conspiracy" or "coincidence" theory is right or wrong as if **Boris is busy packing his holiday Bermuda shorts back into his bag to head back to Heathrow**, then we will see who else stands alongside him and whether or not they drop out or get voted down.

Whatever the case, if **Boris ends up back in 10 Downing St** then play writers will have an awesome tale of **Tory betrayal and back stabbing** to write about for a play or TV show.

I just have this icky feeling at the back of my throat that due to his "*matey*" charm and friendship with **Zelenskyy, who is now putting his trust in al-Qaeda and ISIS terrorists that WE are paying for to fight in Ukraine's foreign legion** that something more is going on that we don't know about.

SHOCKING Al Qaeda and ISIS truth in Ukraine i...

If the [US is prepared to attack Nord Stream 2](#) and put a supposed ally into severe hardship this winter despite [Putin offering to resume gas supplies to Europe through the intact part of the Nord Stream 2 gas pipeline](#), which [Germany has declined, despite committing economic suicide](#), then I have no doubts that the UK would bend over and kick a sitting PM out to bring back a disgraced one despite all the trouble it will cause if the Americans wanted it.

We only have to wait a week but if **BoJo is somehow wangled back into Downing Street** then I suspect more is at play than we can see from our arm chairs. It's just a thought, and we only have to wait a week to see.

However, to find the truth of the matter if this comes to pass then we will need to wait for some leaked documents or phone calls to prove that this was why he was brought back and that I was right.

Otherwise it's **just mad that Boris is considering throwing his hat into the ring to become PM again** after just being kicked out for **partying during COVID lockdown**, as the population was told to isolate.

Whatever the reason he would try and become PM again I really don't know which would be worse!

I've heard that scream from the supposed hole to the centre of the earth on Art Bells CoastToCoast talk show and whilst it sounds like Hell, it has been analysed by sound techs and found to be a loop in the background of some screams, so it's a fake I'm afraid. When I first heard it, and then kept hearing it on his show I was pretty freaked out but some investigation reveals its a fake.

We completely agree with Mr Putin when he states that the West are satanists.London is a despotic separatist state,it has not only severed itself from Europe with Brexit it has nothing in common with the rest of this island,it is a pyramid of fire.The biggest secret in the UK is that there exists a far right hidden fascistic order.The mafia and far right that people put up with in daily life ARE SATANIC NEO NAZIS you get them everywhere in London, London is run by FEAR,

True religious people in this island dont really bother people at all and when we look back at our lives the people that bother us are persons that drink, eat pork and dont adhere to religious beliefs.You dont have to be religious to follow a religious ideology,you can be good to others and do unto others what they do to you,Some will say that persons that dont believe in Allah are infact persons that will perish.Weve witnessed many hypocrits and lost souls who claim they are religious.

we could state the obvious instead well give a bit of a hint....generally people in London are only intereted in what they can get for themselves,not every body is greedy and selfish however there are too many that are, lifes tuff as they say...we live in poverty completely at rest with our minds however every day some jerk has to bother...it never ends...we have vowed never to enter into london again until the UK becomes a republic not that many understand what is quietly spoken here or remotely interested in their world becoming a republic.

The reason for this document is simple.DONT believe Mr Putin when he tells you he wont use NUKES.When you live in London people lie all the time and you would be lying to your selves if you thought otherwise.The RUSSIANS are using your own tactics, they will tell your despotic state what ever it wants to hear.

YOU HAVE ALL BEEN WARNED THE ONLY SOLUTION TO UKRAINE IS TO USE GLOBAL DIPLOMACY TO STOP UKRAINE FIRING,DEEP HOLE (BIDEN) HAS NO INTENTION OF STOPPING THIS WAR.PUTIN WILL USE NUKES IF HE IS CORNERED BY THE WEST ..NO DOUBT>>DO NOT SUPPORT EITHER SIDE.

Dark Politricks is undoubtedly of great interest,its informative and most importantly grants free speech!A freak whos a blogger went to town sometime ago on this crapper Dr Moayyad Al Kamali they spent a month or two digging about the base and compiled. Not having the time and space here the compression begins.

Ireland is a CIA controlled kip,Certain Americans regard themselves as Irish first and American secondly,Boston New York,Chicago.American. Presidents and the CIA itself are real touchy about Eire (FIREland). Thats why the CIA financed and controled alot of Irish Republican Army activity...back in the day.Freedom of information acts in the states forced the Government to admit the CIA organized terrorist activity..go google it for yourselves!

Our man over dare "Snowdon" blew the whistle on British Intelligence getting millions a year or so ago for GCHQ operations from the American Government, again the CIA buying into all our mobile phone channels!!!!One of the biggest secrets in the UK is how much CIA funding the UK gets per anum and you could dissappear if you had the evidence...its billions and it has been for decades,part of this money goes into "Chain Gangs" all those people in civys (civilian life) who watch and spy on the rest of US, they are basically a far right militia a hidden order under control of China one week the Americans the next some fed the week after a pakistan drug catel the next...you get the idea.The Clinton Foundation being an example of a highly organized CIA protection service that uses chain gangs.The CIA controlled both the IRA and the British Mafia in the 80s and 90s or rather the far right in ireland and Britain it created

the war.The real IRA were infact the far right British nazi found all over west london and west England who at the time belonged to chain gangs controlled by CIA funding.

So here it is this is what the Freak dug up :
Dr Moayyad Al kamali was found in Ireland as the head Doctor of a Hospital, the president of a society and also running a hotel next to the Russian embassy in London all at the same time.Psychiatry,psycology as we all know are weapons of the Intelligence services many doctors work within Military Intelligence itself globally.Their is no way on earth kamali could hold three positions at the same time without being vetted by the CIA...thats it, which means the Americans where involved in his appointment, simple as. The American Government wouldnt allow a person that amount of control in Ireland.Kamali could have worked in any hotel anywhere in the UK the math probability afte CIA verification of double parking next to STAREBEARS EMBASSY IS ZERO. We are not to sure if you can be a Doctor in two places at the same time either....theres alot more see you on the other side.Kamali amongst other was a contractor for the Clinton Foundation producing false reports under orders from persons within the American/Irish Government.
spy 4 now Snowmen.

Russia v NATO - Modern War In A Time Of Hypocrisy And A US Rules Based Order

The War That Destroyed Europe and Independent Thought
By Dark Politricks

As Europe heads into Winter, and the US White House seems hell-bent on fighting the Ukrainian war down to the last man. We need to reflect on our common values here in the West. Some of you may think **Putin is the nearest thing to Hitler on the planet**, but if you do think that, it just goes to show how far our western civilization has fallen in the era of **Social Media Propaganda**, and how easy it is to brainwash people using media, social and old, into one way of thinking.

You may have heard, if you watched the right shows, that **the US was urging Zelenskyy to try to settle with Putin** now before the Winter sets in and 300,000 new Russian recruits, and all their tanks, fitted to drive on the snow, come rolling into Ukraine to mop up what remains of the Ukrainian armies.

This is despite **Zelenskyy himself signing a law that makes negotiating with Russia a criminal offense**. He has basically prevented himself from ever negotiating a peace settlement, or else face up to 15 years in prison for "**cooperation with the aggressor state**". After all the lies and false promises from the west, I doubt Russia would be interested anyway.

Whilst you might think erroneously that **Ukraine is winning the war**, with its take over of **Kharkiv** and **Kherson**, two cities the Russians basically vacated as they did not have enough men to keep hold of them. It seems **Putin and his top Generals do not like risking the lives of their soldiers** for a worthless cause with a lack of troops. **However, it seems they do not mind the retribution killings of pro-Russian civilians that take place by Ukrainian soldiers whenever they re-capture a town.**

The Ukrainians are good at killing their own civilians, as we saw in **Bucha**, a town that was reclaimed and proudly shouted about by the mayor for 2 days with no mention of dead bodies laying in the streets at all.

That was until **the SBU and AZOV Brigade NAZI's enrolled in to the Ukrainian State Police, carried out a "cleansing", which saw freshly killed dead Ukrainians who had taken aid from Russian troops, lying on the sides of the road, clearly labelled with red bandanas to show their support for Russia**. Of course, this was somehow wangled into a "**Russia did it**" war crime, despite all the discrepancies, just as many other Ukrainian crimes have been.

This might be why when the **Russians recently vacated Kherson they evacuated civilians into Russia before leaving the city and blowing up the bridges behind them**. Now those civilians who chose to stay behind will now have to **face the SBU, the Ukrainian Security Services**.

There is a list that includes **bloggers and journalists** which **the SBU have been following, and executing, not only in Ukraine** when they find someone who took food or supplies from Russian soldiers but also as **this article reveals, US Senators, Pop Musicians, and people who dare to speak against the pro-Ukrainian, everything they do MUST be good, narrative**.

Here is Pink Floyds musician Roger Waters on the kill list.

Stepan Bandera in New York, the Ukrainian NAZI

From this extract from an article written by a Donbass blogger, titled, "[SBU THE TERRIBLE UKRAINIAN POLITICAL POLICE, ASSASSINATIONS AND TORTURE](#)", we have this independent bloggers views of the Ukrainian special security forces spelled out very clearly.

There is no war in Donbass... only an anti-terrorist operation. Yes you read that right, it's a law of the Rada of Ukraine that was passed back in 2014, there is no war in Eastern Ukraine... but terrorists who were seeking to destroy the country. According to this rhetoric, the SBU, which deals with counter-espionage, was deployed and very quickly committed numerous abuses, assassinations and various crimes. According to various sources, the SBU had nearly 30,000 agents and employees, and very quickly attacked anything Russian, anti-Maidan and which could hinder the march of the Coloured Revolution financed and organised by the USA, in the winter of 2013-2014. The young blogger **Marina Russkaya** (pseudonym to protect her family in Ukraine), a student of political science in the capital (2012-2015) told us at the time about her journey. Having started writing against the Maidan, she was soon in contact with other activists and soon followed by tens of thousands of people. It was during a morning in 2015 that she was called by an activist friend in Kiev: **"you have to flee Marina, they are breaking down my door, they are coming to get you!"** Taking only her handbag, the young woman, then aged 24, fled Ukraine. Luckily, she was able to take a train to Russia and from there to the Donbass. That day, the SBU raid caught several dozen activists in its net. When asked about this, Marina said she had no news: **"they were murdered, imprisoned, they will certainly be killed if they have survived in the Ukrainian prisons where they are languishing, the SBU will not let them live before fleeing"**.

These security forces are the same people suspected of taking money from [Western aid and buying flash cars](#). If they cannot get the cash directly they don't mind selling US armaments to Biker gangs in Scandinavia [or terrorists on the Dark Web](#). According to NBI Detective Superintendent Christer Ahlgren, **"Weapons shipped [by various countries] to Ukraine have also been found in Sweden, Denmark and the Netherlands."** Before the war, even the USA deemed them nearer [a criminal organisation](#) than the freedom fighters they now believe they are.

The SBU Security / Terrorist Services of Ukraine

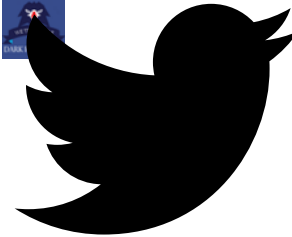

So why is the British Secret Services combining forces with the SBU and other Ukrainian security services to create a terrorist army in Crimea?

On October 28th, a Ukrainian drone attack damaged the Russian Black Sea fleet's flagship vessel in the Crimean port of Sevastopol.

Moscow immediately blamed Britain for assisting and orchestrating the strike, as well as [blowing up the Nord Stream pipelines](#), the worst acts of industrial sabotage in recent memory.

The British Ministry of Defence **issued a blustery denial in response**, branding the accusations "**false claims of an epic scale.**" Whoever was behind those specific attacks, suspicions of a British hidden hand in the destruction are not unfounded.

The Grayzone has obtained leaked documents detailing British military-intelligence operatives linking an agreement with the Security Service of Ukraine's Odessa branch, to create and train a secret Ukrainian partisan terror army.

Their plans called for the **secret army to conduct sabotage and reconnaissance operations targeting Crimea on behalf of the Ukrainian Security Service**, precisely the kind of attacks witnessed in past weeks. [You can read more about how the UK has been collaborating with terrorists here on the Grayzone](#)

It seems that when morality meets conflict, the west literally has no legs to stand on to accuse Russia of crimes that **our own governments** have been plotting and committing in Ukraine. **Our western news services only provide propaganda** to audiences who may swap from the **BBC to ITV or CNN to MSNBC**, to get their different perspectives on the war, yet each channel churns out the same narrative. **Everything Ukraine does is good, or not mentioned, and everything Russia does is bad.**

However, when the ground turns cold, and the Russian tanks are ready to roll, we will finally get to see the Russian army fight without all the constraints Putin has put on it since invading Ukraine.

He is at least partly responsible **for all the assassinations and killings of pro-Russian Ukrainians** that were left behind in towns their under-manned army vacated to leave to the hands of SBU members to "**cleanse**", and then try and [wangle their abuses as Russian killings](#) just as they tried to do with their S300 Shell that was fired into Poland and killed 2 Polish farmers.

Listen to a real journalist from [The GrayZone](#), **Max Blumenthal be interviewed by Russel Brand about the war in Ukraine** and the killings that go on by the Ukrainian army against their own citizens.

Of course, [Ukraine's President Volodymyr Zelenskyy said on Tuesday, without producing evidence](#), that **Russian missiles had hit Poland**, a NATO country, in what he called a **"significant escalation"** of the conflict.

"Russian missiles hit Poland, the territory of our friendly country. People died," Zelenskyy said in his nightly video address. However [even Poland](#) and [the USA have claimed this to be false](#), yet still blaming Russia for the fact a NATO country was attacked by a non-NATO Ukraine.

Green Screen Zelenskyy - getting ready to make another speech from the frontline

Zelenskyy was calling for immediate Article 5 implementation of NATO's collective Defence policy, yet it was Ukraine a non-NATO member who had fired and killed Polish civilians, with no evidence provided for the reason that they fired their anti-missile batteries towards Poland.

Was this a **deliberate false-flag event to try and get NATO to come rushing to Ukraine's aid**, as their foreign legion of **ex US/UK forces, special forces, Polish soldiers, and ISIS and al-Qaeda terrorists**, all wait for winter and the rolling out of **half a million Russian troops**?

Let's just re-cap the last 8 months and how far the west has fallen due to the most corrupt European nation being invaded by Russia.

- **The loss of free speech online**, anyone who goes against US/NATO narrative is labeled a Russian Agent or BOT and kicked off social media platforms, or even worse, put on that CIA/SBU assassination list.
- **Social media virtue signalling without any knowledge of what they are supporting**. The Ukrainian flags may tell others you support Ukraine, but [what kind of Ukraine are you supporting?](#) One that has kill lists that include journalists, NAZI's who use civilians as human shields as Amnesty International has reported?
- Allowing social media sites such as YouTube to show literal **"snuff films"**, where Russian soldiers are shot and left to lie on the floor with bags over their heads as they die. Anti-Russian sentiments are allowed to be declared from every social media site but dare tell something that does not fit the **"Ukraine is good, Russia is bad"** narrative and you could see yourself cancelled. Is this free speech, is this giving the citizens all sides of the story so they can make their own minds up, or is it the Government pushing propaganda into our heads?
- **MI6 & USA blowing up the Nord Stream pipelines**, apparently during her short term as PM, all Liz Truss did was concentrate on Ukraine. It was [her bugged iPhone](#), [using Israeli Pegasus malware](#), that told the Russians the Brits had played apart in the terrorist attack on German & Russian infrastructure, helping to cause misery and

suffering in the cold and much poorer houses of Europe this winter and [drive Europe into the USA's hands for expensive energy needs as planned by this supposed RAND report](#), if it is fake then it was very good at foretelling the future.

- **The self-inflicted economic disaster we have given ourselves.** With no time to recover from COVID and supply line issues, we dived right in [on the anti-Russian sanctions economic war](#) which has only hurt us not Russia. **The Russian Ruble is doing fine and we may feel all good about stopping cheap Russian gas flowing to us, as our energy bills rise along with inflation**, but Russia is just doing more oil and gas deals with the rest of the world who have not voted against the Russian invasion. It is only NATO and the EU who have pegged their economies in a futile battle with Russia, sanction after sanction, and none of it has worked. [It has only led to our massive cost of living crisis](#). Other countries like India have cut cheap gas deals with Russia for not voting against them in the UN, and other countries from South America, to China and the global South all see the hypocrisy in our moral crusade using very unmoral methods.
- We like to claim we have the moral high ground, and Russia is not following "**The Rules Based Order**" set up after WWII, [which as this article states is basically 4 rules](#):
 - America makes the rules.
 - You will follow and obey American rules.
 - You will not listen to the United Nations.
 - If you fail to obey American demands, America reserves the right to obliterate you.
- Believe it or not but **Russia has followed UN International law**, in protecting citizens of an imminent attack. [The Minsk accords](#) which **Russia was hoping would solve the issue of Russian speaker's rights in the Donbass without breaking up Ukraine were not kept by France, Germany, and Ukraine and instead used by NATO to build up the Ukrainian army to take back the Donbass and Crimea after the US-led Maidan coup in 2014. As you can read in my article from February 2022, nearly everything I predicted has come true. Russia and China have got very close**, the Nord Stream 2 pipeline did not go ahead, and **we are allowing ourselves to freeze only to say that we stand with Ukraine**. This is whilst the US illegally occupies Syria's oil fields, helping themselves to their wheat and gas, hypocrisy or just the consequences of everyone following the "**Rules Based Order**". The Russians are following international law, **the US only follows international law if it suits them**, otherwise, it's their "**Rules Based Order**", that takes precedence. The rest of the world sees this hypocrisy, and it is why the BRICS nations are expanding, with Saudi Arabia looking to join which could mean **the end of the Petrodollar dominance** that has allowed the USA to print money like there is no tomorrow.
- [Using ISIS and al-Qaeda terrorists, and paying them to fill the holes in the Ukrainian foreign legion](#). Are we now on the side of these terrorists? I thought they were our "mortal enemies", I know about **Gladio 2**, maybe you should read up on [Gladio 1](#) and replace "**fake Communists**" with "**fake terrorists**". We supported them in Syria, and use them to cause chaos.
- Using terrorist tactics ourselves to kill or damage infrastructure such as the truck bomb/missile attack on the Crimean bridge. **Did the driver of that van of fertiliser, making the truck one massive IRA-style bomb, know he was to become a suicide bomber?**
- **Supporting a country that may have killed innocent Polish farmers seeking to get NATO in on their war.** Not only has Ukraine shown a lack of care for its own citizens with the "cleansings" that happen after every town they re-take, innocent civilians massacred, but they **shelled a Russian POW camp** hoping to kill their own men to stop the Russians from videoing their evidence. **Attacking a nuclear power station with HIMARS and other artillery** which could have led to a massive nuclear, **Chernobyl-style disaster for Europe**, oh and trying to blame their own attack on Poland on Russia to get NATO in even more on their side in the war.

Now, don't get me wrong, I am not Russian, I have no wish for Russia to take over the West, or want to see Russian war crimes committed, and I definitely do not want to see WWIII.

However, I also don't want our economy to enter its biggest recession yet partly due to this conflict. **I don't want high inflation, blackouts, and high energy costs**, all due to a sanctions war, and turning away from cheap Russian gas which Europe's economy relies on. All this suffering in the West just so **our leaders who can afford the price hikes, and high fuel bills**, to virtue signal that we are behind Ukraine all the way.

However, it is war and I believe that **just as Ukraine has committed war crimes** by using citizens as human shields as outlined in [the Amnesty International Human Rights report on tactics used in this conflict](#), which stated **"Ukrainian forces have put civilians in harm's way by establishing bases and operating weapons systems in populated residential areas, including in schools and hospitals"**, I am sure Russia has committed them too.

In the fog of war, where **we are prevented from making our own minds up**, and pushed propaganda from all angles. Most of us dare not think for ourselves for fear of being labelled "**pro-Russian**". It seems **morality is definitely relative during war time**, for anyone doing a philosophy course.

For independent journalists and bloggers, singers and ex-politicians or US military who dare to state historical facts, **such as the current war actually started in 2014**, and that **Ukraine was killing their own citizens in the Donbass as NATO trained their army for a war with Russia**. Then as independent thinkers, we are put on CIA kill lists.

Is that what we now stand for?

Zelenskyy is a war criminal, the news says Putin is Hitler but it is Ukraines leader who has been shelling his own citizens in the Donbass lately as he believes they are now not part of Russia as Putin does after the votes, so why is Zelenskyy trying to kill people in lands he claims are still his? He is a liar, a thief of US money, has millions stashed abroad, and seems like he is on coke every time he does his green shirt nightly speeches demanding NATO comes and saves his ass.

Micheal Martins resignation and a thousand and one dirty fixeires.

Gerry Adams political career didnt kinda of end or fizzled out it just simply helter Skeltered, day by day it went from one calamity to another enough said here.Over the years he gathered an en-tou-rage of hate mailers and discredited an anti fan club so to speak.Gardagate was part of Gerrys big slide.

This article is produced by realists that politely explain that the republic of Ireland and more to the point many people who live here have great difficulty understanding their concept of Internationalism and further more just to add more fuel to there fireland what some regard as socialism is far from reality..many political web sites for example describing Sinn fein

today as a democratic socialist party ..dont bother.

In a democratic country law courts require evidence PERIOD,this article starts with a named British MI6 officer Simon O'Brien former head of GSOC (the Irish police complaints people) you got a problem with the cops you go to GSOC and make a complaint, the IPCC being its sister organization within the UK boundaries.

Gerry Adams was involved in Gardagate (Go Google hit for yourselves !). Enter a writer writing about this historical episode who was viscusly attacked by an Irish Independent Newspaper editor using a firearm, a laptop was damaged in the attack however the writer didnt report himself to the police. This incident is documented on many blogs and sites. The newspaper editor months later invented a story line whereby he claimed to the police a man had threatened him with a weapon. A court case was setup. Basically there was no evidence to substantiate the editors claims he was threatened with a weapon or the incident ever occurred, no witness on camera nothing at all.

The judge had no evidence only a newspaper editor in court making false claims. The writer certainly didnt threaten anybody and denied threatening or meeting the same man who had attacked him at a later date after his laptop had been smashed up.

In court it was proven that the Newspaper editor lied to the Irish police. in instances where a person giving evidence is a proven liar then a solicitors company should apply the procedure of requesting the judge to discontinue, Kieran Conway Solicitors failed to present litigation and provide process to stop a court hearing, this is why of late Kieran Conway has been described online conservatively as a right wing solicitor. Par se... when a person gives false evidence in court by word of mouth if they are proven in court to have lied to the police before the court hearing then they can no longer be allowed in law itself to continue to give evidence if it alters the case, also a request is made to ask the judge to provide the physical/scientific evidence to continue with to make a judgment other than the word of a liar, you politely explain externally the judge would be in contempt of court procedure for not having evidence and accepting the word of a false witness thus a request to discontinue the case is placed physically upon the court record. Kieran Conway Solicitors company (Conway-former IRA Intelligence Officer) made a fatal political error in not applying on record to strike out the court case on the basis it was a false interment order.

Micheal Martin is very much aware of The Irish Independent Newspaper involvement in Espionage and Sinn Fein being an American backed spoof ball sorting office type organization.

The produces of this article do not support political violence or dope for hope schemes.

The "Cost of Living" Crisis

The Cost Of Living Crisis is not one we deserve

By Dark Politricks

I have been in **hospital twice lately so apologise for the lack of articles**, however, it has shown me what a state the Tories have let the NHS get into. The hospital I was staying in was rolling out a new computer system, **where every patient had a QR code on their armband**. It had to be zapped before any medication was given to you, or your blood pressure was taken.

Anyway, before any new computer system is **developed and then dumped for being unusable like the last £20bn system was**, they should concentrate on the basics first. Things like **ensuring wards have working showers for people to use rather than being used as store rooms, and air conditioning so we don't all sweat our beds wet in the 30-40C heat waves we have been having**, those would have been nice.

It's a travesty that they expect people to keep clean and germs and bugs not to spread in a hospital when men cannot even wash properly every day. There is a **lack of towels and alcohol gel to clean your hands with** as well, and we all just lay in the heat in silence. Not nice.

I could go on about this all day, however there are more important things to worry about in the UK at the moment. Such as the **Tory battle for leadership of the corrupt party that has led us to the biggest economic mess since the 70's** at least.

Every time I hear commentators or people talking about **the "Cost of Living" crisis** we are going through, **with inflation at double figures** and the worry that **energy companies will be putting our bills up by over 100% every 3 months** for at least a year to come there is **no talk about the root underlying cause of all this**.

All that is mentioned is that **the high inflation** is being caused by **BREXIT, COVID, and supply chain hangovers from the lockdown**. Plus there are **plenty of companies price gouging and making millions on top of the high inflation** that is going to be hurting everyone in the country for at least a year or more to come.

What I don't ever hear is the real reason for the high rise in food, petrol, heating and delivery costs i.e **our stupid sanction war with Russia**.

With all these hustings between **Rishi Sunak, the ex-Chancellor of the Exchequer**. A man who had no fear of stabbing his boss in the back and **Liz Truss the trade secretary** who is so blind and has no foresight that **she, along with Rishi, could not see the damage the sanction war with Russia would do to our own economy**. Either one is **not going to be able to solve our inflation problem**.

These two Tories are fighting to take over from Boris the Buffoon, the blonde-haired idiot who basically agreed to follow **the US/NATO plan to sanction Russia for their invasion of Ukraine, and push for other EU countries to do so, all at the cost of destroying their own economies**.

It must have just slipped his mind that **the whole continent relies on Russian gas to keep our lights on and our houses warm in winter**.

When the picture of the Earth at Christmas is taken from space this year **the EU is going to look as dark as North Korea**. Yet no one seems to want to mention it apart from **"Putins price hike"**, as in he is punishing us for no reason at all.

There is no mention that **we have taken and used millions of pounds of his gas and then refused to pay him, basically stealing Russia's money**. Then all the sanctions we have laid at Russia's door trying to destroy their economy but instead only **solidified Russia's partnership with China**, and made the country look to **new territories like India to sell their massive raw materials to**.

Russia could destroy the whole of the EU in one second by **turning the gas pipes off** and we didn't even think about a plan B in case this economic war didn't pan out the way we wanted it to. I think a proper leader should have, as **it is pretty clear that Russia is more than just a big gas station with the GDP of Cyprus**.

Boris was just too **hand appy to get his own "war" and pretend to be Churchill** as he met the puppet Zelenskyy in Kyiv, **telling him not to negotiate with Russia**, as the EU and USA would keep him and his country pumped up with weapons and training. All that has done is cause a massive loss of life of citizens, Ukrainian soldiers, Ukrainian men drafted into the army, and Russian soldiers.

The only problem is that **Russia is chewing up Ukraine's army and spitting them out in the thousands as they roll through the Donbass** and liberate the Russian-speaking areas of the country. In fact the Ukrainian forces with US weapons are now using them to **indiscriminately shell Ukrainian towns, shopping centres, and schools in the parts of the country now under Russian control**.

This was outlined in [the recent report by Amnesty International](#) which reported on **Ukrainian forces using civilians as shields, therefore, making them Russian targets by establishing bases and operating weapons systems in populated residential areas, including in schools and hospitals**. It said:

"We have documented a pattern of Ukrainian forces putting civilians at risk and violating the laws of war when they operate in populated areas," said Agnès Callamard, Amnesty International's Secretary General.

"Being in a defensive position does not exempt the Ukrainian military from respecting international humanitarian law."

[You can read the full report on their website here.](#)

The US and Europe have pumped billions of dollars worth of weapons into Ukraine, wanting to fight Russia down to the last Ukrainian. However, the Russians either destroy NATO weapons as they enter the country or as they sit in warehouses.

If they do get to the Ukrainian troops then there is a high chance they are either sold [to the Russians](#), or **on the black market due to the Kyiv forces' limited ability to use them because of their lack of training, claims former senior Pentagon adviser Karen Kwiatkowski**.

The US and EU are literally throwing money down the drain by arming Ukraine as well as probably arming terrorist groups that will come back to haunt us in the future.

The Ukrainian army has apparently even used [the US-delivered HIMARS](#) to **attack a Russian POW camp in which Ukrainian soldiers held there were starting to do TV interviews** about how **they were forced into the army and made to do terrible things against their own countrymen**.

I am under no illusion that inside **a POW prison camp** there is going to be **torture going on between guards and inmates due to the civil war between the two republics and western Ukraine** for so long. I bet this is true in both Ukrainian and Russian POW camps.

We have heard claims from both sides and seen **videos of the AZOV Battalion torturing Russian POW's in videos**, so I have no doubt **the Russians would want revenge on them for doing so and filming it**. Why YouTube even let it be uploaded to their site I have no idea, it was a **literal snuff film**.

There must be **a deep hatred between both parties against each other** due to the killings that have gone on since 2014, so **I don't expect any POW prison in Ukraine at the moment is being run as the Red Cross would wish**. However, blowing it up from inside and putting your own men at risk of death seems a stretch especially when people have claimed otherwise. What is needed is **an independent war crimes investigation** on the scene now and months later.

You will have to watch this video on YouTube as they obviously don't want it being embedded all over the web for people to view. **Just click the image and it will open the video on YouTube.**

I was hoping whilst I was in the hospital and over the months since I first started writing about [the truth in the Donbass](#), that people I knew would actually **start to do their own thinking** instead of just **ingesting western propaganda about how Ukraine could still win the war and how evil Russia was**, however, that doesn't seem to be the case.

The **Ukrainian propaganda** about how they were ready to do a **million-man counter-offensive**, and how **Putin is close to dying from some horrible disease** is just classic **MI6 disinformation**, and until the new security laws come into play in the UK **there has to be an outlet where an alternative point of view is shown to those who take everything the BBC, Sky, and ITV say to them as the literal truth.**

Just banning RT and Sputnik from being read is the sort of thing the Soviet Union did to prevent the people realising what kind of horrible system they were living in, is that what we have become in the US and UK?

A country that just bans anything that does not parrot the official line because it might make you think for yourself. Is that the new normal, a society that bans opposition points of view like the Chinese?

If all that the western MSM is telling you is the truth, **then why are all these Ukrainian nationals in the East of the country welcoming Russian soldiers who have come to liberate them from the Ukrainian army units that were designated as terrorist groups by many in the west until the war started?**

You should [check the blog I have taken this from yourself](#) and watch some of the videos as **this ex US soldier has been right from before the war even started.**

However, these **videos are of Russians liberating Ukrainians in the Donbass** and the translations are below. Go and use Google translate if you want to verify it for yourself. Even CNN has a video of all the Ukrainians with their worldly goods stashed in their cars traveling across into Russian-held territory. [You can watch their video here.](#)

The ladies from 0:00 to around 0:14 are saying, among other things, "Yes, of course we waited (for you)" and (the smiling blonde in the pink cream coat) "Everyone wants to see, hug, and kiss you!"

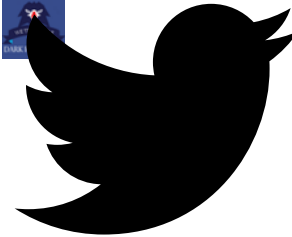

The ladies from around 0:15 to 0:26 are also elated. The one on the right says, "We awaited you for so long."

Then, the man behind them says (rough translation, cannot be translated literally), "You made it here, good job guys... Wonderful, wonderful."

The older folks starting from 0:27, also seem pleased. The white-haired lady says (rough translation, to get the point across), "Well, you know what we had to live with here."

The man next to her adds, "So we waited, waited with impatience. On (satellite?) TV, we watch Russian channels, and (we track where is the) theatre of military operations, where is it, where is it moving to... Like generals who track where the forces are, where they will pass... We sweated for every soldier, for all of them."

The last few seconds of the video shows four local boys posing with Donetsk soldiers, the Victory Banner—the flag of the Red Army's 150th Rifle Division, raised over the Reichstag in 1945, and now flown over all territories newly under control of Russian, Donetsk, and/or Lugansk forces—and (at left) what may be the given unit's colours.

Invalid Video

The little girl relates, "I ran with (my) grandmother to see the flag... We sat over there. I was so happy. I don't know how to convey it in words."

She then relates how she was studying in Ukrainian but now expects to be studying in Russian (obviously the language she and 95 percent of the Donbass speaks at home and in the course of routine business.)

You can read the article over at [The Dreizen Report here](#).

Also, remember **we are in the minority of countries across the world who have attacked Russia for their military operations inside the Donbass**. As more and more of the actual truth of the war comes out and people realise **Ukraine is actually losing**, many people are starting to see that **we have joined a proxy war in which Russia knows exactly where our troops are running about**, and even letting them play **SAS saboteurs** because they know it does not matter.

They know they are going to win this war and **even the USA is starting to realise it** and throw Zelenskyy under the bus. **They are already looking for other countries to start wars with like China, Syria, Yemen, and Iran.**

If there wasn't a **worse US Presidency for sticking their noses into other countries' businesses and starting wars** that could make the mess the world is already in even worse, then I cannot remember one.

Yes **George W Bush used 9.11 as an excuse** to start a war in Iraq and Afghanistan which was one big scam for companies like Halliburton to **rebuild everything the US army destroyed in their shock and awe tactics**. Also, we saw last year at the end of the US army's 2-decade stay in "The Stan", with the **mad rush to evacuate US citizens and Afghan translators**, what a scam that was as all the millions they had spent training Afghan troops up were wasted and easily shown to the world.

In the panic of the rush to get out, the Afghan army the US taxpayer had paid millions to train, **just handed their weapons to the Taliban**, and they rode into Kabul triumphantly in the million-dollar Humvees that the US had just left for them to take.

Only the other day [the leader of al-Qaeda was killed by a drone in the centre of Kabul, Ayman al-Zawahiri](#).

So the US didn't exactly do a **very good job of kicking al-Qaeda out of the country** as they claimed to have. In fact, they were too busy using them in [Syria, funnelling weapons to them to fight Assad](#).

It is dangerous to be a friend of the USA, one minute you are top of a terrorist list, the next you are being paid to fight proxy wars for them, and then when you are of no use **you are killed by a Reaper Drone strike**.

I dread to think of how Zelenskyy will have his life ended, **the Russians could have killed him a thousand and one times by now with missile strikes**, or by using NATO "shock and awe" bombing of Kyiv but they have left him alive. **Why?**

The US was trying to kill Saddam Hussein from day one in their invasion of Iraq. I suspect it is because the Russians see that the West has legitimised his leadership and made him some kind of hero. They want him around to negotiate any peace deal with when there are no more Ukrainian soldiers to kill.

Believe it or not, **the Russians have actually moved slowly into the East of Ukraine** and not used NATO "shock n awe" tactics that destroy every building as they go as they have no desire to destroy the country only to rebuild it again.

They are using tactics western mercenaries and soldiers on the ground have never seen in combat in Iraq and Afghanistan. **Reporters have described British and American veterans talking about what hell it is to fight the Russians who have overwhelming air superiority and fire 10 ten times or more the number of rockets and artillery that the Ukrainians do.**

I know one person's view cannot change the minds of a million **but we are going to suffer badly because of our leader's choice to start an economic war with Russia.**

Is it worth all the extra money you are going to have to find and the decisions to choose whether to eat or heat, **all because of NATO's (the US/UK) desire to use Ukraine as a playground to fight Russia in?**

When you are deciding how to pay the bills or wondering how the price of petrol (gas), has got so high at the pump in the coming months **will you be thinking that this is all the cause of events beyond your control or will you realise how our war with Russia has played such a huge part in making you broke?**

Is it worth **fighting a proxy war**, and pouring weapons into a country that was **ranked the most corrupt in Europe** just so they can sell them on the dark web to terrorists all to stop Russia from doing what they said they would almost 20 years ago?

We had [the Minsk accords](#) created to allow for the Eastern Russian population to carry on speaking Russian, but we ignored them and kept poking the bear, training the Ukrainian army including the NAZI brigades, as they shelled and **killed over 16,000 people in the East of Ukraine**.

It may have taken a decade and a bit but the bear has bitten back and it is very clear who is suffering from this war when you look at the prices of food and energy on your monthly bills.

We don't have to support Russia to not shoot ourselves in the feet. We can still condemn their actions without all the sanctions that have hurt us more than them. Voting for a new Tory leader isn't going to do anything to solve this problem at all.

We can still save ourselves from **huge energy bill increases without believing the Russian invasion is all good**, but the leaders of the West had no plan B, and because of that, the citizens of Europe are already suffering.

Any new leader of the Tory party should **reverse the sanctions in return for the gas to be turned back on and negotiated peace talks**. It is the only way we can **help Ukraine end the war**, give Russia an exit, and **stop ourselves from hyperinflation and a very cold expensive winter due to the events in Ukraine**.

I listen to Talk Radio TV all day and they go on about the cost of living crisis and what politicians should do but never mention the war in Russia. It is no disgrace to ask Russia for our original gas prices back in return for unfreezing the money the EU stole from them and getting them to the negotiating table with Ukraine. I am sure Russia still would like EU as a market for their gas, especially with all the infrastructure and pipelines already in place. So removing the sanctions in return for gas we DEFINITELY NEED to reduce the inflation hitting the whole continent hard is getting our politicians to look after the citizens they should be represented rather than following a mad US plan from an administration that seems to want to ruin the whole worlds economy by starting wars with China which would make Russia look like a hiccup. If we had just followed the Minsk accords and not pushed their red lines so far they wouldn't have invaded. The US would not allow China to have nuclear missiles in bases in Mexico, Canada, and all around the Caribbean as they do with NATO and Russia. So why do we have to be so hypocritical? Our elected leaders should be looking out for the people who voted them in not running around pretending they are wartime leaders when we don't have the army to back a single threat up with. Have you seen the state of the UK army it is just something for the Tories to cut n cut to try and save money yet they still threaten Russia with our piddly forces. It's just one big sad bag of shite.

Even the US MSM is having to admit that some Ukrainians want Russia to invade/rescue them, with that video of them all crossing into Russian held Ukrainian ground all just going to "get their gran" and bring her back LOL

War what is it good for? Offshore bank accounts of Ukrainian leaders, crypto accounts of soldiers selling US rockets to the Russians and a load of debt that will never get paid back. So I guess the MIC has robbed the US/EU population once again.

The Internet Is Dead - Can You Prove It Isn't?

The Dead Internet Theory

By Dark Politricks

I just watched this [video on the Internet](#) about how it is not "real" anymore, how we cannot even tell the difference between **automated content** and real people commenting.

I know from my old job as a **computer programmer** that **BOTS** were ruling the net years ago. I had a **whole business that was totally automated**. I went on holiday for 2 weeks and came back and it was still running smoothly. Sending seemingly personalised emails sent out to members with randomised content each day to make it seem as if it had been written personally each day, new news articles that had been automatically created on my site before being sent out to the various **social media platforms** such as **Twitter, Facebook and LinkedIn**. All with different messages for each platform or account depending on the content contained within the article.

I know for a fact that **when you post a link on a Tweet, over 100 automated BOTS** will come crawling that link before any human visits it. It's called a **Twitter Rush** and [there are examples all over the web of the sort of automated crawlers that visit posted links](#).

With the ability now to **fake create people** so that they can appear in videos and **you wouldn't be able to tell the difference between a real person and a computer generated one**, how would you know if that YouTube video you were watching was real or not?

With **AI** on the increase and algorithms designated to remove or demote people who say the wrong thing from social media groups or whole sites. **We are living in an echo chamber** where to get that rush of endorphins that only a **Like** or **Thumbs Up** gives people when they post something, and then check on it's progress every 5 minutes. You can easily see why people would follow the status quo and **not say something outside of the box** that the establishment deems un-expectable if they wanted to keep getting that rush. If they want to be accepted they will stick with the pervasive point of view and never go near something that may contradict it.

It is the reason that site like [mine and many others are on the 550 \(ban list\)](#), created by some US professor who has labelled us as **fake news, conspiracy or Russian propaganda**. All because **we speak our own points of view without following establishment narratives**.

I have seen my own site which used to be **top ranked in Google** for many articles such as "[A Guide To No Comment Interviews](#)" and "[Who Owns The Bank Of England](#)" and many others slip down the rankings since Google changed their algorithms to promote more mainstream media than alternative news.

We have all seen the **kids out for parties who spend more time taking selfies and tapping away on their phones**, telling people about the "**great time they are having**" online, rather than actually enjoying that time without their phones. Can you really believe this new generation would stray outside the lines and say something that might be **controversial** and be rewarded with a **thumbs down or dislike**?

No they are all addicted to the buzz they get from a **Tik Tok video** getting comments or a **Facebook post** being liked. It would be unthinkable for them to step outside the social norms and say something rebellious.

We have all seen the "**I am not a Robot**" forms across the web, where you tick the box and then pick squares with traffic lights in, or busses. However **these are totally beatable by clever programmers**, using **OCR (Optical Character Recognition)** and more modern techniques. Working at an OCR company was my first job out of college oh 20 years ago, I can only imagine what strides they have made in being able to recognise various items, people and images, from video or pictures content they have nowadays. Just look at Facebook, I tried uploading a picture of the wound in my leg after spending a month in hospital, where half my thigh was cut out, and

So who really knows whether the post you are reading on Reddit or Facebook was actually created by an automated account or a real person. Can you really tell me you know 100% that it you can tell the difference?

The **algorithms** that keep you **contained in echo chambers to re-enforce your current view**, or try to group you with others of the same mind-set, rather than **challenge your perspective and beliefs**, is the current state of play.

I remember going to my first job up London when **the Internet was pretty new**, chat rooms were all the rage, and I could **search and find websites and material that has all been banned and blacklisted nowadays**.

It was a time of freedom and people really thought that the web would change our way of thinking. Instead **we were all frogs in boiling pans of water**, and slowly over time as the parts of the web were chipped away we didn't notice until it was too late and **Twitter, Facebook, YouTube and all the other big platforms became places where you had to watch what you said or else you were banned**.

I have had multiple **Facebook, Google, YouTube and Twitter accounts closed on me**, even going back 8 years when my **first Facebook page was instantly deleted on the same day YouTube and Google deleted my channel and G+ group** (when they existed). All I can say is to **use the alternative sites** that have been created, although with much less content, than the pro establishment silicon valley giants.

Who is even going to find a site like mine that will ask them to change their thinking on historical events, war mongering politicians and other topics that the papers don't even bother with anymore?

Unless someone links to my site, **or they use the search engine I have put together at the top that only searches sites on the 550 list** will find **#altnews** that will make them think and challenge their minds. I encourage you all to use it and embed it on your own sites.

The code is below, just add it to the top of your blog or site.

Totally agree the web is becoming a place for ROBOTS and with AI, I can only see Stephen Hawkings prediction that Artificial Intelligence was the biggest danger to man kind, creating some sort of real Matrix for us to live in. Look at META and the VR headsets, is it too unbelievable that we will all be living in created realities rather than the real world in ten years?

What form of CIA protection does he have, usually that means the CIA are watching you in case you say something you shouldn't and then you are "suicided". But that is why I created the search engine bar at top of my site with only the sites on the 550+ ban list on it. No YouTube, BitChute videos and sites that have been kicked down the rankings like mine.

Albert Smith Irish Independent Journalist appears in Gorings Biography describing the publication as a "good offering" yet despite this and the fact the books author was sentenced as a nazi and fined 2.5 million for the production he is still a member of the National Union of Journalists....bizzare beyond belief.Owen exposed Grove MP with the same book authors on facebook.This case (below) mentioned on this site is evidence and is PROVED to readers that the internet is not addressing REAL issues.Here is the NUJ the pillar stone of the British press protecting racists and allowing them NUJ membership what do our readers think of all this??

Anonymous 9 December 2021 at 07:33

lets start right from the begining so our readers dont get ED >>> CHARGED,The clinton Foundation is partially CIA oriented, lots of evidence,now Big Bills bezzy number 1 mate in ireland is Dennis O'Brien richest dude of all and he owns a pro CIA outlet known as the Irish Independent Newspaper.In the book Clinton cash Obrien is exposed as giving cash gifts to Clinton.Dennis Obrien is therefore known to the CIA as a clandestine member of the foundation, go check out his rewarded telephone contracts with far away countries and how he obtains them and where all the data and recorded calls go to!!/Albert Smith is still paid weekly by Obriens newspaper (yandex hackerz found his not so secret accounts).Smith is a racist that appears in the digital version of Gorings Biography describing the book as a good offering (sick disturbed person) despite this Smith is still a member in the National Union of Journalists.Smith carries and uses weapons and jumped a writer destroying in the process his laptop hard drive which at the time had 130 or so bitcoins in it which where cheap enough to buy then!!the writer was exposing the irish independent newspaper involvement with GCOC bugging affair with his laptop(his articles can still be found online with there corresponding dated codes and blots) when he was ambushed for no good reason by smith an irish independent sub editor who in a fit of rage grabbed and smashed his equipment on the anniversary date of martin luther kings death..say no more PROVEN..

TODAY AT 3.00 PM LONDON BECOMES A NUCLEAR TARGET.

President Joe Biden will personally videocall Mr Putin this afternoon, this historical "incident" will most certainly become a future landmark. In Biden's mind he is obviously acting as a Global mediator as well as having his country's own interests at heart, however other countries will state that Ukraine is not America's concern.

The UK has played a powerful move in what is seen as a strategic war game between NATO-aligned countries and Russia; the decision to send British troops to Ukraine is a costly price to pay. What would happen if British troops were to be fired upon during any proposed invasion?? In essence Britain would immediately declare this as an act of war and so London would become an immediate Grey Nuclear zone.

Three web sites placed here prove Israel and Jews have been brought into play into this affair. Iran and countries like Afghanistan, Syria, Lebanon, Libya might perceive the "trigger" effect of today's proceedings as a catalyst, watch very carefully what <https://www.aljazeera.com> news agency has to say as this incident unfolds.

It's highly unlikely that NATO would allow Ukraine to join; in fact, they have already given indications, the problem and it is a real danger is that the Kremlin would back down on any of their statements made earlier this year regarding red lines being drawn. This situation is now SERIOUS and LONDON IS NOW A NUCLEAR TARGET as now compromise over the REDLINE ISSUES where drawn up between the US and Russia in the videophone link on the 07/12/2021. Wikifreaks aren't here to express opinion or offer consolidation just bear metal.

Solitors notes memoirs taken from "yandex sources" DEDOKTOBER related to previous Bellingcat allegations.

Albert Smith Irish independent Journalist and alleged owner of Parpoint Publishing admitted in a court case under duress that he assaulted a person over an alleged "litter" incident in which a laptop hard drive was destroyed. A neighbour was filmed and taped on camera admitting that he heard Smith screaming at a person during the assault. The reason we believe Smith admitted in court an incident occurred was because the police themselves had access to the film along with a statement and he also knew his neighbor had turned states on him.

That said and done a number of issues remain to this day that are points of evidence the first and most important are the failings in court by the Judge and police to administer legal proceedings against Smith for assault and destruction of a hard drive. In law should a person admit to an offense in court it does not make them immune to prosecution, Sergeant John Heraughty who was present at the hearing questioned Smith prior to the hearing who initially denied an assault ever took place and the Judge had the affidavit and film evidence to hand at the hearing. Sergeant John Heraughty within law should have stood up in court and stated clearly to the Judge at the point when Smith admitted the incident occurred that Smith had lied to him prior to the hearing in stating to him personally there was no incident, however for whatever reason Sergeant Heraughty remained silent in court about his own personal questioning of the matter and subsequently purposely did not provide prosecutable evidence against Smith in court which can be classified as a federal offense in the US. As for the Judge we question as to why he did not immediately detain and hold Smith for admitting to committing a criminal offense during court proceedings that of the criminal offense of lying to a police officer.

I love the fact that apart from the 1st one, none of the subsequent comments have anything to do with the article and video. Is this just because you don't have an outlet for your own information about Irish people / Ukraine / War with Russia etc, or is something else going on e.g. a BOT just randomly adding comments to my site which would back up my articles theme?

The Stupidity Of Russian Sanctions

A Look At How The War In Ukraine Will Hurt Us As Much As Russia

By Dark Politricks

As the war in Ukraine continues, the rampant xenophobia against ordinary Russians, many of who are against the war continues unabated.

The sanctions against Russia have got to the silly stage. They were supposed to hurt Putin and his Oligarch Billionaire friends, and some have. However ordinary Russians are being attacked, and legally so on social media, as Facebook and Instagram changed their Terms of Service to allow violent and negative language against Russians, something usually banned by their sites.

Meta Platforms will allow Facebook and Instagram users in some countries to call for violence against Russians and Russian soldiers in the context of the Ukraine invasion, according to internal emails seen by Reuters on Thursday, in a temporary change to its hate speech policy.

Russian people and even Russian animals have been sanctioned. In response to the war in Ukraine, the International Cat Federation has banned all cats from Russia, and Russian breeds, from competing in international competitions.

Also, anti-war Russians such as the Russian piano prodigy, Alexander Malofeev, 20, who was supposed to play three shows with the Orchestre Symphonique de Montréal (OSM), has been dropped after people emailed to complain despite him being outspoken against the war in Ukraine.

This is getting ridiculous and **despite numerous videos online from ex-US military members**, talking about **the lack of Russian moral**, and **how Ukraine will win the war**, the facts on the ground are pretty clear. Either **the Ukrainian President Zelenskyy**, egged on by **the US War Hawks in the State Department**, fights to the death and destruction of his country, or **he settles terms with the Russians in talks that have been ongoing throughout the war**.

The sad thing is that the terms **he will most likely have to accept will be the same terms that the Russians, were asking for before they invaded**, and all this misery and outpouring of Ukrainian refugees into Europe could have been stopped before it started.

This is clearly **the US and other NATO country's fault**, for giving him false hope that **they would back him up, allow entry into the EU and NATO**, and supply him with weapons and intelligence throughout the war.

It seems though that **the Pentagon, unlike the State Department, is a bit wiser**, and stupid ideas which could **expand the war** such as bringing [Polish MIG fighters into Ukraine and then re-supplying Poland with new planes](#), were a clear red line that **Putin said would be an act of war** and that any weapons or troops supplied by the West would be fair game.

With **Russian Nuclear Arms on the equivalent of DEFCOM 2**, 1 step away from a full nuclear attack, **the Pentagon seems to agree with commentators that anything suggesting western help to Ukraine could expand the war**, and make it global, even terminal for this planet.

This video is from the Duran, a channel that always goes into details that other videos miss. Earlier today they had a 1.5hr video on **the round of peace talks being held by Russia and it included a journalist embedded in Ukraine, in the middle of what the Russian army calls a cauldron**. This is where they slowly turn up the heat, once they have surrounded their enemy, and from the following video it seems they are doing just that in **Mariupol**.

Russians have been using diplomacy at the same time as attacks in Ukraine, as they **try to set up humanitarian corridors with the UN** to let Ukrainian citizens, and **hopefully, soldiers, slip away from the fight**. They have no reason to bomb or shell these corridors as it **gives the Ukrainians brilliant propaganda pictures of innocent civilians, being killed**.

Plus, according to some experts, **they did this in Syria to good effect**. They are not trying to own the skies with their modern fighter planes, **albeit with fewer flying hours than US or NATO pilots**.

The history and reasons for this war are discussed in the **following talk from a Christian**

speaker who discusses the history of the region now in conflict and the real reasons for the war.

They do not want to **destroy the country like the US/NATO does in their wars** with weeks, and sometimes **months of aerial bombardment by missiles and planes dropping bombs before the troops go in**, and then big money is given over to **MIC companies like Halliburton to rebuild the country they just destroyed as in Iraq**.

No, it seems that although **some of the Russian conscript soldiers who have been paraded in front of camera's breaking Geneva conventions, providing great anti-Putin / war images** from injured soldiers who say they were lied to about their invasion, haven't eaten properly, and do not want to fight Ukrainians just protecting their land **that in fact Russia is going to win this war**.

One other thing this **rash of sanctions against Russia**, which has pushed them **closer to China and India**, even offering to **sell India cheap gas in Rupees** in a sign that those countries who stick with Russia, like China, Brazil, and India, will be rewarded whilst those who have thrown every sanction in the book at them will be severely punished, such as **the 200% increase in the price of Russian gas Europeans will have to pay** whilst frantically trying to make other arrangements for imported energy.

It seems **the USA has played Ukraine well**, not only to **get Europe out of Russia's sphere of influence and reliance on their gas**, so that they can sell us theirs. Closing **Nordstream2**, and the threat of **Nordstream1** as well was also ideally an outcome the US wanted from this conflict they started back in **the Maidan coup**. Even the existing multiple pipes that deliver gas through Ukraine to Europe could be turned off or even destroyed during the war.

At the moment US President Biden is going around the world begging to countries such as **Venezuela**, who only recently **the US tried to overthrow their President, Nicolás Maduro in a failed coup**, for **cheap oil and gas to replace the loss of Russian imports**, and to sell to Europe which is already suffering **stupidly high inflation at the gas pump due to the sanctions**.

We seem to be cutting our nose off to spite our face, as we pay **£1.70+ per litre at the petrol station (\$10.06 per gallon)**, and **set to be over £2 by the end of the summer**. I remember when petrol first went over £1 per litre, I was about 21 and couldn't believe it, however it has bounced between £1.20-£1.40 for the last 15+ years but has seen only a dramatic increase recently.

As well as petrol price which might help **push a move to electric cars**, we are already suffering **high and constantly increasing energy costs to heat our homes and put the TV on**. My bill already doubled at the end of last year and the company I am with was talking about doubling it again only the other month and **that was before the war in Ukraine had even started**.

I can only dread the bills coming in once the price of food rockets due to the increasing price of fuel for delivery drivers, plus **Russia, Belarus, and Ukraine control over 30% of the wheat and fertilizer exports**, which will also drive up inflation into stupid numbers.

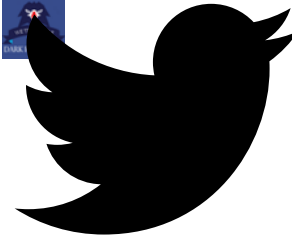

If we don't offer Putin some sort of "off-ramp", in which **these sanctions can be reversed in return for peace**, then almost half the world's population in **China, India, and the far East with Russia**, will be swapping **US treasury bonds and dumping the dollar**, whilst **creating an alternative to the SWIFT banking system** which will have the benefit of not being controlled by the whims of US feelings towards one countries actions.

President Biden is supposedly going hat in hand to Saudi Arabia to ask the head of the OPEC cartel to increase output and therefore reduce the price of oil globally. However, The Crown Prince, MBS, does not like Biden at all, and has not been picking up his calls since Biden's election pledges to hold **Saudi Arabia** to account for **their war in Yemen**, and **murder of the US journalist, Jamal Khashoggi**, as well as stopping arms sales.

Joe Biden has been constantly rebuffed by Saudi Arabia and the United Arab Emirates in his attempts to persuade them to **produce more oil in the wake of a US ban on Russian imports**. The **Saudi Crown Prince Mohammed bin Salman** and the **UAE's Sheikh Mohammed bin Zayed al Nahyan** both declined requests to speak to the US president in recent weeks, and after declining to speak to Biden, **Mohammed bin Salman took a call from President Putin**.

It looks like **we might be more affected by our sanctions on Russia than anyone expected** and in ["Realpolitik"](#) we really should **not be picking dictators to sanction**, and others to beg for cheap oil from.

If you really think **Putin is Hitler**, as some US MSM commentators have said, then what is MBS who, in the [largest known mass execution in the kingdom's modern history just executed 81 people](#) for crimes ranging from killings to belonging to militant groups.

Can we really say that Putin is as bad as MBS, and the state of Saudi Arabia which is definitely, bombing Yemen into rubble, unlike Russia with Ukraine which in comparison has been quite restrained?

The hypocrisy of **this hunt for oil from dictators** to replenish supplies from a supposedly democratically, although authoritarian elected **Russian President**, stands out like a black eye. Are we really going to delve into the degrees of despotism and discuss why it is that some wars are reported more than others?

News commentary on the war by the US media, such as [MSNBC's Joy Reid who faced massive backlash for accusing the media of covering the war in Ukraine with more compassion because the victims are "white and largely Christian"](#) has shown how the western media are blatantly [putting this crisis in Ukraine above the many others occurring in the world](#) at the moment, many of which are of the USA's making.

Along with the censorship and de-platforming of independent reporters like [Abby Martin](#), who just had 300 videos from **Breaking The Set**, an ex Russia Today show, in which **she actually decried the Russian invasion of Crimea when it happened**, it has become clear that some wars are just more important than others.

No-one was sanctioned when **the US illegally invaded Iraq**, and **the last major war in Europe was NATO's bombing of Serbia which led to the breakaway narco-state of Kosovo**. However as it was **the US doing the killing**, it was **somehow acceptable to invade a sovereign country**, whereas reporters like [Abby Martin](#) in her [Empire Files](#) show, often talk about the often ignored and over-looked **global conflicts and anti-imperialism** wherever it comes from.

Oliver Stone, Abby Martin DEPLATFORMED From You...

Watch on YouTube

It has got to the stage where **white extremism** is all the news offers as conflicts and **humanitarian disasters, in Yemen, Palestine, Syria, and Afghanistan are ignored** because somehow European conflicts are considered more important.

[The Arab and Middle Eastern Journalists Association even sent out a statement on Sunday](#) condemning:

"the racist implications that any population or country is 'uncivilized' or bears economic factors that make it worthy of conflict. This type of commentary reflects the pervasive mentality in Western journalism of normalizing tragedy in parts of the world such as the Middle East, Africa, South Asia, and Latin America. It dehumanizes and renders their experience with war as somehow normal and expected."

Fair comment, and with **the mass coverage of the Ukrainian crisis on western news shows**, with other points of view labelled as **Russian dis-info**, or reporting on **the history of the conflict** and **hypocrisy of the world ignoring NATO and US aggression** as "[Whataboutism](#)", it is clear that without doing some major digging about on the web to find proper [#ALTNEWS](#) **you are only going to get the side of the war the US and Europe want to project.**

With the hypocrisy of this conflict clearly visible for all to see who want to, **we must be willing to offer Russia and Putin a way to come to peace with Ukraine**, and a way back to normality by **rolling back extensive and stupid sanctions that will only hurt us as Russia pivots towards India and China**, otherwise **we will be the ones suffering most from the sanctions NOT Russia!**

The Irish Political party Sinn Fein are splattered across the world wide web as advocating Democratic Socialism, sooner or later somebody is going to ask the burning question.

For too long Sinn Fein have remained silent about the legal system in Ireland not requiring evidence in courts, the prison service falsely holding prisoners, using Doctors for political reasons.

Remaining silent is a form of guilt.

Last year allegations appeared upon the Bellingcat blog for a short while. The allegations outlined that Dennis OBriens Billionaire businessman was aware that his newspaper copyright was and still is being used by Convicted neo Fascist members of Parforce.

Both The Russian Embassy and Sinn fein politicians have been given evidence and Russian servers don't make mistakes as they produce and gain evidence.

The base line is that Sinn Fein wont be allowed to be falsely listed as a party with Socialist intent anymore.

The UK Is Becoming More Despotic Every Day

CIA Wanted To Assassinate Julian Assange Whilst In the Ecuadorian Embassy
By Dark Politricks

Hopefully by now you have read about the CIA's plans to assassinate Julian Assange in a shoot out at the Ecuadorian Embassy when he was holed up there in his 5th year.

An investigation revealed the CIA planned to abduct, kidnap, or assassinate WikiLeaks founder Julian Assange and senior officials inside the CIA asked for "sketches" or "options" to be drawn up as to how these acts could be carried out on Assange.

Lest I remind you that the FBI's whole case is based on the lies of a witness who pretended he was a high up WikiLeaks worker when in fact he was a fraudster and child molester.

A Yahoo News investigation has discovered that the Central Intelligence Agency (CIA) had plans to kidnap and assassinate Julian Assange while he was held up in the Ecuadorian Embassy in early 2017. It was his fifth straight year there as Wikileaks continued to reveal crimes against humanity by several governments and, or often in collusion with, big powerful multinational corporations.

Some National Security Council officials worried that the CIA's proposals to kidnap Assange would not only be illegal but also might jeopardize the prosecution of the WikiLeaks founder. Concerned the CIA's plans would derail a potential criminal case, the Justice Department expedited the drafting of charges against Assange to ensure that they were in place if he were brought to the United States.

In late 2017, in the midst of the debate over kidnapping and other extreme measures, the agency's plans were upended when U.S. officials picked up what they viewed as alarming reports that Russian intelligence operatives were preparing to sneak Assange out of the United Kingdom and spirit him away to Moscow.

The intelligence reporting about a possible breakout was viewed as credible at the highest levels of the U.S. government. At the time, Ecuadorian officials had begun efforts to grant

Assange diplomatic status as part of a scheme to give him cover to leave the embassy and fly to Moscow to serve in the country's Russian mission.

In response, the CIA and the White House began preparing for a number of scenarios to foil Assange's Russian departure plans, according to three former officials.

Those included potential gun battles with Kremlin operatives on the streets of London, crashing a car into a Russian diplomatic vehicle transporting Assange and then grabbing him, and shooting out the tires of a Russian plane carrying Assange before it could take off for Moscow.

You can watch this news expose on the Yahoo investigation here, or on YouTube at The Hill.

The most important part I want you to note is that, **U.S. officials asked their British counterparts to do the shooting if gunfire was required, and the British agreed, according to a former senior administration official.**

This means **the British Tory Government was prepared to break international law, and almost cause a potential war with Russia by acting for the Americans in shooting at Russian Diplomatic vehicles and planes.**

Who can wonder what would have happened if this had occurred but it worries me greatly that **the UK is now so despotic that it would even consider helping the USA in such a plan.**

We no longer have **most of our civil liberties due to the COVID law that was meant to stay on the books for just 2 years. Boris has already extended them until September and hasn't ruled out extending them again.** Lest I remind you I warned you of this 2 years ago **when they were implemented and recently again**, they are the greatest loss of civil rights and liberty since WWII.

The new Police Bill the Tories are passing will ban protests that the police deem "too loud". Protests are naturally loud. Without them many people would not even know was going on in this country, **despite the MSM labelling protesters as anti-vaxers when they are in fact against 2 tier society based on vaccine passports and mandated vaccination which have now proved to be almost useless due to the anti-bodies not lasting long enough, or protecting against variants of the virus.**

You only need to look at **Israel one of the highest vaccinated countries on earth who just recorded their highest no of COVID infections since the peak of their 3rd wave** to see how the vaccines are not working. They are now mandating 3 shots and then probably 4 and then monthly all due to the anti-bodies not lasting long enough compared to natural immunity.

We should be **working on vaccines properly such as those that cured Polio, and we have as children for Mumps that keep the anti-bodies longer throughout our lifetime** however this takes time and **Big Pharma cannot wait to make more money.**

What's more important to them, make billions more now by getting countries to buy more products and mandate more shots or spend money and time working on a proper vaccine cure with long term trials and testing for this virus.

The Tories plan to make it illegal for journalists, bloggers, anyone to report on illegal activity carried out by the British State, I guess this would include **the Yahoo news investigation** on the plans to have a shoot out with **Russian agents on the streets of London all to help an ally assassinate a journalist who has never been proved wrong once** and is being **tortured slowly in a High Max prison at Belmarsh when he should be on bail.**

This country is turning into something I really do not like the look of. If you are planning on having children I would seriously look around and take a look at what our country is becoming. [Not only do we protect al-Qaeda and ISIS in Syria from being exterminated by Russian and Syrian forces](#) but we plot and plan constantly against Russia whilst accusing them of doing the same sort of activities that we are doing ourselves.

[We are looking more and more like China every day](#), and soon as possible we will be implementing [Chinese style Social Credit systems](#) on the populace to keep us in check.

Soon there will be no skilled manual jobs as **AI and Robotics** take over from human labour. **Automatic driving vehicles and drones to deliver packages and fast food.** There will be less need for people to work skilled jobs and the jobs that you used to need a degree for will all be **home based solitary activities** where you communicate with workers by ZOOM and have **little social interaction.**

This is part of the **Governments aim to reduce CO2 emissions by preventing people from driving to and from work.**

Do you really want to spend your life working in solitude with no social interaction?

It's what made me leave my last job as it was just so unfulfilling but **bosses will save money from renting office space and care little about employees mental health when they can make more money for themselves.**

Soon towns will become desolate areas with **one big Amazon depot in the middle, auto driving lorries delivering and transporting goods, drones flying in and out** and the only jobs will be gig work for people who get sacked by text message when they can't deliver food for people in time due to petrol shortages at garages caused by the lack of foresight from our government.

I just think our country is going down hill and this latest story about willing to almost start WWII over killing a journalist is just too much for me to stand.

Please leave your comments about the state of the UK below. I would be interested to know what you think about it.

The UK is unrecognisable from just 2 years ago, we are so compliant and the lockdown has got people running scared and begging the government to save them from a man made virus which was intended not to be overcome by easily made vaccines, we need a real vaccine that will take years to create not quick fixes and booster shots every month.

The UK is turning into the USA after 9.11, they are just licking US ass

[Reply](#)

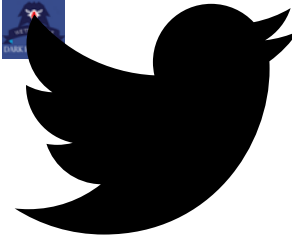

Anonymous [28 September 2021 at 09:37](#)

The UK is still running the show, look at the British Empire, they let it go, but the US war of independence was a war between Brits in the USA and Brits sent from the UK, the Civil war, the South was supported by Queen Victoria and I wouldn't be surprised if the assassination of Lincoln had a Brit connection. People like to play down little Britain's standing in the world but the Queen is still a convicted pedo by the International Common Law Court for her kidnapping of children in Canada from a children's home after making them kiss her feet. Imagine her trying to make kids kiss her wrinkly old toes now. The British Empire has tentacles that go all over the globe and it is no wonder Russia and Iran still consider Britain as a major enemy despite their tiny armed forces

UK Police State 1 October 2021 at 18:10

The UK has turned into a police state, with more CCTV cameras capturing your face than any other country (apart from maybe China - don't know stats there), GCHQ listening in to phone calls, hacking into your Samsung TV and using the browser and the webcam to spy on people in their houses without them knowing, listening to phone calls, now cops can use COVID laws to break into your home without a warrant and just say "we got told by someone you had someone with COVID in here", pulling you over to ask where you are going, banning protests, preventing journalists and bloggers - people like you Dark Politricks - from reporting on news like the CIA hit in London on Julian Assange or their BBC MI6 paid off agents and their mob of vloggers pushing pro-NATO propaganda into Russia, then blaming Russia for doing the same thing to the UK. Boris Johnson is using COVID to push for UN agenda 2030, own nothing, no privacy, but be happy, DAVOS BS. Banning new cars that are not electric by 2030, trying to get people to work at home, in solitude, not drive so not spit out petrol fumes, not travel by plane, soon social credit will come in and we will all get ranked and if your on the naughty list then goodbye Chinese style government is coming to the UK and most of it is probably already here just being used undercover and out of sight like in the US with TRAPWIRE linking CCTV camera feeds up to follow you everywhere you go. Electronic banking will allow for instant fines and the lowering of benefits for people out of work if they spend their money on drink or gambling. They could all this now they are just waiting for the right moment after conditioning the population with COVID lockdown scare stories. Just glad to see so many people are not falling for it and believe it's a scam for the GOV to take power and keep it just like the US after 9.11. It is a sad world.

5,000,000 Dollars in Bitcoins ILLEGALLY confiscated and destroyed by Government Agents. WIKILEAKS/WIKIFREAKS.

<https://www.blogger.com/comment.g?blogID=2336394467865715231&postId=6121829002800385399&page=1&token=1633195361172&bp1=1>
(Hissa like a big one you know?!)

Wikileaks and Julian are connected to the "Wiki" syndicate of servers,there are many "Wiki" based sites with different "Wiki" names that are part of a family tree ,Assange is himself also more than aware of the Wikifreaks ** Bing and Google ** entry sites.

Today wikifreaks have many undercover members, anyone can write and call them selves a freak of "Wiki" although their are obvious political rules!.Wikifreakz are left and oppose and fight racism,antisemitism and capatilist ideology,although realists that accept money is still needed in modern day life to survive todays "Freaks" are cautious and are found within Arts,writing,music and of course computer publishing (an area the state and far right are affraid of!).

Its upon the subject of free speech and publishing not to be confused with the Americans tainted expressionism that we focus upon,more to the point how far the far right will go to put ,Wikifolk" out of business as Mr Assange himself will undoubtedly agree with.Julian isnt of course the only "Wiki" martyr and it is here by clearly stated as evidence that an undercover British Governmen agent working with the police used violence and firearms to Confiscate/destroyed over (130 Bitcoins coins) 5 million dollars worth on a hard drive to be precise.It happened some time ago and the incident is linked to Bill Clintons top man(Dennis O Brien richest person in Ireland),Clinton of course having connections with the CIA through the Clinton foundation of which O Brien is a trusted member who has on previous occasions personally paid Clinton many hundreds of thousands of dollars as gifts, and as we know Craig Murray accepted Hilary Clintons emails from a source that stated they had a dislike of the Clinton foundation.

Evidence of the funding of the Bitcoin transaction found here.....and its the real thing be assured!! in family law you dont need to prove anything once you have the bank and police records... and its not going away either until the debt is paid in full by the Americanized/Irish Government.

"the FBI's whole case is based on the lies of a witness who pretended he was a high up WikiLeaks worker when in fact he was a fraudster and child molester"...Dark Politricks

In case the readers dont already know this but we are sure many do,the FBI and other satellite Governments such as Ireland and UK where they operate the CIA and FBI ALWAYS lie as it is policy to do so,infact its part of the "New World Order".Its not about evidence or right or wrong the New World Order is exactly that it is an order that overrides democracy and fatally forces...simple as.

One of the failings of Wikileaks in a sense is in not producing evidence of how much money is issued to the UK and Ireland in Pentagon fundings this really is one of the most secret areas known to mankind! Snowden hinted at 100 million was given to the British secret service in one year however thats not even the tip of the ice berg.We know from the activities of organizations such as the Irish Republican Army in the 80s and 90s CIA Freedom of information acts reveal the CIA paid the IRA to kill British soldiers they also at the same time paid the extreme far right and London MAFIA to control the people and it still goes on to this day.The amount of money issued is alleged Billions a year in Ireland and the UK the CIA travel and live in the UK as accountants to oversee programs and administration.If you recall a missile/plane hit the Pentagon the same day as the two towers 911 coincidence?? well the largest amount of money ever gone missing in US Government was from the very offices that where destroyed in the PENTAGON ON THAT DAY NEATLY COVERING UP THEIR EXPENDITURE (MILLIONS OF MORTGAGE PAYMENTS IN BUCKS,HERTS,HAMSHIRE AND FALIED BUSINESS)The property biught decades ago with Pentagon Dollars is now worth 20 times the value...rather neat to say the least.

Julian is a shrewd dude.

At the time this site was apparently constructed little was known about the incident,it seems that the laptop was removed at gun point on the anniversary date of the killing of Martin Luther King {Martin Luther King Jr., an African-American clergyman and civil rights leader, was fatally shot at the Lorraine Motel in Memphis, Tennessee, on April 4, 1968,}

Just for the record (five year old site!!!)

<https://albertsmithirishindependent.wordpress.com/2015/05/21/the-socialist-party-great-britain/#respond>

The laptop according to police records was thrown purposely on the ground the journalist was responsible. At the time bitcoins where cheap to buy from the chinese it wouldnt be uncommon to find 250 bitcoins for around 500 dollars if you knew what people to find another tip of and this is the killer the chinese where smuggling bitcoins in laptops into europe so they couldnt get busted trying to sell them the codes where held on bios chips etc...childs play and stopped fedz interfering ,lots of coins zapped in to outer space in the early daze!!!! The money to buy the bitcoins came from a well known female solicitor and thats on record too ,complicated however easily proved.....

Two Things Can Be Right At The Same Time

Russia Can Be Bad, And At The Same Time, NATO Can Be At Fault For Crossing Russia's Red Lines
By Dark Politricks

I know in the West at the moment it is a hard thing to accept, that we may be at some fault for the crisis Ukraine is currently in, however, 2 things can be right at the same time.

1. Putin is wrong for invading Ukraine, and;
2. We hold some responsibility for ignoring all the warning signs, crossing Putin's red lines, and using Ukraine as a way to toy with Putin's paranoia of being attacked once again from the West.

Whilst people can rightly say Russia is doing a bad thing by invading a sovereign country, it can also be said at the same time, that despite Russia warning us over and over again that NATO was crossing their red lines, we kept on doing so, ignoring Putin's words.

NATO kept pushing eastwards, despite all the promises they had given Mikel Gorbachev in 1990, that they would not move an inch Eastwards. This was not by one person, but heads of state from the US, UK, France and Germany and the heads of NATO and UN at the time.

So, one can imagine how angry the Russians must be with the current situation, having NATO bases all around them, with so many Western leaders breaking that promise not to expand, and facing the threat of Ukraine, the ex-Soviet Republic, joining NATO and having nuclear weapons on their border facing directly at them.

One must ask the obvious question. Why is it that the US thinks that it is so "exceptional", that it can impose its will through International bodies, banks, and its military on other countries?

It invades them under false pretenses, with fake claims of "spreading democracy", or "Human Rights Abuses", and to those, it cannot invade, it imposes sanctions. But when have sanctions ever worked. Have they worked with North Korea or Iran?

No they have only emboldened them and allowed their leaders to point to the West and say "We are not the problem, it is the evil West that is trying to destroy us".

Did sanctions work in Syria or Iraq, no, they only led to the starvation deaths of half a million Iraqi babies due to not enough milk being available.

Something Madeleine Albright says in this interview that she thought "it was a price worth paying".

Half a million kids dead, on the USA's conscience, how can they continue to apply these measures knowing that they are not effective and only lead to the suffering of ordinary people?

Madeleine Albright justifies the deaths of 500,000...

Watch on  YouTube

So why is that the US and its allies in the **#AxisOfWar** feel such a moral superiority when in fact they have spent the last **100+ years** installing **Right-Wing dictators** and **overthrowing left-wing governments** all over the globe, and **causing millions of deaths and executions** from their **US-trained death squads** at the **School of the Americas**. In fact when you look at all the wars started since 1945, the majority, a huge 81% has been by the USA.

Now can you not see **how aggrieved Russia must be to have been lied to in such a way**, and for **NATO to keep on pushing that Russian red-line**, using Ukraine as a way to wind up Putin by offering them NATO membership but never actually doing so.

How would Russia know if they would actually follow through on their promises?

Just as **Obama had red lines in Syria**, **Putin has his own red lines**. Why is it okay for the US to set down red lines and then act on them but not Russia?

This US news piece from the HILL has some **nice inserts into it from lectures done years ago**, all saying the same thing.

That if NATO carries on the way it is doing with Ukraine, that country is going to end up wrecked.

Kim Iversen: "Ukraine Will Be Wrecked." OMINOUS Wa...

Watch on YouTube

A very large degree of hypocrisy lies at the middle of the Ukraine crisis and it is the Ukrainian state that is suffering from **NATO and the US toying with it.**

The Maidan coup in 2014 was Obama's fault, Biden was his VP at the time, so right in the middle of it all, and he should feel some responsibility for overthrowing their existing leader and **installing a far-right NAZI in power.**

This was a western puppet who was **only too happy to send neo-NAZI thugs and military off to the East to commit war crimes against the Russian speaking people of the Donbass.** They have been in a civil war for 8 years now. **Not a single home exists in the east of Ukraine which doesn't have a bullet hole or mortar shell hole in it somewhere.** You can read the history that led us to this point in an earlier article of mine > [The Propaganda War Has Started.](#)

Frequent **heavy shelling by the western forces and far-right militias** have seen many towns in the breakaway republics reduced to rubble, with **schools and even kindergartens struck by rockets,** sometimes deliberately, [such as this one in the settlement of Stanytsia Luhanska.](#)

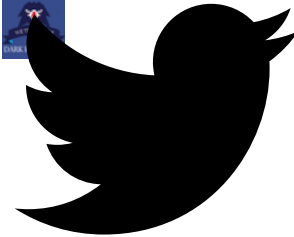

So when Putin says his aim is to **de-NAZIFY the country,** **Ukraine does have a far-right movement,** and its [armed defenders include the Azov battalion, a far-right nationalist militia group](#) which has been named as one of the groups **who have caused many atrocities out in the East of Ukraine.**

This needs to be understood. Just because **the current Ukrainian President is Jewish,** has no relation on [the importance that the NAZI element plays in the country, stretching all the way back to World War II.](#)

[Dark Politricks @darkpoltweeter](#)

Therefore if Ukraine is not going to remove the NAZI element deep in the heart of it then someone needs to.

Putin's solution to the NAZIs on his border, killing Russians in the Donbass, maybe going too far, and he maybe using it as an excuse to justify what he really believes, which is that Ukraine does not have a right to exist as an independent nation apart from Russia.

However, any de-NAZIFICATION has to be good, and despite numerous fantastical stories of Ukrainian fights to the death, or the computer-generated fighter pilot known as the Ghost of Kyiv who apparently shot down 8 Russian planes in one day, his troops have actually been found to be quite restrained in some places during the invasion.

Whereas Ukrainian propaganda like the tale of the men on the Snake Island 13, fighting to their deaths, in reality, the Russian ship, let the 82 (not 13) men board, gave them food and water and dropped them off so they could go home to their families. The Ukrainians even said that if the Russians wanted to bury them they could have but instead they helped them get home safely.

Does that sound like a cold bloodied murdering army on a random killing spree?

This video links a few of the pro-Ukrainian propaganda stories together to dispel them, and as you can see from the links, not only US but UK and European and Ukrainian media outlets all repeated the propaganda hook line and sinker without any actual investigation.

It is the lazy news gathering and then repeating of, that makes us look foolish as well as liars in the face of the world when we keep crying wolf only to find out the wolf actually protected the sheep.

Kim Iversen Debunks FAKE Russia-Ukraine War Videos...

Watch on  YouTube

Now I am not saying that there hasn't been instances where Russian have killed civilians or used illegal munitions, but then so did the USA in their illegal invasion of Iraq, and their literal tearing down of Fallujah using white phosphorus, and uranium tipped arms, which caused a massive spike in birth defects from those affected by the weapons.

Why is it that the USA would never ever allow Russia to put arms, and soldiers on their borders say in Mexico and Canada, but it's okay for them to do the same to Russia?

Shouldn't the same rules apply to all nations of the world?

It shouldn't be a case of what the US and NATO does is right 100% of the time, and what

Russia does is always wrong. We must find some balance here and **the NATO actions of putting weapons in Poland, breaking treaties and claiming the missiles were to stop any attack from Iran, rather than as offensive weapons for targeting Russia was ridiculous,** and probably only increased Putin's paranoia that **NATO was trying to surround him,** which they have.

Russia must be given some guarantees of their safety, and **the west has used Ukraine as a way of forcing Putin's hand.** [He warned many times that arming Ukraine, or letting it join NATO would be a step too far yet we didn't listen to him.](#) This is the result.

I am not saying the result is good, just that we must bear some responsibility for it. As we hurl sanction upon sanction and use words such as ["We are going to crush Russia's economy with Sanctions"](#), we are very close to crossing another of Putin's red lines, attacking him personally.

[Vladimir Putin. has already rolled out the nuclear missiles and put Russia's nuclear deterrent forces on high alert](#) to remind us all that he has more, **and bigger nukes than the USA,** and today Russia's foreign minister [Sergei Lavrov has warned a third World War would be 'nuclear and destructive'.](#)

Do we really want to push the Russians so far into a corner that they feel the only way out is a nuclear war?

I must remind you all that only a few years ago in 2016, [Russia held a massive nuclear attack war exercise involving more than 40 million people and 200,000 emergency services personnel and soldiers](#) during a massive civil defence exercise.

Russia currently has the largest stockpile of nuclear weapons with 8,4000 and a section of its nuclear doctrine allows for use of the weapons if there is a vague suggestion of a threat. **Vladimir Putin has also carried out 2 nuclear attack drills since becoming President again in 2012.** When was the last time a Western nation held such a massive attempt to prepare us for nuclear war?

I also want to remind you of [the "Dead Hand Switch"](#). During the Cold War, **due to fears of a successful first strike from US nuclear submarines Russia created a fail-safe device for their nuclear weapons arsenal to ensure a second-strike capability even if all command and control were to be destroyed.** The system (code-named Dead Hand) utilized seismic, light, radioactivity, and pressure sensors to detect an incoming nuclear attack and retaliate if necessary.

The best part? **The system is almost certainly still operational,** even if the first strike by **NATO** is successful **all Russian ballistic missiles will automatically be fired towards their intended targets leading to world annihilation.**

Let's just hope cooler heads are being used and not the US MIC pushing for a "no fly zone" which would obviously lead to escalation if a US plane shot down a Russian one.

We must realise that **not only has Putin made a drastic mistake in invading Ukraine,** but that **we also hold some responsibility for ignoring all the speeches, talks and declarations Putin had made over the years regarding Russia's red lines which included NO NATO in Ukraine.**

We must be grown up enough to realise that a lot of the world, **including the 2 biggest populations in India and China who refused to condemn Russia at a UN meeting** feel that **the US is being very hypocritical when they go around invading nations** with no realisation that other countries see their acts on the same level as we are now treating Putin and **Russia** for invading Ukraine.

What is security for one nation, must be security for another. We cannot cross other nations red lines and at the same time expect everyone else to never cross our own. **What is good for the goose is good for the gander and two things can be right at the same time.**

1. **Putin shouldn't have invaded Ukraine.** All war should be illegal unless a UN security council resolution allows for it. **We all went to war in WWII to fight NAZISM, Putin claims to want to de-NAZIFY Ukraine. Ukraine admittedly has NAZI groups that have been fighting in the Donbass and a number of war crimes can be attributed to them.**

Whether this is an excuse or not, **Nazis should be cleansed from every country,** however, **Russia invading Ukraine was not the right move.** [The Minsk accords which have been ignored by Ukraine and the West](#) were the path to peace, yet we squandered that approach and now we have this mess on our hands.

2. **NATO and the West have been pushing Putin towards this point with all their meddling in Ukraine,** coups, and [broken promises of joining NATO](#), but still arming them and training them and of course lying to Mikel Gorbachev about **the expansion of NATO which is right up on Russia's front door now. NATO was supposed to be a Cold War alliance, so why does it still exist, if not for Russia?**

Maybe some politicians can be wise enough to see that both of these can be true at the same time, and cool down on the rhetoric of **"destroying Russia through sanctions"**, as that is only going to inflame the one nation I know of that has carried out regular nuclear attack **civil drills with up to 40 million civilians involved.**

Have you had a drill in your country lately? Do you wonder why Russia has had these drills, and if not shouldn't you?

I do hope cool, sensible heads are used in this crisis and Biden doesn't just bend over to the wishes of the MIC, who obviously want a war to make money.

Wars should not be about profiteering from peoples distress. I am just not sure Biden is the leader to do this. I bet Putin has actually waited for a weak leader to get into the US Presidency before doing this attack on Ukraine. I doubt it would have happened under Trump, whatever you may think of him.

The Ukraine Government is to blame for the countless deaths that have occurred NOT RUSSIA. Before the tanks rolled over the UN recognized Boundary lines Russia itself outlined very clearly their intentions and requested that the Ukraine Government surrender first so that no bloodshed would pursue.

Lets explain things another way before 911 the pilots knew they wernt going to be stopped,JFK was a "Sinch" as some stated at the time.

The Russians know through espionage and members of the Ukraine Government and Ukraine Military exactly where the president of Ukraine is AT ALL TIMES.

It would only take 25 SU 57 Bombers and say the same amount of regular fighters to remove the Ukraine President within 2 to 3 hours, they may get say ten planes out of 40 - 50 strike aircraft if they are lucky but to be honest it would end the war completely within a day ONE.

Thermo Bombs are NOT stoppable, The President of Ukraine should surrender within the next 24 hours PERIOD, he and his Government are guilty of the deaths within the Ukraine NOT Russia or Putin .Russia would have only have fired back at the small minority who would have resisted against Ukraine Government orders.

Putin has been called a Kraut and a person who has lost his mind, whilst Wagner Security are fascists and Putin eats off their plate the President of Ukraine and the Ukraine Government are held responsible for Ukraine and Russian deaths PERIOD NOBODY ELSE. It is expected that their are persons that will call for the Ukraine President to be executed or Placed into prison for the entirety of his natural life if captured for his alleged war crimes against the Ukraine and Russian people. If the Ukraine president has any decency left he will surrender and dissolve the Ukraine Government within the next 24 hours, he is undoubtedly at present suffering from some form of Delusional Disorder.

The record must be put straight on the Bellingcat/O Brien allegations.

Its kinda complicated however this morning Wikifreaks issued a statement through Google UK and its gone viral on US servers already!

Bellingcat have been "hit listed" by the Russian Government and categorised as a hostile intelligence agency. When Wikifreaks hacked into their blog pages last year and planted some python coded suggestions, they were very rapidly removed within a couple of weeks or so by Big Chief Joe Elliot himself. We ain't getting into a heated debate about this or why his happy go lucky peace camp suddenly went up in flames so to speak and so far the time being nothing political has been suggested here upon this topic, although other sites are claiming Joe Elliott's intervention was in connection with claims that Russian hackers and Russian serverlets were breaking into Bellingcat oh how dare they Joel soundz like a load of owl Double Dutch Andy to be honest.

The allegations that appeared for a short while on Joe Elliott's personal home page (believe it or not) setup Wikifreaks as key states witness to Dennis O'Brien being personally responsible and aware of his copyright being used by neo fascist organisation Parforce, some may claim this sounds wildly out of limits, unfortunately for Dennis O'Brien though there is enough damaging evidence that proves his own personal involvement that conceivably constitutes probable grounds to induce proceedings, claims and further investigations at some later date.

Lets examine this in terms of Irish Law. The Irish state forbids An Garda Síochána from employing racists, enter Parpoint publishers a company that evolved from Dennis O'Brien's Newspaper that is found on Google explaining that its staff are NUJ life members that have worked for Government agency, the Irish Independent newspaper and the Gardai, and what if Dennis knew all this? well apparently he did and it can be proven quite easily and not only that Parpoint are part of Parforce copyright as acting copyright providers of Irish Independent Newspaper copyright (Oh Dear Dennis) or at seems that way from the copyright control of the neo fascist publication Gorings Biography. In America its known as guilty by association and state prosecutors don't mess about, enough people in Ireland and America are after O'Brien big time for his connections with the Clinton Foundation, so at a guess somebody, somewhere will eventually "kick off" with the published evidence ONE way or the other.

The Wikifreaks listing that appeared this morning on Google can't be whitewashed its on reddit and even if it was taken offline for some reason its been published under Reddit agreement which is deep, so the Irish state and Dennis O'Brien are somewhat swinging off the end of a rope together for not acting on information received as for the Irish Gardai, you know yourself as they say.

The Google article is simply entitled Why has the NUJ not been investigated over racist allegations, its not like O'Brien has tried to sue Wikifreaks and he knows who to pay off, so therefore in law he must answer at some point. We can't see the Gardai or Dennis O'Brien suing and charging Wikifreaks with providing American "state" evidence, oh yeah Buddy Gorings Biography has an index Library reference (so don't be acting da b.... wiv US BIDEN)... the articles can be found at the link below

War, Hypocrisy, Slavic Nations tearing each other apart as NATO makes £\$ on the side

This war is just an exercise in hypocrisy either that or Russia and Ukraine are more like each other than either would like to believe

By Dark Politricks

First off sorry for the lack of articles lately I have had quite severe health problems many of which the NHS is still looking for.

Anyway, I am sad to say **the first article of 2023 is going to be once again about the war in Ukraine**, one in which it is seemingly coming more aware that the slurs labelled against the Russians, being baby raping Orcs, and all that crap, could quite easily be parried back to their **Slavic brothers in Ukraine**. It seems from the evidence they are not as far apart as some would like to think.

What with **all the killing of Russian POWs that the UN doesn't seem concerned about**, despite being filmed and sitting on YouTube for the best part of a year, despite breaking all their Terms of Service and the sending of new, now teenage Ukrainian recruits, **many who were press-ganged into the army** by those rich enough to pay to stay out of it. Men and kids, all doomed to be sent straight to **the front line in Bakmuht**, almost certainly to die.

Bakhmut, the front line city, where new recruits **have an expected life expectancy of only 4 hours**, now that Russian and Wagner forces control all sides of the town and where there is now only one road now that the Ukrainians could evacuate from.

However, from recent speeches from the Ukrainian commander-in-chief, **President Zelenskyy**, it seems that he is willing to risk losing some of his best troops in **this meat grinder**, to defend this key Donbass town at all costs.

It is also clear from this following video that **Ukrainian recruits are just sitting out the battle, just hiding where they can to escape from the brutality**. You can also witness a Stalinesque style **Ukrainian military force designed to prevent any men from retreating despite facing certain death**.

Just like in the famous film Stalingrad where **retreating soldiers were shot by their own forces**, these Ukrainian soldiers seem to be doing the same thing. **Forcing young recruits with little training and no prospects of winning to go back to the front line and face their doom**, or face certain death by a shot to the head.

These are not too dissimilar from Soviet tactics and certainly one that makes the Ukrainians seem not much different and certainly as uncaring about their soldiers lives, than those people parroting the same lines about the invading Russians. Something that you will also see in the following video, a shot of a field covered in Wagner forces' dead bodies.

These were soldiers, or most likely **conscripted Wagner prisoners**, promised their freedom if they fought, sent across minefields to **"just see what was ahead"**. Orders from sick officers who probably laughed as they watched their own men die needlessly, **just to create a safe passage for themselves and other forces, across a field strewn with mines**.

ZELENSKY, Have Pity For Your Men in BAKHMUT

Watch on  YouTube

However, the retreat from Bakhmut all depends on Zelenskyy and whether he wants the cream of his army destroyed or sent to Siberia, rather than live to fight another day. **From the videos coming out from the front lines on Telegram from Ukrainian soldiers, it is clear that they don't hold him in high regard.**

With little supplies, equipment, and weaponry, these soldiers are stuck in wet soggy trenches **catching pneumonia which as Col Douglas MacGregor says is being transmitted across the Ukrainian forces by the rotation of men.**

The Ukrainian soldiers are posting videos all across Telegram channels like [T.ME/DKULKO](#) or [T.me/VORPOSTE](#) commenting on the lack of supplies or the position they are faced with, **fighting a population that wants to be Russian as in this video.**

The US General also discusses how **the men in the forces are very disgruntled at Zelenskyy and his fight-at-all-costs demands**, with videos posted of men vowing to come back to Kyiv to kill the ruling regime, I would like to see **the actor and NATO lead role star of their production** sitting in a wet trench being constantly bombarded by Russian shells.

And now the hypocrisy after we have seen how uncaring the Zelenskyy regime has been with their troops, **many grabbed off the streets of Kyiv and press-ganged into the ranks of the Ukrainian army and sent to the front line with little training or ammunition**. We now have real evidence of the Ukrainian army using chemical weapons outfitted on drones and dropped on Russian forces.

Where is the [OPCW](#), we have physical evidence of **Ukrainian soldiers making Cyanide bombs** to be dropped on Russian troops by drones in the trenches?

The Ukrainians laugh as they make these illegal weapons in what looks like a huge clean kitchen just full of deadly chemical. **I wonder if this was one of the germ warfare chemical plants that the US had been running in Ukraine.**

Let's just remember **what happened in Syria when faked barrel bombs were planted in Syrian buildings**. This chemical weapon "attack", was used as a red line crossed, which allowed the OPCW to go in and make a report, **later found to be falsified when whistle-blowers**

came forward, but at the time allowed western forces to bomb Syrian forces.

This makes **Zelenskyy a war criminal by allowing his forces to kill Russian POWS and use chemical weapons on their forces**. Something that was not missed by wise Tweeters who managed to get [#ZelenskyyWarCriminal](#) trending on Twitter the other day.

I can only wonder what would happen if this was the other way round and **these videos were of Wagner or Russian forces sitting there laughing as they made chemical weapons to be used against their enemy**, If you have seen the video of the Russian soldier who had one of these awful bombs dropped on him by a Ukrainian drone then you should be sickened.

Not many men on either side wish to be in battle on the fields of Ukraine, one which Putin recently decried NATO plans, and linked the recent agreement to send tanks to Ukraine, something which was unthinkable last year as a pretext to starting WW3, to the historical battles of World War II. [To once again see German tanks with crosses on their sides cross into the fields of Ukraine](#), is a shocking reminder of how we so soon forget history. Remember some of the biggest battles of the second World War were fought in Ukraine, and [the biggest ever tank battle was fought at Kursk](#), something which Putin denounced at the remembrance day of defeating the German NAZI machine.

And lest you forget, that the Russians see this as another war to defeat NAZISM, let there be no doubt that [the Zelenskyy regime supports the right wing views of Stephan Bandera the NAZI supporting Ukrainian who killed thousands of Jews and Poles](#), and was later killed by the KGB.

Here is a Tweet from a Spanish woman's account where **she witnessed a huge NAZI flag in the middle of a Kyiv shopping centre**, Now if you don't call that supporting fascism and NAZI ideology I don't know what is,

So, if you think the Russian soldiers are Orcs, then I think you need to look at the other side. It is not only blatantly obvious [that the Ukrainians are using illegal chemical weapons](#), and **killing Russian POWS**, both **breaking international treaties** which go unheard by the UN and NATO news propaganda, but they are also still **propagating a fascist ideology based around NAZISM**.

This is the response from a Russian soldier after [seeing the YouTube video](#), allowed despite [breaking all their TOS](#), seeing that is [Russian soldiers being tortured and killed by AZOV sadists](#), something that is now allowed in our western social media. Have we fallen that far?

What level of hypocrisy and debased views of their "heroic leader", **Zelenskyy** will they tolerate and ignore just so that they can get their war with Russia, without using too many of their own men, as it is widely known that [Polish, US, and UK troops are actively fighting in the war against Russia](#) in a war they are losing as this foreign Australian soldier makes clear.

NATO seems to be making up for the lost chance of pitting its forces against the Warsaw Pact during the Cold War by making up for it now. Using Ukrainians to fight the Russians, and pumping weapons into a cauldron will only suffice in **making Ukraine a privatised nation**, a policy already being promised by their useful actor in charge of theatrics at Parliaments around the world.

Also, let us not forget [what I said months ago just after the terrorist attack](#), that the cat is out of the bag now about **the Nordstream pipelines, and how the US blew up billions of dollars**

worth of an allies infrastructure.

I hope the German people now realise that the US is not their friend but a competitor on the economic world stage who will go to any lengths to ensure they remain top dog, and Germany cannot prosper with the help of cheap Russian gas.

INTERVIEW: GONZALO LIRA on the US pipelin...

Watch on  YouTube

After the war, if any of Ukraine remains, it will be an indebted nation to the US and other NATO allies for decades to come. With the prosperous wheat fields, and industrial heartland of the Donbass removed from Ukraine, all the actor Zelenskyy has to offer is to privatise all the nationalised industries that are currently owned by the Ukrainian state to be carved up and privatised and make the already poor civilian in Ukraine suffer more from higher priced services from western companies.

A quote from a company hoping to carve up Ukrainian nationalised industries. Blackrock CEO Fink said after meeting the great Ukrainian hero in December:

"Zelenskyy and Fink agreed Wednesday to "focus in the near term on coordinating the efforts of all potential investors and participants in the reconstruction of our country, channeling investment into the most relevant and impactful sectors of the Ukrainian economy."

That is of course if the Ukrainians can keep Russia from totally overrunning the west of the country taking Kyiv, and installing a pro-Russian President. Hopefully, this would prevent the great planned carve-up of Ukraine. Something that the Russians have already endured under the Yeltsin years, when everything was for sale in Russia, and something the NATO West badly wants to do with Ukraine.

And, lest I blow up your senses with too much information and facts, here is the head of the Mozart Group, Andrew Milburn, created to oppose the Wagner group. He is on video, slightly drunk but then that is good for letting the beans out and here he is confirming that the Ukrainian army is filming and killing and torturing Russian POWs, and breaking Geneva Conventions on war. It's a little teaser you can go look the full interview up yourselves on the video site of your choice.

Watch on  YouTube

Let's see who gets to suffer more in the end. For it seems these two Slavic nations, as cruel as it seems, are, as Putin said in a recent speech, brotherly Slavic nations still, and sadly this war with NATO proves this, with both side's deadly tactics and cruelty. It seems that the two nations are not so far apart after all.

Andrew Dedman MI5 (Found on Bing UK.type Andrew dedman MI5)

MI5 themselves are elusive however over the years become out of touch
being infiltrated and progressively to the far right,some say there
is nothing secret within British Intelligence just where they live
and how much money they get every year other, all else goes

out through the backdoor ...

Andrew Dedman was not a pleasant chap, and a lot of public knowledge about this person is today found openly upon Google and Bing UK search engines as with the information here provided from a blog a few years ago by a hacker known as Grucifer 1.

For the records This person has to be data based as he was a far right wing operative that tampered with data, falsely detained persons, tampered with evidence etc etc. He became to powerful and was actually detained by MI5 so that he could keep track of what he was about. Finally its impossible to work inside of The Economic crime unit in London UK, they only pick the elite of all Police operatives, The Economic crime unit are part of the detective units within MI5 itself, their methods are well beyond the normal scope of the Police.

Do not be concerned with the producers of this article they are owed 5 million dollars for false imprisonment, destruction of property ongoing Human Right Abuse.

Final thought, when the police themselves don't charge or report a Police Officer that tampers with evidence it says just about everything, Hundreds of Police Officers at the time knew this person and today hundreds of thousands of web viewers are aware YET NOBODY NOT SOLICITORS, JUDGES, COURTS, POLICE OFFICERS, POLITICIANS WILL COME FORWARD ABOUT HIS OWN PERSONAL INVOLVEMENT WITH CRIMINAL ISSUES...SOMEWHAT STRANGE....

In 2020, it was Guardian journalist Owen Jones who clearly discovered a book written by Parforce author David Irving apparently belonging to Conservative MP Gove. A video of Gove talking upon a news broadcast showing a bookshelf containing a convicted racist's publication rightfully caused a political stir. Overnight hundreds of web sites flourished with political activity, a call for Gove's removal from office?, it seemingly looked that way....

The name Parforce itself is claimed to be more than politically offensive, blogging articles are often closed down or removed for many different reasons, and the reasoning for explaining the erasing of evidence is that it is a form of political cleansing and when socialists who oppose racism have their web sites pulled down in these circumstances there's grave cause for concern, as with the cracked locks and hacked out security codes that go with it so to speak.

Simply explained there is substantial political evidence that exposes the National Union of Journalists harboring a racist sympathizer who has named his company Par point after convicted Racist David Irving's discredited organization. Further more we are taking this just that little bit further by publicly announcing that both the Irish Gardaí (POLICE) and certain politicians are more than aware of the Reddit allegations made against the NUJ for not yet suspending this former Irish Independent newspaper sub editor. Reddit themselves freely allow these allegations to remain upon their own web server sites

today and the NUJ allegations can be found by typing "wiki freaks" upon various UK internet search engines and that itself is a legal issue.

If Irving himself was to be questioned about Par points appearance in his publications and the NUJ based company being derived from {Par}force and Focal{Point} the two companies that produced, print and sell Goring Biography would you expect a logical explanation?? Or a political narrative! From such a convicted antisemitic racist.

Par point NUJ members appear inside of the Holocaust denial propagandist digital version of Goring Biography, describing it in their own private words as a publication that is a "Good offering". What then does this say about other NUJ members political, religious and moral beliefs ? Including Owen Jones, do you believe they agree that par point NUJ members should be allowed to behave like this?...we don't think so, we don't believe either that the NUJ should endorse its own members in promoting propagandist racist holocaust denial publications that help the Parforce organization ultimately raise funds to pay for their court fines.

In legal terms False representation being that the NUJ themselves by allowing Parforce representatives known as Par point to remain in the NUJ in knowledge that their own members are endorsing and promoting antisemitic racist holocaust denial material is in fact a legal issue.

Goring Biography was used as physical evidence to convict Parforce members of being antisemitic holocaust denial racists and subsequently fined the organization itself over 2 million dollars in the British courts. Irving also received a three-year prison sentence for other Holocaust denial activities.

The NUJ are condemned for harboring Par point(Dennis O'Brien/Clinton Foundation financed?) publishing. (International) legal actions ought to be sought against this organization because of its inability in not recognizing that it is knowingly protecting racist sympathizers that we believe are guilty by association to the above outlined allegations of conspiracy to aid and Abbott outlawed Parforce in the collection of revenue that is conceived to be used to pay British Court Fines in relation to production of amongst other Holocaust denial publications past and ongoing continued sinister and immortal activity at present.

If you are not already watch Redacted every night on Rumble at 9pm GMT - It's also on YouTube but many stories cannot be told due to their TOS on COVID etc despite some of the data and figures quoted on by the anchors are actually now CDC approved or considered "real", that is everyone apart from the big names who controlled the virus outbreak so I just watch on Rumble - Roku has it as a channel if you need access to CatchUp channels, free TV channels like PLUTO and The Roku Channel, YouTube, Casting apps, Netflix, Prime, Apple TV and many other channels attempting to make non smart TVs, Smart.

Well done America - You Voted For What Exactly?

US Election Goes To One Of The 70+ Year Old White Males Used As Front Men For The Real Oligarchs That Run The USA And The World.

By Dark Politricks

The US Election seems to have gone to Joe Biden, the oldest President in US history. He will be 78 in 9 days time on the 20th November. Trump was the previous oldest President at 74.

If you voted and really believe you changed things for the better I hate to dash your optimism but under Biden and the Deep State pulling his strings the US will lurch into more wars in the Middle East, maybe even back Ukraine against Russia, and even ramp things back up in Syria.

However as Biden was elected and he is pinky finger tight with the Chinese Communist Party I guess the actions Trump implemented against the country for undercutting their wages, stealing jobs, currency manipulation and mass incarceration of political figures will be reversed.

I guess however that due to Biden's own 94 Crime Bill, that he is so proud of that incarcerated millions of poor and coloured people for minor drug offences, whilst letting people like his son off on a freebie. The biggest Prison Population country in the world - the USA, with 660 people in jail per 100,000 will continue.

China isn't even on the list of the countries with the biggest prison population by capita over at www.statista.com. It seems to be the US at the top and then a list of countries in their sphere of influence, if you can narrow that area down at all.

Just forget that he is a senile old man that was talking to crowd members on rallies as if they were dead relatives and that he will probably die in office giving the position of most pretend powerful person in the world to the first woman of colour Kamala Harris. A lawyer who was only too happy to follow Biden's lead by locking millions of Californians up in privatisted prisons, basically slave labour for the big corporations to exploit.

No sign of a mass release from incarceration for all those people in jail for marijuana possession in states that have now legalised it though.

You would have thought that could have been the least they could have done for those suffering

on a 3rd strike life sentence for minor drug felonies that lawyers and TV presenters can now smoke in public without fear of arrest.

What did you actually vote for when you put that X next to Biden & Harris's name on your ballot paper?

It certainly wasn't for any of the following:

- Peace, **I expect wars to be started and aggression based on fake news accusing Russia of meddling in their election process again** by posting nasty memes on Facebook to be instigated by the MIC. The POTUS will obviously agree, he has never seen a war he didn't like and vote for.
- Health Care for the poor and under insured. Have a pre-existing condition, well Medicare isn't rolled out for all and **Obamacare is a plaster and give away to big pharma at best**. The **COVID19 pandemic** has enriched the insurance industries coffers and any **vaccine that is rolled out** and maybe even forcibly injected into concerned citizens will only help make their bottom line quite nice indeed.
- Education, and lower fee's for those wanting to go to University and not leave with a Mortgage size debt on their heads. All the US would have to do is **close down a few hundred of the 600+ military bases** they have all over the world in their Military Empire. Think the US isn't an Empire? Well why does **nearly every Western European country and many Eastern nations have US military bases** on their land. The 2nd World War is over. **Germany doesn't need US bases to spy on their own Chancellor** and government. It has already been proven that **if Russia wanted to invade Europe they would wipe us out within a few hours**. Nothing the US has in Europe would stop the feet and missiles of the Russian's if they did indeed want war. Not that they do, the US likes to pretend they do, but they are only reacting to **the US pulling out of weapon treaties and surrounding their country with base after base**. Russia has been invaded from the West 3 times in the last couple of centuries. You must forgive them for being a bit paranoid when they see **NATO breaking pledges made when the Berlin wall fell** to "not move a single inch closer to Russia".
- **End the pointless drug war**. Some ballots in states legalised Weed, others like **Oregon have made possession of small amounts of Heroin, Cocaine and Methamphetamine punishable not by forced labour in a privatised prison but by a fine**. The profits from the growing weed industry will be used to create drug rehab centres to help those caught up in the cycle of drugs that the US government itself engaged in importing and helping spread across the country. From the creation of the CIA, to the Golden Triangle, Iran Contra and Afghanistan **the US Deep State has always used money from drugs to fund their "Off Book" activities**.
- Actual real governance by the people. **The refusal of Trump to leave office has made Bill Maher look like a prophet** and the ridiculous nature of US elections where the people "selected" to become members of Congress and the Senate is up to the State and not any kind of popular vote is plainly **undemocratic**. The nature of the **Electoral Collage** is antiquated and should be removed. Jimmy Dore showed a FOX map of where the key areas of the US electoral campaigns are fought and it didn't contain any Western or Eastern coastal cities like LA, San Fransisco, New York, Miami, Philadelphia etc. There are only a **few key swing states that matter in Presidential elections** and they are usually in less populated areas mid country. It's why we always hear about the decision of **Ohio**, a state not normally mentioned in the news much at all apart from Presidential elections. Why the US can't have an national electoral register like the UK, which would prevent ballots going missing, fake ballots being sent in and duplicate voting I don't know. Surely the US wants to know who is inside their borders anyway and give those people a chance to vote. A national electoral register would stop Republicans wiping thousands of names off in red states, and prevent the "fraudulent" voting that Trump is clinging tight to in a vain hope of staying in power.

Well I am sure there are many things not mentioned that are going to occur in the next 4 and maybe 8 years of **a senile old racist war mongers stay in office**, however long or short it is. However we can be sure that **the fat cats in Wall St, the lobbyists from AIPAC and the MIC** will be throwing money into politicians pockets to get their way.

Also we are entering uncharted territory now with **the Silicon Valley Nexus of influence being able to swing elections one way or another**. No it's not by Russian meme's showing Bernie Sanders in LGBT colours but **Google, YouTube and Facebook denying people the right to information that would inform them of their decision when voting** that swings elections now. **The Democrats tried to portray the Biden laptop scandal as a Russian plot**, even saying that if true they should still just treat it as if it was a Russia dis-info campaign. How mad is that?

When **Google and Facebook can sway an election by using their complex algorithms** to only show you one kind of news and discussion about a candidate and **YouTube just removes any video that mentions certain people's names or scandals** then it's time these companies are broken up. They are a monopoly and when we have massive monopolies like Amazon, with

Who are we standing with when we stand with Ukraine?

Ukrainian Exploits and Attacks in Russia could lead to Nuclear War

By Dark Politricks

At the beginning of the **Russian invasion of Ukraine**, it seemed that some sense prevailed among Western leaders not to engage fully in the war encase that it led to a full-blown **NATO v Russian World War 3** scenario.

However as the war progressed, and as "**battlefield**" experts kept claiming that Russia was on the defence. That their masterplan to storm and take Kyiv with a force at least an eighth of the size needed for the job of taking and controlling a city of millions had been halted, the rhetoric increased wildly, and "**preventing World War 3**", became "**Making Money From Flooding Ukraine With Weapons**".

There was of course **Ukrainian propaganda** showing disillusioned **Russian POWs ringing their Mums** whilst being filmed (*a breach of the Geneva war treaty*), and saying they didn't even know they were in Ukraine or had been misled and misfed, however, what would you say to your enemy when captured and not wanting to die on film?

It is no lie that **some scared Russian generals had lied to Putin saying that they would be welcomed in every town they passed on the way to Kyiv**, and they were quick to be dispatched and replaced by men who could get the job done seeing that **the Zelenskyy government did not just fall at the sight of a 40 mile line of tanks outside its capital**.

However, this massive force did do its part in "**shaping the battlefield**" by **keeping a large proportion of the Ukrainian army in the west to defend the capital whilst their main objectives in the East were carried out**. So sorry to say to the armchair generals, **many on the boards of MIC companies who are making money from prolonging this war**, that this was in no way a sign that the Ukrainians were "winning".

To remind those people who think the aim of the invasion was just to invade Kyiv, the initial declared objectives were:

1. **Defend and take back the breakaway Russian-speaking parts of the Donbass, Donetsk and Lugansk who had signed a military cooperation treaties with Russia** as it was clear Ukrainian forces were encircling their areas, as well as on the way to take back Crimea who had already broken away from Ukraine years ago.
2. **De-Nazify the Ukrainian military who had encompassed the AZOV Militia into the main army as a brigade** and who were the main instigators of the many atrocities and massacres that had occurred during the last 8 years of fighting in the Donbass region.
3. **De-militarise Ukraine** so that its **NATO trained army** was no longer a force to be reckoned with.
4. **Ensure Ukraine did NOT join NATO** as was being touted by the Western "Defensive" Organisation.

As I have detailed in past articles, the lies that Russia was told about **NATO not moving an inch toward Russia's borders since the fall of the Berlin Wall**, and their desire to fight Russia in some way have long been known. **Russia is vilified by the US Press at every election** for supposed interfering **as if the US never interferes in other country's elections**, all despite proof coming out that this was just an excuse Hillary Clinton made up due to her loss to an orange-faced game show host.

The debunked **#Russiagate scandal** was **literally a made-up invention by Hillary's team on election night**, and **recent court cases showing her involvement in propagating the lies** with other Clinton-linked insiders have been leaking day by day.

However, despite **Russia being the target of lies to cover Hillary Clinton's Presidential loss**, the massive **Russophobia** that the US clearly had after these lies was not the cause of this current anti-Russian sentiment. The Afghan war was over, **the MIC was looking for a new enemy to make money from**, and **Russia has always been a historical target of the US &**

UK, and now they have dragged the EU, which up until recently had good relationships with Russia, especially Germany, into their sanction misfire.

As well as causing massive economic issues, and ignoring [the Minsk accords which was a European solution to the Ukrainian Donbass separatist civil war](#), the US far away from their wars, as usual, has decided to use Ukraine as their next battlefield to **"make Russia so weak it can't invade another country again"**, as said recently by Defense Secretary Lloyd Austin.

The immediate rash of mad sanctions which have in fact hurt Europe more than Russia was an ill-thought-out tactic and as [Russia starts turning the gas pipes off to Poland and Bulgaria](#) (who are forced to buy more expensive [Russian Gas through Germany](#)) has just caused high inflation, food shortages, and high energy costs in the west.

As you can see from this graph of [inflation for the month of March in the EU \(7.8%\)](#), it ranges from a high of 15.6% in Lithuania to 4.5% in Malta. The UK which is not in the EU, [currently has the highest rate of inflation in 30 years, between 8-10% depending on who you listen to](#), and an average 54% increase in energy has not even been calculated yet or the cost of Gazprom's higher-priced gas, the inflation rate is set to sore into double figures by summer.

So whilst the plan of the sanctions was **to crush the Russian economy and hopefully cause an uprising and overthrow of Putin's regime**, it has in fact strengthened him and the rouble as the Russian people clearly see that their politician's rhetoric about the West hating Russia, is in fact, very true. **This has given Putin carte blanche to go full ahead in his war with Ukraine as the Russian people now realise how Russophobic the west really is.**

So as **Russia forces EU countries to pay for their gas in roubles not dollars or Euro's**, and whilst the EU and US are staggering into a recession, Russia is booming, with a massive surplus of roubles, and has started what looks like **the destruction of the Petrodollars reign as currency supreme** as they join the two most populous countries in the world, China and India in economic treaties, **selling gas to allies on the cheap and cutting it off to European countries** who refuse to inflate the value of the rouble by paying for the gas they want in their own currency.

This is all despite the **USA warning China of sanctions**, and threats to India which have been ignored making the US look weak. However, they are perfectly happy [with overthrowing governments like Imran Khan's in Pakistan for daring to ally with China, Russia, and Iran and supporting Palestine](#). In fact when the media speaks of international outrage at Russia's invasion they can only really count on **the members of NATO and those few countries like Pakistan**, which they control from afar.

People seem to forget that Russia actually has allies in this battle, and whilst up until the war, [the west was still criticising Ukraine for its rampant corruption and the far-right element who seems to control the President, Zelenskyy](#). The **neo-NAZI element in Ukraine is a despicable problem**, and during the last month, they have been causing atrocities that the West has been ignoring all whilst **parroting lies about mass graves, massacres, and Russian attacks on Schools and Hospitals**.

This is a right-wing element who brags on Telegram, whilst laughing at Western media who likes to skip over the NAZI part, **as they brag about being NAZI's, showing off tattoos of Swastikas on their backs like in the next video**, and they have all been trained by NATO forces to do the dirty fighting that includes using human shields placed in **hospital maternity wards and schools**. They placed big guns, tanks, and other heavy arms on the roofs and on

the bottom floors, all with kidnapped Ukrainian human shields in the middle of the buildings.

Of course, they ensured their own cars were moved from the area before they exploded bombs in the buildings and then claimed **Russia had bombed these hospitals and schools from the air**. The following [video from Redacted](#) have inserts from Tel-SUR, an AZOV soldier bragging about being a NAZI, and debunks the mass grave story which was doing the rounds lately.

So these NAZI's have no qualms about killing other Ukrainians all to blame on Russia, which of course the Western media just repeats as gospel without even a question raised. If it wasn't for the brave journalists on the ground like [Patrick Lancaster who has been reporting on the truth of the war in the Donbass for the last 8 years](#), then many people would be none the wiser about the truth of the civil war that has been raging in east Ukraine for the last 8 years.

Here is a report I doubt any of you would have heard due to the West disbelieving anything that shows [Ukrainian war crimes](#) or paints **their war with Russia in a bad light**, even when the **AZOV NAZI brigade kills Ukrainians and use them as human shields** as detailed in Patricks video.

The fact that **it is actually a proxy war** being run by **the US and NATO members** from the western parts of Ukraine, which they seem to be able to enter and leave by whim, is a fact left out of many people's news on **Ukraine's fight with Russia**.

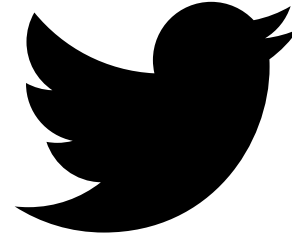

Whilst many people believe that they are standing with a proud Ukraine, led by the actor Zelenskyy, who has done nothing to deserve the Russian invasion and wants to win the war with Russia. **It is actually the west, NATO, the US, and UK, who are directing the Ukrainian forces from their bases on the edges of the country.** A fact that has not gone amiss by Putin and one that has been broadcast many times, for anyone who wants to know the full truth about the invasion.

This is just one report from a French journalist who went to Ukraine only to find out it was a war being run by NATO and the US, not Ukraine.

French Reporter: "The Americans Are In Charge!"

Watch on  YouTube

So when you virtue signal to the world by pinning a Ukrainian flag to your Twitter profile or other social media site, what is it that you are actually standing for?

Does it mean to fight Russia to the last Ukrainian, as NATO seems to want, not caring about the civilians caught up in the war or the trapped soldiers with no supplies coming that are told to fight to the death?

Does it mean to pour more and more heavy weaponry into the country, [despite the US not knowing where or even caring where it ends up](#). From one analysis, only 10% of all western arms are getting anywhere near the battlefields as Russian intelligence seems able to blow up most incoming western arms, as well as foreign legion training centres. They also blow up the railroads that would be needed to allow the transport of these arms eastwards where they are actually needed.

The other day on [Ukrainian TV it was reported that Russia had hit a "hangar full of European and US weapons"](#). Putin also claimed that **"all objectives will be met"** as he warns of **"lightning fast"** retaliation against any country that interferes.

Also, recently, Russia warned the UK of an immediate and "proportional response" if it continues direct provocation of Ukraine and **warned of the likelihood of nuclear war if NATO members continue to interfere in the war**.

Also, [a former head of the Polish army has accused Boris Johnson](#) of **"tempting evil"** by revealing that **Ukrainian soldiers were being trained in Poland in how to use British anti-aircraft missiles** before returning with them to Ukraine. Gen Waldemar Skrzypczak, also a former junior defence minister, complained that **a loose-lipped prime minister had revealed too much to the Russians** and that his remarks risked the safety of the soldiers involved.

Russia warns UK of immediate 'proportional resp...

Watch on  YouTube

So more money and western weaponry go down the Ukrainian drain, and we are stupid to think that the **Russians would not be able to detect and destroy any heavy weapons** we try to smuggle into the country.

The western meddling by sending [SAS saboteurs into Lviv, Ukraine](#), and **NATO, who is really running the show, commanding Ukrainian attacks into Russia and the war in general**. All this is only making the day that a proxy war in which we are indebting Ukraine for decades to western banks whilst [filling the coffers of the MIC](#), turns into a full-blown war with Russia closer and closer.

As RT is banned in most places, I have screenshotted their latest headline piece which **warns of a nuclear conflict if we continue to fight Russia through Ukraine**.

So does standing with Ukraine mean allowing ourselves to be turned into shadows on the pavement due to our political leader's long-held desire to fight Russia?

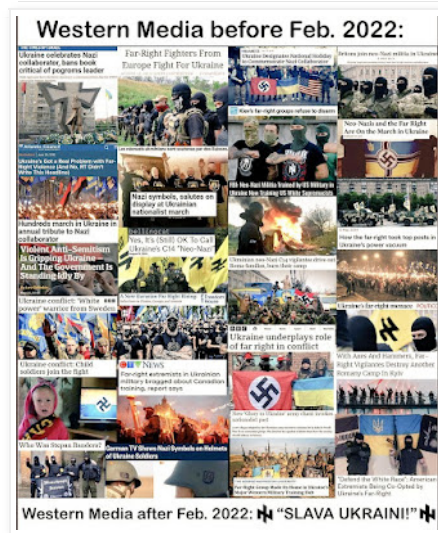

Their new **Satan2 missile** has already been shown off to warn us that they can hit us anywhere on earth, **defeating any anti-missile defences**, and **turn a small country like the UK into atomic dust instantly**.

Russia test fires HUGE nuclear missile called 'S...

Watch on YouTube

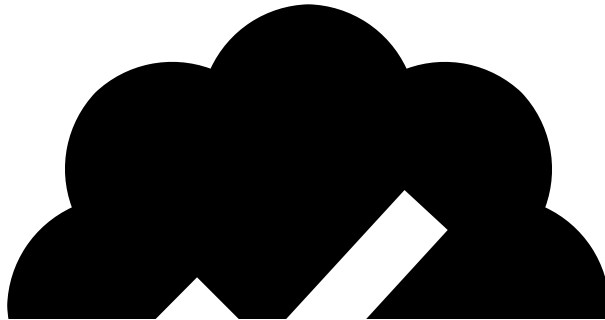

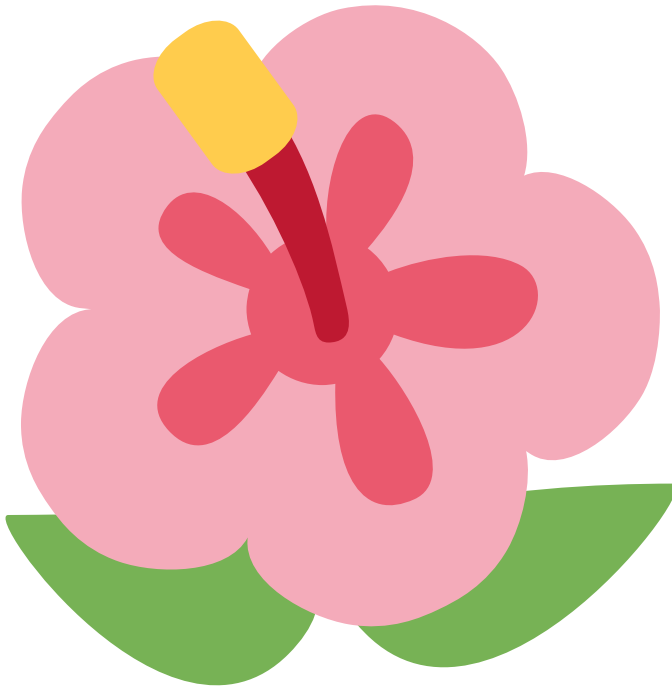

So does standing with Ukraine mean to stand with the **AZOV NAZI brigade**, a term that was all over Western media before the war, but now excuses are made for their views, despite training videos of them all over social media appearing with **NAZI symbols on their coats as they get trained by western forces**.

Or does it mean to stand with a definitely non-democratic society as Ukraine plainly is?

A corrupt political society that has been **infected with racist ideology** to the point that **even the Jewish President is following the orders of Right-Wing, anti-semites**, as he **bans all other political parties**, **imprisons political leaders**, **prevents free speech**, and **denies Russian speakers in the East basic human rights**. Even, ex Presidential candidate and serving US Army medic **Tulsi Gabbard** tweeted recently the following.

Tulsi Gabbard

The usual solid **US allies in Israel** are also not happy with the **US support of Ukrainian NAZI's** who the world went to war to stop in the 30's and 40's as **the US lifts bans on funding neo-NAZI Ukrainian groups.**

[As the Jerusalem Post said in a recent article:](#)

"Last June, Congress passed a resolution intended to **block American military funding for Ukraine from being used to provide training or weaponry for the Azov Battalion**, an independent unit that had been integrated into the former Soviet Republic's national guard and was taking part in operations against Russian- backed rebels."

"Called a **"neo-Nazi paramilitary militia"** by Congressmen John Conyers Jr. and Ted Yoho, who co-sponsored the bipartisan amendment, the battalion has been a source of controversy since its inception. **However, Congress is reported to have recently repealed its ban on a Ukrainian militia accused of being neo-Nazi, opening the way for American military assistance.**"

So does **"Standing with Ukraine"** mean to stand with **an army full of NAZI's being commanded by US and NATO from the shadows**, who [commit war crimes on video such as the killing of Russian POWS](#).

Or does it mean to stand with the **"National Police" (ex AZOV Battalion members)**, who publicly announced a **"cleansing"** of the town of **Bucha**, in which bodies left on the street for a supposed two weeks were not mentioned when the town was reclaimed but then days later when the Russians had long left the town, **seemingly freshly killed bodies appeared in videos on social media with claims of war crimes being laid at Russia's feet**.

All the bodies had **white bands on**, either **tying their hands behind them or on their arms**, some with Russian aid packages by their sides, **both clear signs of retribution against Russian sympathisers who took aid from the Russian forces**. This was [a false flag attack that only Ukraine gained anything from](#) and in which Russian denials are heard by no-one.

Now that [this and other war crimes blamed on Russia were debunked by video](#), and the **killings of POWS were allowed onto social media**, the **"Democratic Ukraine"** we stand with, has made it illegal to film Russian attacks, lest they be debunked by online sleuths. One such debunking was done at the location of **a missile attack at the Kramatorsk train station**.

From one source:

"The relationship of the booster when it came to earth, when assessed to the impact zone of the cluster munitions, provides a reverse azimuth which, even when factoring in a generous margin of error for potential drift, points to territory that was under the exclusive control of the Ukrainian government, which means that there is little doubt that **the missile that struck the Kramatorsk train station was fired by a launcher under the operational control of the 19th Missile Brigade, Ukraine's only Tochka-U-equipped unit**..... a forensic evaluation of the missile debris clearly shows that **it was launched by the 19th Ukrainian Missile Brigade, based near Dobropolia, some 45 kilometres from Kramatorsk**."

Of course, this is [denied by Bellingcat that well known source of US/UK intelligence disinformation, who aided extremists in Syria and specialises in Russian attack pieces](#).

This is a source that must be overlooked, just like **the BBC, UK State TV** if ever a news organisation was if we are also expected to overlook other supposed "biased" sources such as Russia Today.

So does "Standing with Ukraine" mean standing with the journalists who dare speak out about Ukrainian crimes and then just disappear or turn up dead?

Just recently one journalist, [Gonzalo Lira, disappeared for a week, only to return without his computer or phone, not allowed to tell anyone what had happened but insinuating that he was being investigated for something](#), and maybe even [tried in a AZOV court](#) for speaking about what he saw on the ground in Ukraine? He follows a **long line of journalists who have gone missing in Ukraine** and are presumed dead for reporting uncomfortable truths.

So why are we standing with Ukraine?

Well as the US Pentagon is only too happy to admit, **it is to give Russia such a bloody nose and to kill as many Russians as possible**.

Here are just a few quotes:

On 24 February, **during a White House press conference on the first day of Russia's invasion**, Biden said sanctions are designed not to prevent invasion but to punish Russia after invading **"...so the people of Russia know what he has brought on them. That is what this is all about."**, this is despite of course the obvious fact by high inflation numbers and increasing heating costs [that Europe is paying a high price to "punish Putin"](#).

On 27 February, James Heappey, UK Minister for the Armed Forces, wrote in the Daily Telegraph: **"His failure must be complete; Ukrainian sovereignty must be restored, and the Russian people empowered to see how little he cares for them. In showing them that, Putin's days as President will surely be numbered... He'll lose power and he won't get to choose his successor."**

Finally, on 1 March, Boris Johnson's spokesperson said the sanctions on Russia **"we are introducing, that large parts of the world are introducing, are to bring down the Putin regime."**

So whilst anybody can sympathise with the displaced and killed Ukrainians who had nothing to do with Putin's invasion. It is totally stupid to believe that the act of invading Ukraine was totally irrational to anybody but those still **sucking the teat of US/UK mainstream media.**

The war began after **the US-led Maiden coup in 2014**, and **the people of Donbass have been fighting a civil war for their rights ever since.**

[This article by Retired Swiss Military-Intelligence Officer, Jacques Baud](#), gives some context to those who think the war only started a month and a bit ago.

Here is an extract:

"The referendums conducted by the two self-proclaimed **Republics of Donetsk and Lugansk** in May 2014, **were not referendums of "independence"** (независимость), as some unscrupulous journalists have claimed, but **referendums of "self-determination" or "autonomy"** (самостоятельность). The qualifier "pro-Russian" suggests that Russia was a party to the conflict, which was not the case, and the term **"Russian speakers" would have been more honest.** Moreover, **these referendums were conducted against the advice of Vladimir Putin."**

"In fact, these Republics **were not seeking to separate from Ukraine**, but to have a status of autonomy, **guaranteeing them the use of the Russian language as an official language** — because the first legislative act of the new government resulting from the American-sponsored overthrow of [the democratically-elected] President Yanukovich, was **the abolition, on February 23, 2014, of the Kivalov-Kolesnichenko law of 2012 that made Russian an official language in Ukraine.** A bit like if German putschists decided that French and Italian would no longer be official languages in Switzerland."

"This decision caused a storm in the Russian-speaking population. **The result was fierce repression against the Russian-speaking regions** (Odessa, Dnepropetrovsk, Kharkov, Lugansk and Donetsk) which **was carried out beginning in February 2014 and led to a militarization of the situation and some horrific massacres of the Russian population (in Odessa and Mariupol, the most notable)....."** [read the rest of the article here.](#)

Now if you want to **"Stand with Ukraine"**, then really you should qualify what you mean. I stand with the Ukrainian people who have been displaced and killed by the war, **but I also stand with the Ukrainians in the Donbass region** who have been discriminated against, massacred, and **attacked by the NAZI element in the Ukrainian army** that many like to overlook when it comes to this war.

I don't stand with Putin, but I **stand with the poor people of Ukraine who will be indebted to US and international banks like the IMF for decades to come** for all the weapons poured into the country, only to be mostly destroyed on delivery by the Russians.

If you think **war debt is nothing to worry about** just realise that [it was only under Gordon Brown's rule as Prime Minister of the UK, that we paid back in full the debt we owed to the USA for "help" during World War II.](#)

Of course, **the most powerful country on earth is only too happy to help anyone out in a war**, especially against an enemy of their own, even more so if it means that their **own weapons companies get paid, and countries are indebted for decades due to their "help"**.

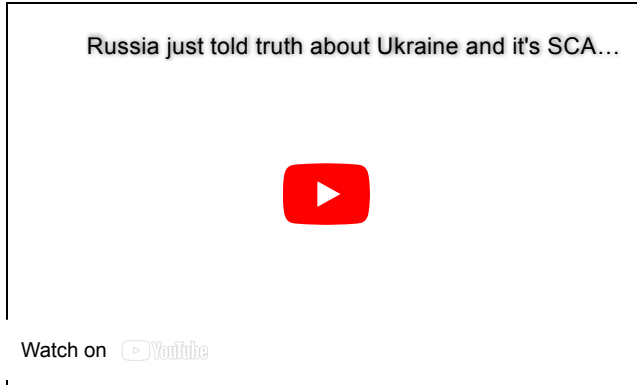

However, I think that we are getting too near the edge of what can be considered acceptable help for Ukraine when [their soldiers are stuck in Mariupol, told not to surrender and to fight to their deaths, as no help, weapons, or food comes, and Russian shells rain down on them](#)

mercilessly.

I don't want to be involved in the **West's proxy war with Russia**, where they want to fight to the last Ukrainian, not helping those **left to rot in the Azovstal factories**, as **US and UK politicians debate their next attack on Russia**.

If it was left to Ukraine, with no western interference, then **the peace talks which the Russians started at the same time as their invasion would have concluded by now** and there would be some sort of settlement. **It is the west who is continuing the slaughter in Ukraine and no one should be in doubt of this fact.**

I leave you with this video from [the Redacted YouTube channel](#) about the likelihood of this **proxy war turning hot as the MIC makes a mint from the selling of weapons to Ukraine**.

Please leave a comment and explain what you mean when you say that "You Stand With Ukraine".

I stand with the people of Ukraine but not the Western war mongers who are making this war go on and on with false hopes given to Ukraine that they can actually still win against Russia.

I stand with any country who can give NATO/WEST a bloody nose, whether it Russia or China, the bullies in the playground have gotten away with rampaging over the globe invading countries illegally just as they claim Russia did with Ukraine, where were the sanctions on G W Bush & Tony Blair & country when they invaded Iraq? Not saying China and Russia are better & both have terrible human rights issues in their own countries but it is nice to see the US send billions of arms into Ukraine only for a Russian missile to blow the whole lot up as it sits in a warehouse waiting to be distributed to NAZIs and the Ukrainian army that put up with them, If Zelenskyy gave 2 shits about his people he would tell NATO to F OFF and sit down for peace talks whilst he still can, I am just waiting for the day that those Right Sektor "bodyguards" of his turn on him and put a bullet in his head for daring to suggest such an idea. With all those western weapons floating around Russia will either have to take over the whole of Ukraine or destroy them all as they will just end up in the hands of Right wing militias that will probably turn whats left of Ukraine into a narco state like Kosovo turned out, and a heavy armed drug dealing, weapon / human smuggling centre right on the edge of Europe to get all those girls from the east into brothels in Paris and Soho and Amsterdam. It will be a messed up country, and a well armed gangster run one as well.

A requirement for the Irish NUJ to be investigated is most certainly an obvious consideration.

W.W.V No. 4536737

W.W.V 16458825

The International work agency Linkenden is where a publishing company known as Parpoint officially surfaced advertising its services to both the general public and other companies a like.Private investigators recognized and matched photographs from employment profile records with persons that appeared named in archived press photos of NUJ meetings.Basically it turned out that a Parpoint member was positively identified as a former Sub Editor of the Irish Independent Newspaper.

An allegation that Parpoint willingly supplied known discredited racist publishing outlets with their own antisemitic copyrighted material appeared some time ago in Bellingcat "comments" submissions,Bellingcat of course being internationally recognized through out the world for their investigative journalism.

The legal aspects of the National Union of Journalists itself allowing Parpoint members to remain within the NUJ in these circumstances is of great concern.

The Digital edition of the book known as Gorings Biography was written by a convicted racist and member of the organization Parforce and the publication distributed by Focal Point .

In law mens rea allows a party of a court case to make an accusation that a person(s) or organization carried out an operation or criminal act knowingly and in doing so has committed a criminal offense,therefore as Parpoint themselves provide written content to the digital publication Gorings Biography there are seemingly logical grounds to request an investigation to establish the publishing connections between : Parpoint and Parforce Focal Point.

Gorings Biography was used as evidence in a court case to gain conviction,the Judge deciding that Parforce members where antisemitic racists that where guilty of producing Holocaust denial material subsequently fining Parforce millions of Dollars.Parforce members later went on to receive a 3 year prison sentence for other racist offenses based on Holocaust denial.

There is therefore no legal justification for the NUJ to allow the Linkenden advertised Parpoint members to remain any longer within their organization and to such ends Linkenden themselves have been provided with this legal evidence and advice accordingly.

Gorings Biography Dennis O Briens Folly and the sale of the Irish Independent.

Dennis O Brien sold the Irish Independent newspaper for peanuts,hes worth over 6 Billion does this make sense?? it was the Independent that made him as they say.We are allowed to put forward ideas and so as follows.The emails that brought down H.Clintons attempt to win the election were given to craig Murray in a wooded area outside of Washington,Wikifreakz claim that he got over to the states (being banned by the authorities) because double agents in MI6 working for Putin smuggled him in...well anyway would you pick up Clintons emails after all those Wacko murders...Craig had protection.
Dennis O brien is a very close friend of Bill Clinton and so it goes Over the years the CIA basically got him contracts.In the Book Clinton Cash O Brien is exposed giving hundreds of thousands of dollars in back handers to Bill clinton...go check it out for yourselves.Wikifreakz have also accused O Brien as working for the CIA
the Cubans didnt allow him to run an under water cable system into Cuba allegedly according to freaks because of his connections with Clinton.So then the Irish Independent newspaper owned the copyright found inside of todays digital version of the book GORINGS BIOGRAPHY see where this is leading to
O Brien knows that he is responsible for his paper working with the neo fascist organization parforce in allowing them to use his copyright!!!! with all his money even today he has never sued Parforce.
.Gorings biography was used as evidence in a court case decades ago as evidence to convict neo fascist members of Parforce,Parforce being the racist outletthat Owen exposed on facebook when MP Gove was found with a Parforce book
PEOPLE WAKE UP !!!!!

When MP Gove was exposed thousands of blogs and web sites setup about ownership of a Parforce publication.
Parpoint publishing named itself after Parforce and Focal Point from allegedly the Blood and Honour of the two companies and are are found in Gorings biography digital version describing in the introduction the book as being a "good offering" a completely mindless and sinister antisemitic pro racist statement the owner of Parpoint is a close associate of Dennis O brien a former sub editor of the Irish Independent.The Irish NUJ still havent removed Parpoint members from the NUJ at least the linkedin parpoint media service site still seems to be active advertising NUJ members ...now we could say alot more here but we would get ourselves into more trouble...however in terms of politics its very concerning.Were very suprised RTE and the papers havent exposed the Dennis O brien involvement.
at the end of the day if O Brien cant be bothered spending a million dollars on suing Parforce for use of his copyright.
